

SITRANS FCT070

Seamless integration of flow meters into **SIEMENS TIA Portal & SIMATIC PCS 7**

Easy to use

Easy and cost-effective integration in the **SIMATIC TIA-Portal** and **SIMATIC PCS 7** via **SITRANS FCT070** faceplates.

A fast and secure real-time data interchange via **Digital Sensor Link** between transmitter and sensor.

Safe installation in explosive areas through **ATEX 2 certification**. Via **SITRANS I300** barrier also in **ATEX Zone 1** applicable.

Compatible

Through the **Digital Sensor Link** **universally** usable with **all** Siemens Coriolis **flow meters**.

 Flexible

Varied combinations with **SIMATIC ET 200SP** - modules.
