Introduction to the SCF Program

The Supply Chain Finance (SCF) Program uses a 3rd party web-based platform provider (Orbian*) to provide cost-effective receivables financing to Siemens Suppliers & Sub-contractors.

SCF leverages the financial strength of Siemens to offer **low discount rates** to selected Suppliers invited into the program.

*Siemens has selected Orbian for providing the SCF platform. ORBIAN Corp is an international company founded by SAP and Citibank, now held privately, with focus on supply chain finance solutions. Please find more information at www.orbian.com. Orbian is not an affiliate of, or owned by, Siemens

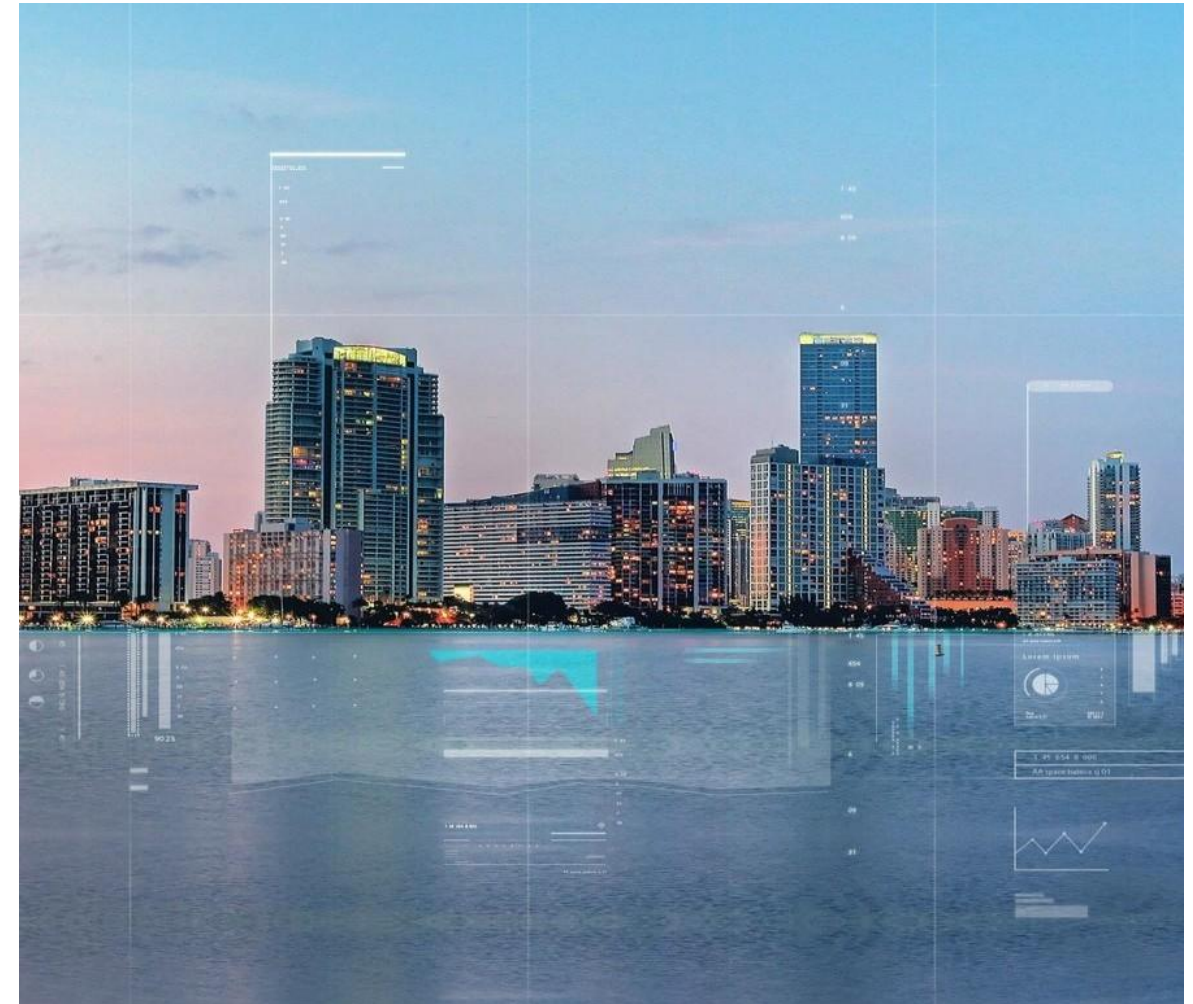

SCF Benefits At a Glance

1 Cash Flow Improvement

2 Working Capital Improvement

3 Increased Cash Flow Transparency

4 Cost Reduction

How does SCF work at Siemens?

1. Supplier delivers goods and invoices Siemens in **exactly the same way** prior to enrollment

2. Siemens approves payments and sends payment instruction (PI) to the SCF platform

**Supply Chain
Finance
Program**

3. Supplier is notified and approved payment amounts are visible in the platform

4. Vendors receive non-recourse cash following sale of receivable to the SCF platform

5. Siemens makes payments to SCF platform provider at scheduled maturity date

Discounting Options

Automatic Discounting

Upon enrollment, elect to automatically discount all approved Siemens receivables at the applicable discount rate.

Manual Discounting

Vendors with annual sales of \$500k+ manually select which Siemens receivables to discount at the applicable discount rate. An additional discounting fee of 0.12% (12 bps) p.a. is added to the discount rate.

How much does the SCF program cost?

- The only cost of the program is the discount charge that a supplier pays to receive early payment.
- There are **no fees** to join, maintain, or exit the program.
- The Discount Rate currently offered in the Siemens SCF Program is **tiered**, dependent upon your total annual sales to Siemens, with a minimum of \$50K.

Annual Sales Level	Annualized Discount Rate
\$500,000+	1.50% + LIBOR
\$300,000 - \$499,999	1.75% + LIBOR
\$50,000 - \$299,999	2.50% + LIBOR
