Young talents compete at non-academic professions in Gdańsk

Get ready to mark your calendars! The highly anticipated EuroSkills competition is just around the corner! In September 2023, Gdańsk will host the eighth edition of the biennial European Championship for Vocational Education and Skills in Poland. The motto, “#UnitedBySkills – We Can Change the World” captures the spirit of the competition. This event is not only about showcasing non-academic professions of young people from across Europe, but also about inspiring and empowering the
