

OCTOBER 14, 2021 | 1:00 – 4:00 PM EST

# Executive Cybersecurity Forum for Water and Wastewater

## The program – Join us live!

### 1:00 – 2:00 pm (EST)

#### **Keynote: An analysis and outlook of cybersecurity in the water sector.**

Michael Arceneaux has worked in the water sector since 1995. He is currently the managing director of WaterISAC as well as the chief operating officer of the Association of Metropolitan Water Agencies, which operates WaterISAC. Michael and his team deliver a steady flow of actionable and practical resources to its water and wastewater utility members and other water sector and government professionals. Prior to joining the water sector, Michael worked for former U.S. Sen. John Breaux and served as an intelligence specialist in the U.S. Navy.

### 2:00 – 3:00 pm (EST)

#### **Expert Panel Discussion: Preparing your water facility for an effective cybersecurity strategy - moving the needle and overcoming obstacles.**

- Esteban Azagra, PMP, EUR ING, IAMB, Senior Vice President (Arcadis U.S., Inc.)
- Richie Fortenberry, P.E., Consulting Engineer/ Operations Manager (Prism Systems)
- Jake Margolis, CISSP, Chief Information Security Officer (Metropolitan Water District of Southern California)
- Bob Schwarm, IT Director (The Metropolitan District Commission, Hartford, CT)

### 3:00 – 4:00 pm (EST)

#### **Presentation: Getting started on the path to a practical cybersecurity program with limited resources.**

- Review real-life W&WW cybersecurity breaches
- Why W&WW cybersecurity matters regardless of job title, but especially C-Level
- Proven approaches and technologies that can stop a breach
- The importance of a cybersecurity assessment
- NIST, IEC, NERC CIP as examples of what may be coming
- How to get a head start to save time and money
- Example implementation
