

**GENERAL CONDITIONS OF PURCHASE OF
SIEMENS Zrt.
15 December 2025**

1. Application of these General Conditions of Purchase

- (1) These General Conditions of Purchase (hereinafter referred to as "these GCP") shall be applicable for contractual relationship between Siemens Zrt. (hereinafter "the Buyer", "the Customer" or "Siemens") and the Supplier on purchase or supply of goods and on consumption of services.
- (2) These GCP shall form an inseparable part of the framework contracts and/or the individual contracts concluded by and between the Buyer and the Supplier on the purchase or supply of goods or on the consumption of services, respectively (hereinafter "the Contract"). Any provision deviating from these GCP shall be stated in such individual Contracts.

2. Conclusion of the Contract

- (1) The Contract will be concluded by and between the Supplier and the Buyer provided that the Supplier confirms the order of the Buyer with the same terms within 2 (two) weeks upon receipt thereof or, if it is indicated, by the deadline specified in the order; in a manner that such confirmation must be delivered to the Buyer by such deadline. In case the Parties establish a Contract the detailed contents whereof regulate their legal relationship, the date of establishing such Contract will be the date when it is signed.
- (2) The general terms of business of the Supplier shall not apply to the Buyer. Acceptance, receipt of shipments or services or effecting payment shall not mean that the general terms of business of the Supplier have been accepted.

3. Delivery Date, Liquidated Damages

- (1) Deliveries will be deemed as fulfilled in a timely manner in the event the goods or services supplied have been received by the Buyer according to the terms and conditions contained in the relevant Contract, at the place of performance and by the date or during the period specified therein.
- (2) The Supplier shall inform the Buyer of its foreseeable delay immediately by stating the expectable period of such delay even if the deadline set for performance has not yet expired.
- (3) In case of delayed performance, the Supplier shall pay liquidated damages. Unless otherwise agreed, the amount of liquidated damages shall be 0.5% for each day affected by such delay whether fractional or full but not more than 10%. Liquidated damages shall be based on the total gross value of the order for indivisible services or supplies and on the gross price of the supplies or services for divisible services performed with a delay.
- (4) In the event that the Supplier's performance is delayed for more than 10 days, the Buyer shall have the right to rescind from the Contract. The Supplier shall be liable to compensate the Buyer for all its losses caused by the breach of Contract.

4. Transfer of Risk, Delivery

- (1) The risk and the ownership title shall be transferred from the Supplier to the Buyer upon receipt by the Buyer of such goods or services at the place of performance specified by the Buyer as comply with the Contract, or, in case of supplies to be commissioned, ownership title and risk shall be transferred to the Buyer upon delivery to the place of performance specified by the Buyer, and upon the handing and taking over process that follows commissioning, respectively.
- (2) Unless otherwise agreed, the Supplier shall bear the costs of transport and packing up to the place of destination. Excess costs arising out of non-compliance with the mode of transport shall be borne by the Supplier. For transport to the place of destination specified by the Buyer, the right to determine the mode of transport shall lie with the Buyer. The Supplier shall bear any excess costs arising out of non-compliance with the Buyer's instructions for transport. For expedited transport required to meet the delivery deadline the excess costs incurred shall be borne by the Supplier.
- (3) Every shipment shall be accompanied by such a packing list or delivery note as shows the contents of the shipment and they shall also indicate the contract number and/or project number and the order number (in the following format: 9xxxxxxx). Advice on (the dispatch of) shipment shall contain the same data.
- (4) If the transport is performed by a carrier commissioned by the Buyer, the Supplier shall inform the carrier of the necessary data concerning dangerous goods in accordance with the legal requirements.
- (5) If the Buyer informs the Supplier that another transport with a different mode of transport is scheduled following the initial transport, the Supplier shall also follow the relevant legal requirements concerning dangerous goods with regard to such on-going transport.
- (6) Payment shall not constitute an acknowledgement that the corresponding delivery or services were provided in accordance with the Contract.

5. Invoicing

The original invoice and the documentary proof of receipt by the Buyer (protocol on handing and taking over, certificate of performance, etc.) shall be sent directly to the address indicated in the purchase order or in the Contract. In order for the invoices to be paid, they shall show the order number, the contract number and the number of each position.

