The Cockpit 12 pro represents the professional multimedia bedside patient terminal. It provides patients with the benefits of maximum comfort, excellent performance as well as a brilliant display and representation in terms of TV, radio, telephony and internet.

Ergonomic and patient-friendly operation via touchscreen as well as tactile function keys facilitate easy and comfortable utilization by all patient groups.

The Cockpit can be easily and variably integrated in the patient rooms and can be used as BYOD access point. This not only optimizes and expands the hospital infrastructure, but also saves time and costs.

The Cockpit provides the hospital with future-proof IT architecture at the patient’s bedside. It supports the generation of income from the offered services as well as improved efficiency and attractiveness of the facility through optimized processes.
HiMed - Cockpit 12 pro

Technical details

Processor and memory
- Intel Quad-Core CPU, 4 GB RAM

Display
- Screen size: 295mm
- Full HD resolution: 1920 x 1080
- Brightness: 300 cd/m²
- Touchscreen: PCAP, multitouch

- Switch-off via headphone
- Mute function

Chip card reader
- Combi chip card reader
- RFID, I2C, smart card

Front keys
- Tactile function keys for TV, telephone, radio, home, on/off, channel selection and volume

Connections
- LAN
- Headphone jack (stereo)
- 1 x USB connection external
- HandSET with off-hook function
- MediSET USB 3* 
  - Room/bed light
  - Nurse call
  - Touchpad

Power supply
- 12 V DC or PoE IEEE 802.3 af

Dimensions and weight
- 304 x 228 x 48 mm (W x H x D)
- Approx. 1.7 kg

Accessories
- Holder for wall and beside table/ lightweight construction wall/ keyboard
- Holder for HandSET and MediSET
- Power supply unit 12 V / 2,5 A
- External components for DSL

Infotainment

Telephone
- Patient terminal HandSET or MediSET*
- VoIP - SIP incl. video
- Mute function
- Missed call

TV
- IPTV MPEG2/4 (SD/HD/FHD)
- Multi-channel sound
- Subtitle
- Timeshift mode*

Radio
- IP radio

Internet
- Connection via LAN/DSL

BYOD (Bring Your Own Device)*
- Connection and billing
- Login data at the terminal
- Smart pairing
- WiFi 802.11 a/b/g/n
- Bluetooth 4.0
- Safe charging via USB

E-Payment*
- Online payment via credit card, Paypal

Processes

Access to HIS*
- Terminal functionality for general hospital applications via Citrix ICA/RDP/VMware view

Patient portal
- Individual or general information platform

Integration HiMed
- Central solution for control, accounting and administration
- Flexible billing options for users and services via units, time, flat-rates and bundles
- User interface can be centrally administered (background, selection of buttons, color, size, infobox, advertising etc.)

Further applications
- Meal ordering, facility management, video conferencing

Video on Demand*
- Including connection to payment system

Standards
- CE, safety according to IEC 60601-1 and 60950-1
- Degree of protection IP65 (front)
