

The Siemens logo is displayed in white, bold, sans-serif capital letters in the top right corner of the advertisement. The background of the entire top section is a photograph of a food and beverage processing plant, featuring large stainless steel tanks, complex piping, and a worker in a white uniform and cap. Overlaid on the image are various yellow technical diagrams, including P&ID (Process and Instrumentation Diagram) symbols like tanks, valves, and flow lines, along with numerical data points such as 'D-103', 'A M I', '-12345.67', and '123.4'.

SIEMENS

FOOD AND BEVERAGE FINANCE

Machinery & Technology Finance

An affordable way to benefit from the use of the latest food and beverage technology
siemens.com/food-and-beverage-finance

Pay as you use new machinery and technology

Existing credit lines remain untouched

Simple and easy to use

Start using innovative technology today

From greater flexibility to increased productivity, getting access to the latest technology designed specifically for food and beverage industry will add value to your business. With Machinery & Technology Finance from Siemens, you can choose the latest machinery and technology based on your business needs, not your capital budget, and get the benefits of using it fast.

Smart finance

With affordable financing payments made over time, Machinery & Technology Finance makes budgeting easier. You get all the benefits of use of the machinery and technology, while the assets in effect pay for themselves over time – all without using your capital or existing credit lines.

A trusted partner

With our unique food and beverage industry knowledge, at Siemens we understand the needs of manufacturers to stay competitive and keep pace with the latest technology. Working as your finance provider, we'll make it easier for you to access the technological innovations your business needs, and help you to achieve your business goals.

Use the latest technological innovations with Machinery & Technology Finance

How Machinery & Technology Finance works

1. Choose the technology you need

You select the latest technology your business needs. We'll tailor an affordable financing plan with payments over time.

2. Supplier delivers technology

The supplier delivers your technology, and Siemens Financial Services pays the supplier.

3. Make affordable payments

You make simple monthly or quarterly payments to Siemens Financial Services over time.

4. Upgrade or add on

If your needs change, we'll help you adapt your finance plan to fit.

With the help of Siemens Financial Services, we have acquired printing and bundling machines, which fully computerized and automated state of the art machineries. These recently added machines have increased our quality and quantity output in the packaging unit. Prompt and timely service by Siemens Financial Services' team is highly appreciated.

R Vijayaraman, Director Finance & Operations, Nithya Packaging, India

Unlock new flexibility

Increase the options available and choose the very best machinery and technology for your business. Our clear, simple finance solutions enable you to pay for using the latest technological innovations over time, without investing capital or using other credit lines.

A tailored agreement

Unlike traditional finance providers, as part of Siemens, we understand the challenges faced by food and beverage industry first-hand. That's why every aspect of your Machinery & Technology Finance is tailored to your needs.

Making finance simple

We combine financial expertise with unique food and beverage industry knowledge, and a focus on keeping things simple. From a straightforward approval process, to paperwork and support to make things easier, we'll look after you at every step of the way.

Getting started

Arranging your Machinery & Technology Finance is simple. Get in touch via your Siemens representative or speak direct with our Food and Beverage Industry Finance team. We'll guide you through the process and how to apply – whether you're an existing Siemens customer or working with us for the first time.