6. Payment

- (1) Unless otherwise agreed, payment shall be effected subject to the following conditions:
The deadline for paying the gross final amount of the invoice shall be 60 calendar days from the date of issue.

- (2) Issuance of invoices shall be conditional upon deliveries or services that have been performed completely, free from defects and deficiencies, that is, according to the Contract. If the Supplier is to hand over other documents such as protocol on performance, protocol on material analysis and measuring, quality certificate or other document simultaneously with delivery, completion of delivery or performance of services will be considered as being according to the Contract upon delivery to the Buyer of these documents. Protocol on performance shall at all times form an attachment to the invoice and without it no payment shall be effected by the Buyer. In case the Supplier charges additional costs or performs defectively or incompletely, the deadline for payment shall be determined on the basis of the date the deficiencies mentioned in the foregoing are eliminated, *i.e.* when the performance is faultless and any price differences have been clarified.
- (3) Payment shall not constitute acceptance of supplies or services as performance according to the Contract.

7. Guarantee, Warranty

- (1) Unless otherwise provided by law or the Parties, the Supplier shall be under a guarantee obligation (in Hungarian: "jótállás") of one year. The guarantee period shall commence upon receipt by the Buyer of such goods or services at the place of performance specified by the Buyer as comply with the Contract, or, in case of supplies to be commissioned it shall be transferred on to the Buyer upon the handing and taking over process that follows commissioning.
- (2) Defects or deficiencies occurred during the guarantee period shall be remedied or the supplies or services shall be repeatedly delivered without fault (replacement to be provided) by the Supplier at its own expense, subject to the choice of the Buyer. This shall also govern deliveries that have been subjected to random checks only.
- (3) Insofar as the Supplier fails or does not undertake to remedy the defect or deficiency or perform the new delivery or new services within the period set by the Buyer, then the Buyer — at its own discretion — shall be entitled to:
 - (i) request price reduction;
 - (ii) to carry out such repairs or new deliveries or to have them carried out by others at the cost and risk of the Supplier; or
 - (iii) rescind from the Contract or the purchase order in question in whole or in part.The Buyer in each case shall have the right to demand the Supplier to compensate it for its losses.
- (4) The rights according to section 7.3 may be exercised exceptionally without further deadline if the Customer has a strong particular interest in immediate rectification in order to avoid any liability of its own for delay or for other reasons of urgency and it is not possible for the Customer to request the Supplier to rectify the deficiency within a reasonable time period. The legal provisions on the dispensability of setting a deadline remain unaffected hereby.
- (5) The Buyer shall immediately upon receipt examine whether a delivery corresponds to the quantity and type of products ordered and whether there are any recognizable external transportation damages or other deficiencies. Should the Buyer discover any deficiency in the course of these inspections, it shall inform the Supplier of such deficiency. Should the Buyer discover a deficiency at any later stage, it shall also notify the Supplier. Complaints may be raised within one month of delivery of a product or performance of services, and insofar as such deficiencies are not discovered until commissioning, processing or first use, within one month of detection. In this regard, the Buyer shall have no other duties to the Supplier other than the duties of inspection and notification above.
- (6) Cost and risks of repairing or replacing a defective or deficient performance shall be borne by the Supplier.
- (7) Performance completed in the course of remedying defects and deficiencies shall be governed by the foregoing provisions as appropriate.
- (8) Warranty (in Hungarian: "szavatosság") shall be governed by the relevant provisions of the Civil Code.

8. Transfer of Contractual Rights and Obligations to Third Persons

- (1) Without the prior written consent of the Buyer, the Supplier shall not have the right transfer to third persons its rights and obligations arising out of the Contract. In the event that the Supplier transfers its contractual rights and obligations to third persons without the Buyer's prior written consent and fails to comply with this obligation, the Buyer shall have the right to rescind from the Contract in whole or in part and to claim damages.
- (2.1) The Supplier unconditionally and irrevocably acknowledges that Siemens may assign or transfer the contract, in whole or in part, and all rights and obligations hereunder, to its Affiliates and Carved-out Companies without the consent of the Supplier. Upon such assignment, Siemens shall be released from all assigned obligations.
- (2.2) "Affiliate" of a party shall mean a corporation, company or other entity which is now or hereafter, directly or indirectly
 - (i) controlled by such party, or
 - (ii) controlling such party, or
 - (iii) controlled by the same legal entity as such party,but such corporation, company or other entity shall be deemed to be an Affiliate only as long as such control exists.
For purposes of this definition "control" of a corporation, company or other entity shall mean to have, directly or indirectly, the power to direct or cause the direction of the management and policies of a corporation, company or other entity, whether (i) through the ownership of voting securities providing for the right to elect or appoint, directly or indirectly, the majority of the board of directors, or a similar managing authority, (ii) by contract or (iii) otherwise.

