

Final agenda and speaker list released for *Digitalize 2019*

Over 40 external speakers, 11 global and local Siemens speakers, four sponsors, 11 external and 11 internal exhibitors and 13 partner industry organisations will gather to deliver robust discussions around real-world applications of digital technologies and Industry 4.0 at Siemens' *Digitalize 2019* in Brisbane's W Hotel on 23rd July.

Following the success of last year, this year's conference will explore Australia's digital future across the four core themes of workforce of the future, intelligent infrastructure, the country's energy transition and Industry 4.0. Cyber security, industrial data analysis, digital skills development, shaping connected mobility, combining traditional and digital energy platforms and smart building technologies will be some of the key topics discussed throughout the day.

The latest speakers and panellists include:

- Sophia Hamblin Wang, Chief Operations Officer, Mineral Carbonation International (MCi)
- David Chuter, Chief Executive Officer, Innovative Manufacturing CRC
- Warwick Sommer, Chief Executive Officer, AmpControl
- Ron Victor, Chief Executive Officer, IOTium
- Brad Flanagan, Director, Digital & Cyber Risk, Deloitte
- Justin Nga, APAC ICS Cybersecurity Manager PAS
- Callum Reeves, Co-owner, Kaiju Brewery
- Simon Carr, Co-owner, Brogan's Way Gin Distillery
- Warren Bradford, Director, Deacam Industrial Electrical Engineering
- Rafael Amaral, Chief Technology Officer, Nukon

- Vikram Kalkat, Senior Manager and Didi Ismawan, Manager, Kaspersky
- Jon Clarke, Head of Smart Building Delivery, Dexus
- Philip Downie, Facilities Management Solutions Director, Serco Asia Pacific
- Adrian Fahey, Chief Executive Officer, Sage Automation
- Megan Houghton, Executive General Manager, Energy Solutions, ERM Power
- Alexandre Torday, Global Head of Professional Services, Aimsun
- Adam Bryant, Head of Customer Solution Architects, Asia Pacific, Nokia
- Paul Gleeson, Managing Director Energy, Resources and Manufacturing, Aurecon

Also joining the speakers will be representatives from some of Australia's largest universities – Swinburne University of Technology, University of Technology Sydney, University of Queensland, University of Western Australia and University of Tasmania – who will discuss how complementary test laboratories across Australia will help SME's in their transition to Industry 4.0.

In its fourth year, *Digitalize 2019* is sponsored by Platinum sponsor Dell EMC, Gold sponsors Phoenix PLM and Sage Automation and coffee cart sponsor APS Industrial.

Digitalize 2019 provides the holistic view from real industry experts in various sectors – from the big picture to specific case studies and discussions on the latest and future technologies through to preparing the workforce for the change.

Siemens AG (Berlin and Munich) is a global technology powerhouse that has stood for engineering excellence, innovation, quality, reliability and internationality for more than 170 years. The company is active around the globe, focusing on the areas of electrification, automation and digitalization. One of the largest producers of energy-efficient, resource-saving technologies, Siemens is a leading supplier of efficient power generation and power transmission solutions and a pioneer in infrastructure solutions as well as automation, drive and software solutions for industry. With its publicly listed subsidiary Siemens Healthineers AG, the company is also a leading provider of medical imaging equipment – such as computed tomography and magnetic resonance imaging systems – and a leader in laboratory diagnostics as well as clinical IT. In fiscal 2018, which ended on September 30, 2018, Siemens generated revenue of €33.0 billion and net income of €6.1 billion. At the end of September 2018, the company had around 379,000 employees worldwide. Further information is available on the Internet at www.siemens.com.
