参照図面

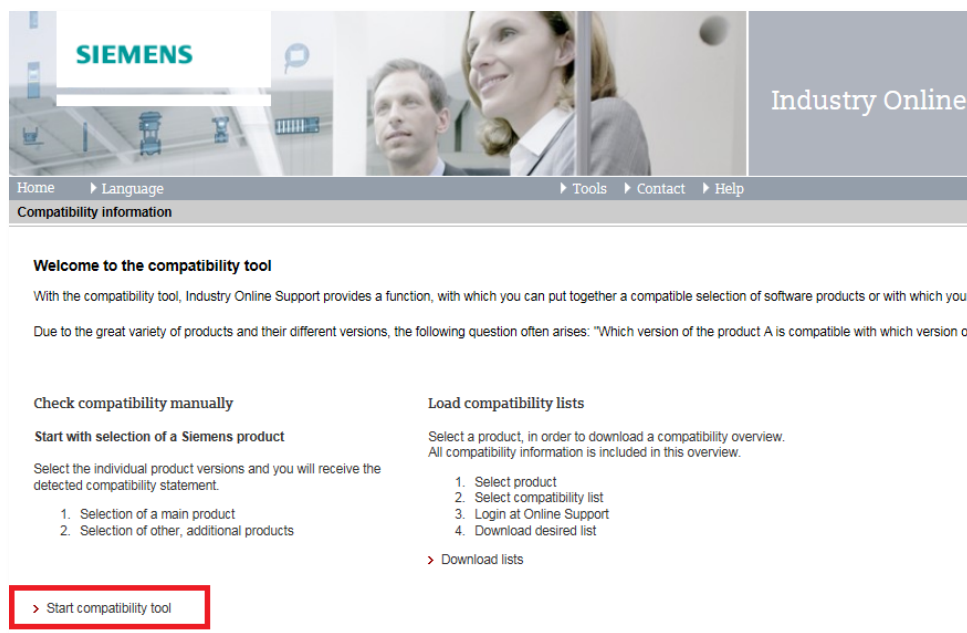

The screenshot displays the Siemens Industry Online Support website. The main content area is titled 'Welcome to the compatibility tool' and provides instructions on how to use the tool. It includes sections for 'Check compatibility manually' and 'Load compatibility lists'. A red box highlights the '> Download lists' link under the 'Load compatibility lists' section.

Overlaid on the right side of the screenshot is a 'Download compatibility overview' dialog box. This dialog box prompts the user to select a product and hardware. It contains the following text: 'Select a product in order to be able to download an overview list. All compatibility information is included in this overview.' Below this, it states: 'This function is only available to users logged in to Industry Online Support.' There are two dropdown menus: 'Software:' with 'STEP 7 Professional (TIA Portal)' selected, and 'Hardware:' with 'Select a product group...' selected. At the bottom, there is a section titled 'Available compatibility lists:' which contains a list of links, each preceded by a download icon. The first link is 'STEP 7 Professional (TIA Portal) [any version]' and is highlighted with a red box. The other links are 'STEP 7 Professional (TIA Portal) V14.0', 'STEP 7 Professional (TIA Portal) V13.0', 'STEP 7 Professional (TIA Portal) V12.0', and 'STEP 7 Professional (TIA Portal) V11.0'.