Notwithstanding the foregoing, for Siemens, "Affiliate" shall also include any Carved-out Company.

(2.3) "Carved-out Company" shall mean

- (i) any company which formerly was an Affiliate of Siemens or operates a business which was formerly operated by Siemens or an Affiliate of Siemens, if Siemens or an Affiliate of Siemens holds a minority interest of at least 10 (ten) percent in such company, and if such company is listed on the internet page: <https://new.siemens.com/global/en/company/about/corporate-functions/supply-chainmanagement/collaborating-with-siemens.html> and
- (ii) any Affiliate of a company as specified in (i) above, if and as long as Siemens has not informed the Supplier that such company shall not be deemed a Carved-out Unit for the purpose of the contract.

9. Materials Provided

- (1) Any material provided to the Supplier shall remain the property of the Buyer and the Supplier shall store such material separately, mark and handle them under its own responsibility, free of charge. Such materials shall not be used but subject to the prior consent of the Buyer for the purposes of the order placed by the Buyer. The Supplier shall be liable to indemnify the Buyer for any amortization, deficiency or destruction or loss of material. The foregoing provision shall be applicable to accounting for materials linked with the order.
- (2) Materials shall be processed or transformed for the Buyer. Materials processed or transformed on the basis of the Buyer's order shall be the property of Buyer. The Supplier shall safeguard the completed item free of charge.

10. Termination

- (1) The Contract shall be terminated in case of the Buyer's rescission.
- (2) The Contract may also be terminated by the Buyer with a 30 days' written notice.
- (3) The Buyer may terminate the Contract with immediate effect or rescind from it in case of serious breach thereof by the Supplier
- (4) The Buyer may rescind from the Contract at any time without cause. In this case, the Supplier shall be entitled to the purchase price of delivered goods or performed services if delivery of created facilities, supplies or services is taken over by the Buyer; provided that any damages claims by the Supplier (be they any type of damages claims (either consequential loss or damages to the subject matter of the service to be provided), including loss of profit, loss of income, loss of production, damages to be paid to third Parties, liquidated damages, reimbursement, indemnification, etc.) are excluded.

11. Code of Conduct for Siemens Suppliers, Security in the Supply Chain

- (1) The Supplier shall acknowledge that Siemens has entered in this Contract with the Supplier solely on condition that the Supplier undertakes the execution of the below provisions and confirms this by signing this Contract. The Supplier shall comply with the applicable Hungarian laws in the course of the execution of the Contract, and that it shall not engage, actively or passively, directly or indirectly in any form of bribery, any violation of fundamental human rights of employees or any child labour. Moreover, the Supplier shall take responsibility for the occupational health and safety of its employees. The Supplier shall act in accordance with the applicable environmental laws and use best efforts to promote the provisions of this Section among its suppliers and other contractual partners.
- (2) The Buyer may terminate or rescind from the Contract without incurring any further liabilities in case of breach of these obligations by the Supplier. However, provided that the Supplier's breach of contract is capable of remedy, the Buyer's right to terminate or rescind shall be subject to the proviso that the negotiations of the Parties failed to bring any result within an equitable grace period.
- (3) The Supplier shall provide the necessary organizational instructions and take measures, particularly with regard to the security of the following: premises security, packaging and transport, business partners, personnel and information in order to guarantee the security in the supply chain according to the requirements of respective internationally recognized initiatives based on the WCO SAFE Framework of Standards (e.g. AEO, CTPAT).
- (4) The Supplier shall protect the goods and services provided to the Buyer or to third Parties designated by the latter against unauthorized access and handling. The Supplier shall only deploy reliable personnel for those goods and services and shall have any sub-suppliers to take equivalent security measures.
- (5) The parties shall reduce the emission of air pollutants and Greenhouse Gas (GHG), and reduce harmful soil change, water pollution and harmful noise emission to the fullest extent as possible.

