Siemens India reaffirms commitment to 'Make in India' at world's largest industrial fair

- **Showcases integrated technologies for manufacturing automation and Smart Cities from the comprehensive electrification, automation and digitalization portfolio.**

Siemens India reaffirmed its commitment to Partner India at the Hannover Messe 2015, the world's largest industrial fair. The Honorable Prime Minister of India Narendra Modi is also scheduled to visit the Siemens booth under the banner "On the way to Industrie 4.0 – Driving the Digital Enterprise".

At the Hanover Fair, Siemens is showcasing latest & advanced Siemens production technologies that power and enable Indian manufacturing to become faster, flexible, efficient and competitive at a global level. The solutions and products are part of the comprehensive portfolio of electrification, automation, and digitalization.

"The entire product and production life cycle can be optimized through automation, delivering cost efficiencies as high as 30-40%. In an environment of increasing margin pressures, manufacturing units that consistently leverage energy-efficient, integrated technology and automation can emerge as leaders in a globalized economy. Siemens has designed and built intelligent technology solutions that have delivered these benefits. Siemens has the competencies and can deliver on India's requirement of Make in India," said Sunil Mathur, Managing Director & CEO Siemens Limited.

Siemens Ltd., is a technology powerhouse that has stood for engineering excellence, innovation, quality and reliability. The company focuses on the areas of electrification, automation and digitalization. It is one of the leading producers of energy-efficient, resource-saving technologies; combined cycle turbines for power generation; and power transmission solutions. Siemens is a pioneer in infrastructure solutions and automation and software solutions for industry. The company is also a leading supplier of medical imaging equipment – such as computed tomography and magnetic resonance imaging systems – and a leader in laboratory diagnostics as well as clinical IT. At the end of September 2014, Siemens India had around 16,000 employees, 23 manufacturing plants and a nation-wide sales and service network. Siemens Limited, in which Siemens AG holds 75% of the capital, is the flagship listed company of Siemens AG in India. Further information, please visit: www.siemens.co.in.
