

Executive Cybersecurity Forum for Manufacturers

January 28, 2021 | 2:00 – 5:00 PM EST
Live virtual event

Biography

Chuck Tommey, GICSP, CEH, P.E.
Siemens Industry, Inc.

After 25 years of experience in industrial automation, 5 years with a textile OEM and 20 with a full-service electrical integration firm, Chuck transitioned to Siemens to help customers with network architecture and cybersecurity. A registered Control Systems Professional Engineer with a Master's in Cybersecurity, GIAC Industrial Cybersecurity Professional, and an EC-Council - Certified Ethical Hacker, he brings a wealth of experience in factory and process automation to the Operational Technology (OT) cybersecurity efforts for the Digital Enterprise. Chuck can help IT/OT conversations get to the collaboration phase quickly.

Chuck works directly with customers to evaluate potential OT cybersecurity risks and identify the right solutions to mitigate those risks. Chuck has worked with many large and mid-sized customers to successfully improve their industrial cybersecurity posture.

Chuck Tommey

Chuck Tommey will be a presenter at the Executive Cybersecurity Forum for Manufacturers.