12. Tools, Moulds, Patterns, Confidentiality, etc.

Without the prior written permission of the Buyer, the tools, moulds, patterns, models, profiles, drawings, standard sheets, printouts and face-moulds handed over by the Buyer, as well as the objects manufactured with these shall not be assigned to third persons or used for other contractual purpose. The Supplier shall make sure that no unauthorized persons shall have access to or use these items. In the event the Supplier violates this obligation, the Buyer may claim that the items are released without any effect on its other rights.

13. Environment, Work and Health Safety, Dangerous Goods

- (1) The Supplier shall conduct its activities in accordance with the quality, environmental and occupational health and work safety management system of the Buyer.
- (2) The Supplier shall familiarize itself with the environmental effects and the work safety risks of its activities and comply with the applicable laws on environmental protection and on ensuring healthy and safe working conditions, in particular:
Act CLXXXV of 2012 on waste;
Act LIII of 1995 on the general rules of environmental protection;
Act LIII of 1996 on nature conservation;
Act XXV of 2000 on chemical safety;
Act XCIII of 1993 on labour safety ("the LSA")
and the implementing regulations and resolutions thereof.
- (3) If the product constituting the subject matter of the Contract falls under the Government Decree No. 197/2014 (VIII.1.) and/or Government Decree No. 374/2012. (XII.18.) the Supplier shall be liable for ensuring that the product is in compliance with the provisions of these Decrees.
- (4) The Supplier shall be liable for all environmental damage and waste originated in the course of their activities. The Supplier shall be liable for management of the waste material (collection, registration, transportation) in accordance with the applicable laws in force from time to time.
- (5) The Supplier shall comply with the environment protection, work safety and fire prevention rules in the course of carrying out its activities. The Supplier is obliged to comply with all legal requirements regarding the health and safety of the personnel employed by the Supplier. It shall ensure that the health and safety of its personnel as well as indirect subcontractors employed to perform the deliveries and services is protected. The Supplier shall ensure proper headcount with the required (professional, work or fire safety) qualification and valid medical examination, as well as proper personal safety devices required for working processes, furthermore, it shall use work equipment complying with work safety rules (Section 23(3) of the LSA) during implementation.
- (6) The Supplier shall make sure that the information required for complying with these requirements are provided to its employees.
- (7) Should the deliveries of the Supplier contain products, including their packaging and Software, to which product-related statutory and legal requirements apply in view of their placing on the market and further marketing in the European Economic Area, then the Supplier shall ensure compliance of the products with these requirements at the time of transfer of risk and shall fulfil all pertinent legal obligations placed on the Supplier as an economic operator. The same applies for corresponding requirements and obligations in other countries notified by the Customer to the Supplier by the time of conclusion of the contract.
- (8) The Buyer shall be entitled to inspect the Supplier at any time whether the environmental, work safety and fire protection requirements above are complied with. Upon request, the Supplier shall immediately provide the Customer with all documents and information which may be necessary to demonstrate or maintain the conformity of the products with the respective requirements, or for product registration purposes, inquiries or audits.
- (9) In case of any grave non-compliance (endangerment of people or the environment, work at height without protection, unsuitable craning, alcohol consumption) is observed, the Buyer may hold up the work activities until such non-compliance is eliminated. Any disadvantages caused by holding up work activities (delays of performance) shall not be transferred to the Buyer.
- (10) In the event of delivery containing goods which — according to international regulations — are classified as dangerous goods, the Supplier shall inform the Buyer thereof in a form agreed upon between the Supplier and the Buyer, but in any case not later than the date of contract conclusion.
- (11) In the web database BOMcheck (www.BOMcheck.net), the Supplier shall provide and maintain up-to-date information as requested and declare whether or not substances contained in the products:
 - a. are, at the time of delivery, set out in the latest List of Restricted and Declarable Substances of BOMcheck (<https://docs.bomcheck.com/en/resources/substances>) or another list as notified by the Customer sufficiently in advance; and
 - b. are subject to substance restrictions and/or information requirements imposed by law applicable at: (i) the registered seat of the Supplier, or (ii) the registered seat of the Customer, or (iii) the place of delivery designated by the Customer.The Supplier shall provide this information as soon as possible but no later than the product delivery.

