

## **Language Requirements**

Siemens in Canada confirms its general commitment to comply with Québec's language laws as set out in the Charter of the French Language, and as per Siemens Canada Policy Statement 31-PS-01-008.

As per the Charter's requirements, content created by and for Siemens Canada is available in French and in English. Siemens Canada is not responsible for external website content, including social media platforms and other Siemens entities' website contents. When a user is redirected to an external web page or social media platform from the Siemens Canada website, the content may not be in French.
