

Enlit Europe 2026

Meet our speakers at the Siemens Grid Club Stage (Hall A, Booth a50)
November 10 – 12, VIECON Messe Wien

Time	Session Title	Speaker
Tuesday, November 10		
10:00 a.m.	Strengthen grid resilience & accelerate digitalization with blue GIS (8DJH 24 Sina)	Bernd Schüpferling Product Lifecycle Manager GIS MV-Switchgear, Siemens AG
11:00 a.m.	From Grid Visibility to Predictive Congestion Management: How Alliander Extends Siemens Gridscale X with AI and Machine Learning	Mitchel Haeve Product Manager, Alliander Filippo Re Global Product Manager, Siemens S.p.A.
01:00 p.m.	Aspern Smart City Research: Where Grid Innovation Meets Reality	Alfred Einfalt Principal Key Expert, Siemens Austria Andreas Wöhrer Principal Key Expert, Siemens Austria
02:00 p.m.	Accelerate Digitalization with Electrification X and AI Operator	Martin Gottschalg Product Manager Electrification X / OT Companion, Siemens AG
03:00 p.m.	Adaptive Protection Setting Management	Rupendra Prasad Technical Sales Expert - IoT / Cybersecurity, Siemens AG
04:00 p.m.	Streamline New Distribution Connections: Optimize Grid Capacity	Fabio Monachesi Global Product Manager, Siemens S.p.A. Ata Khavari Global PreSales - Grid Simulation, Siemens AG
Wednesday, November 11		
10:00 a.m.	Streamline New Distribution Connections: Optimize Grid Capacity	Fabio Monachesi Global Product Manager, Siemens S.p.A. Ata Khavari Global PreSales - Grid Simulation, Siemens AG
11:00 a.m.	AI driven Utility Transformation	Matthias Walz Head of Power Utilities, Siemens Advanta
01:00 p.m.	Adaptive Protection Setting Management	Martin Gottschalg Product Manager Electrification X / OT Companion, Siemens AG
02:00 p.m.	Interconnection at Scale: How Agentic Transmission Planning Accelerates Grid Expansion	Raúl Sixtos Technical Sales for Grid Simulation Software, Siemens S.A.
03:00 p.m.	Aspern Smart City Research: Where Grid Innovation Meets Reality	Alfred Einfalt Principal Key Expert, Siemens Austria Andreas Wöhrer Principal Key Expert, Siemens Austria
04:00 p.m.	Accelerate digitalization & strengthen grid resilience with Virtualized Protection	Saurabh Talwar Global Product Manager for Virtualization and AI for Power Grids, Siemens AG

Time	Session Title	Speaker
Thursday, November 12		
10:00 a.m.	OT Asset Manager on premise	Christopher Spitz Product Lifecycle Manager, Siemens Austria
11:00 a.m.	Accelerate Digitalization with Power Automation Solutions	Stefan Kramer Business Development Power Automation Solutions, Siemens AG
01:00 p.m.	Adaptive Protection Setting Management	Sandro Aquiles-Perez Gridscale X Advanced Protection Assessment Product Lifecycle Manager, Siemens Industry Inc.
02:00 p.m.	Strengthen grid resilience with SIPROTEC and REYROLLE	Julian Ayala Ramirez Product Lifecycle Manager, Siemens plc Jose Sanchez Technical Expert for SIPROTEC applications, Siemens AG