14. Confidentiality, Data Protection

- (1) The parties shall treat as confidential all information which is marked as confidential or the confidential nature of which is evident to a reasonable person and which they receive from or about the other party in the context of performing the contract, as well as the conclusion of the contract, and shall keep the same confidential for five years after their disclosure - insofar as such information has not become publicly known by legal means or the other party has not consented in writing to its transfer in the individual case. The receiving party shall make confidential information available only to those employees and employees of its Affiliates who need the information for the fulfillment of their duties and shall ensure that such employees are also subject to a confidentiality obligation. The receiving party shall use this information exclusively for the purpose of performing the contractual obligations. Insofar as the Customer agrees to any subcontracting to a third party, such third party shall agree to such terms in writing.

- (2) The same applies to personal data relating to Buyer or any third party, information according to the Act No. CXII. of 2011 on the right to information and freedom of information ("Infotv."), insider information according to market abuse regulations (Regulation (EU) No 596/2014) etc. that the Supplier has acquired in connection with the contract with Buyer. The Supplier shall protect such information from access by third parties, ensure compliance with the statutory data protection regulations, in particular with Sect. 4 of Infotv. and commit its employees (including employees, hired staff, freelancer) dealing with contractually relevant tasks to the same level of confidentiality.
- (3) The Supplier's data (commercial register data, address, telephone and facsimile number as well as other information required for correspondence following from modern communication tools, locations, contact persons, ordered goods, and supply volumes) which become known to Buyer in connection with the respective business transaction will be automatically processed only for the execution of the contract, in particular, for administration and billing purposes. For technical reasons, it may be necessary to store such data on servers of a company that is a member of the Siemens-group or on servers of a service provider.
- (4) The protection of personal data is very important to the Buyer. Therefore, Buyer processes personal data only in accordance with all applicable data protection and data security regulations. In the course of doing business with suppliers Buyer processes personal data of contact persons at the Supplier, at interested parties (potential suppliers) or at other business partners. Details to the categories of the processed data, the purposes of the processing and its legal grounds can be found in the Data Privacy Policy of the Buyer – available in detail on the <https://new.siemens.com/hu/hu/general/privacy-notice.html> homepage.

15. Anti-corruption

The Supplier shall notify Buyer – at the latest upon submission of the Supplier's offer to the Buyer – in writing if the Supplier or members of its management board have been sentenced by final judgment of a national court for corruption of a public officer within the last five years prior to the submission of the Supplier's offer to the Buyer, and, without undue delay, if the Supplier or members of its management board are charged with corruption of a public officer before a national court at any time between submission of the Supplier's offer to the Buyer and acceptance of the supplies/services of the Supplier pursuant to Sect. 2. Such notification shall ensure compliance with the requirements laid down by the OECD Recommendation on Anti-Corruption.

16. Cybersecurity

- (1) Supplier shall take appropriate organizational and technical measures to ensure the confidentiality, authenticity, integrity and availability of Supplier Operations as well as products and services. These measures shall be consistent with applicable laws, regulations, good industry practice and shall include an appropriate information security management system consistent with standards such as ISO/IEC 27001 or IEC 62443 (to the extent applicable).
- (2) "Supplier Operations" means all assets, processes and systems (including information systems), data (including Customer data), personnel, and sites, used or processed by Supplier from time to time in the performance of this Agreement.
- (3) Should products or services contain software, firmware, chipsets, integrated circuits or generic functional blocks ("Digital Products"):
- (i) Supplier shall comply with safe and secure state-of-the-art development methods including secure coding standards (such as OWASP standards, NIST Secure Software Development Framework SP800-218 or similar), equivalence checks, code reviews, and threat and risk analysis.
 - (ii) Supplier shall ensure that Digital Products shall be designed, developed and produced in such a way that they ensure an appropriate level of cybersecurity based on the risks, including the minimization of negative impact on the availability on other products, connected devices or services. Further, Supplier shall ensure that Digital Products are made available with a secure-by-default configuration (incl. secure data transfer, the possibility to reset to the original state with the secure and permanent removal of all data and settings).
 - (iii) Supplier shall ensure that Digital Products provide security related information by recording and monitoring relevant internal activity, including the access to or modification of data, services or functions, with an option to disable this feature.
 - (iv) During the whole lifecycle of a Digital Product (including but not limited to design, development, production, delivery and maintenance), Supplier shall implement and maintain appropriate standards, processes and methods to prevent, identify, evaluate and repair any vulnerabilities, malicious code, and security incidents in the Digital Product. Such measures shall be consistent with good industry practice and standards such as ISO/IEC 27001 or IEC 62443 (to the extent applicable).
 - (v) Supplier shall continue to support and provide services to repair, update, upgrade and maintain Digital Products including the provision of patches to Customer remedying vulnerabilities and other cybersecurity risks for the expected use time of the Digital Products.
 - (vi) Supplier shall provide to Customer a software bill of materials in a commonly used and machine-readable format (e.g., CycloneDX version ≥ 1.4 or equivalent) to the following address: sbom.cys@siemens.com, and a bill of materials, both identifying Digital Products including all third-party Digital Products. The Digital Products shall contain all necessary security updates at the time of delivery to Customer.
 - (vii) Supplier shall grant to Customer the right, but Customer shall not be obliged, to test or have tested products for malicious code and vulnerabilities at any time, and shall adequately support Customer.

