

Executive Cybersecurity Forum for Manufacturers

January 28, 2021 | 2:00 – 5:00 PM EST
Live virtual event

Biography

Thomas Dager
CISO, ADM

A strategic thinker with deep technical and broad business skills, Thomas heads information and cybersecurity globally for Archer Daniels Midland (ADM). In this capacity he leads a team of dedicated professionals focused on information and cyber security of ADM information, people and resources. With over 15 years of experience dedicated to information security Thomas has demonstrated experience in defining and deploying cybersecurity strategies and programs for large and complex organizations.

He began his career as an information security professional while serving in the United States Army working for the Directorate of Information Management. Upon leaving the military full-time, he continued to serve in the National Guard for several years while working in law enforcement where he conducted criminal investigations, physical security assessments, and participated in court proceedings on an ongoing basis.

During his career he has led information security organizations across multiple industries, providing strategic direction and oversight that supported board derived business objectives while remaining in compliance to regulatory and industry standards such as PCI, GLBA, NIST, and ISO 27000.

He attended Clayton University where he obtained a Bachelors of Information Technology and holds multiple industry certifications including CISSP, CISM, and SANS. He is also a member of the Delta Community Credit Union Supervisory Committee and a board member of the National Technology Security Coalition.

Thomas Dager
Mr. Dager will be a panelist at the Executive Cybersecurity Forum for Manufacturers.