(viii) Upon request of Customer, Supplier shall promptly provide to Customer all documents and information which are necessary to demonstrate the conformity of Digital Products as part of Customer products with statutory requirements.

(ix) For integrity reasons, Supplier shall ensure that all software-related components provided to Customer are digitally signed. If Supplier fails to provide a signed version and does not remediate this within a reasonable time frame set by Customer, Customer may digitally sign these components itself independently of Supplier. Any warranty rights Customer may have remain unaffected by this provision.

- (4) Supplier shall provide Customer a contact for all cybersecurity-related issues (available during business hours).
- (5) Supplier shall promptly, and in a structured and machine-readable format notify Customer and the following Siemens Cybersecurity contact addresses of all relevant cyber threats, incidents occurred or suspected and vulnerabilities discovered and/or actively exploited in any Supplier Operations, services and products, if and to the extent Customer is or is likely to be materially affected:
- for cyber threats and incidents: cert@siemens.com
 - for vulnerabilities: svm.ct@siemens.com
- The notification shall contain any information reasonably required to assess the impact and to enable Customer to comply with its statutory obligations. The notification shall be made before any public disclosure of fixed vulnerabilities, allowing Customer reasonable time to implement security updates or remediation measures.
- (6) Supplier shall take appropriate measures to achieve that its subcontractors and suppliers shall, within a reasonable time, be bound by obligations similar to the provisions of this document.
- (7) Upon Customer's request, Supplier shall provide written evidence of its compliance with this document including generally accepted audit reports (e.g., SSAE-18 SOC 2 Type II).
- (8) Supplier shall provide to Customer all related documentation and the current and readable source code and object code of software developed or converted for Customer.
- (9) Customer has the right to yearly audit or have audited the Supplier's compliance with the provisions of this document at the Supplier's relevant site(s) without cause and, in addition, if Customer has a justified suspicion that Supplier is not in full compliance with those provisions, in each case upon reasonable prior notice.
- (10) Should the products or services include or be developed with the help of artificial intelligence ("AI") consistent with good industry practice (e.g. NIST Artificial Intelligence Risk Management Framework, OWASP Top 10 for Large Language Model Applications), then Supplier shall
- (i) ensure that Customer data is excluded from being used as training data for such AI technologies;
 - (ii) ensure that any input or output of such AI is treated confidential; and provide Customer any information and documentation in connection with the use of AI, if requested.

17. Reservation Clause

Siemens shall not be obligated to fulfil the contract if such fulfilment is prevented by any impediments arising out of national or international foreign trade or customs requirements or any embargoes or other sanctions.

18. Foreign Trade Regulations

Supplier shall comply with all applicable export and import restrictions, customs and foreign trade regulations (hereinafter referred to as "Foreign Trade Regulations") in relation to all Services to be provided and/or all Products to be delivered according to this Agreement. Supplier shall obtain all necessary export licenses pursuant to the applicable Foreign Trade Regulations.

In particular, Supplier represents and warrants that at the times of order and delivery none of the Products nor the Services, provided under this Agreement contain prohibited products and/or services under the Foreign Trade Regulations applicable to the Ordering Entity (including, but not limited to, Council Regulations (EU) 833/2014, 692/2014, 2022/263 or 765/2006 as well as the U.S. Export Administration Regulations (15 C.F.R. Parts 730-774), and import regulations enforced by U.S. Customs and Border Protection).

Supplier shall advise Siemens in writing as early as possible but not later than 2 weeks prior to the Delivery Date of any information and data required by Siemens to comply with all Foreign Trade Regulations for the Products and Services applicable in the countries of export and import as well as re-export in case of resale. In any case Supplier shall provide to Siemens for each Product and Service:

- a. the "Export Control Classification Number" according to the U.S. Commerce Control List (ECCN) if the Product/Service is subject to the U.S. Export Administration Regulations; and
- b. all applicable export list numbers; and
- c. the statistical commodity code according to the current commodity classification for foreign trade statistics and the HS (Harmonized System) coding; and
- d. the country of origin (non-preferential origin), and, upon request of Siemens, documents to prove the non-preferential origin; and
- e. the preferential country of origin, and, upon request of Siemens, documents pursuant to the requirements of the applicable preferential law to prove the preferential origin (e.g. supplier's declaration) („Export Control and Foreign Trade Data“).

In case of any alterations to origin and/or characteristics of the Products and Services and/or to the applicable Foreign Trade Regulations Supplier shall

update the Export Control and Foreign Trade Data as early as possible but not later than 1 week prior to the Delivery/Service Date. Supplier shall be liable for any expenses and/or damage incurred by Siemens due to any breach of the obligations according to this Article 18.

The contractor shall ensure to render the contractual services only with personnel / to provide only personnel to Siemens who are not listed on the relevant national, German, European or US-Sanctions lists as in particular but not limited to the European Union Consolidated Financial Sanctions List (CFSL) , the U.S. lists issued by the Department of Commerce (Bureau of Industry and Security B.I.S.), the U.S. lists issued by the Department of Treasury (Office of Foreign Assets Controls OFAC).

19. Insolvency of the Supplier

If the Supplier suspended its payments or insolvency-, liquidation- or enforcement proceedings are commenced against the Supplier on grounds of a legally binding court decision, the Buyer may terminate or rescind from the Contract and/or any purchase orders issued thereunder. In the event of termination or rescission, the Buyer may take over existing facilities, deliveries or continue to utilize services already performed by the Supplier in exchange for reasonable payment.

20. Competent Court, Governing Law, Final Provisions

- (1) Unless otherwise provided for in the Contract, any disputes arising out of the Contract or these GCP forming a part thereof shall be governed by the Hungarian law, and Hungarian courts shall have exclusive jurisdiction to adjudicate such disputes. The application of the Vienna Convention on the Contracts for the International Sale of Goods is hereby excluded.
- (2) By concluding the Contract, the Parties acknowledge that their respective rights and obligations may not necessarily be proportionate. Following a thorough consideration, the Parties conclude the Contract with an explicit intention regarding the above, and they concurrently exclude the right to claim invalidity of contract with reliance on the gross disparity of values exchanged.
- (3) By confirming the order and/or concluding the Contract, the Supplier expressly waives its potential right to bring any potentially arising damages claims against the management of the Buyer.
- (4) Any practices widely known and regularly applied within the given industry by the Parties to contracts of a similar nature shall form part of the agreement between the Supplier and the Buyer exclusively if so expressly agreed in writing by the Supplier and the Buyer.
- (5) The Buyer's liability for any damages — save for those to human life, bodily integrity and health — shall be excluded, be they direct damages, consequential losses, damages to the subject matter of the service to be provided, indirect damages, loss of profit, loss of income, loss of interest, loss of data, loss of information, loss of business, liquidated damages payable to third Parties, damages, loss of production, interruptions of manufacturing, etc.
- (6) The provisions of the Civil Code shall be applicable to issues not regulated in these GCP.
- (7) Concurrently with confirming the order and/or the conclusion of the Contract, the Supplier represents that it is familiar with and accepts the Buyer's Code of Conduct, the applicable version whereof, as amended from time to time is available at: <http://www.siemens.com/procurement/cr/code-of-conduct>.
