## **Notes and forward-looking statements**

This document contains statements related to our future business and financial performance and future events or developments involving Siemens that may constitute forward-looking statements. These statements may be identified by words such as "expect," "look forward to," "anticipate" "intend," "plan," "believe," "seek," "estimate," "will," "project" or words of similar meaning. We may also make forward-looking statements in other reports, in presentations, in material delivered to shareholders and in press releases. In addition, our representatives may from time to time make oral forward-looking statements. Such statements are based on the current expectations and certain assumptions of Siemens' management, of which many are beyond Siemens' control. These are subject to a number of risks, uncertainties and factors, including, but not limited to those described in disclosures, in particular in the chapter Risks in the Annual Report. Should one or more of these risks or uncertainties materialize, or should underlying expectations not occur or assumptions prove incorrect, actual results, performance or achievements of Siemens may (negatively or positively) vary materially from those described explicitly or implicitly in the relevant forward-looking statement. Siemens neither intends, nor assumes any obligation, to update or revise these forward-looking statements in light of developments which differ from those anticipated.

This document includes – in IFRS not clearly defined – supplemental financial measures that are or may be non-GAAP financial measures. These supplemental financial measures should not be viewed in isolation or as alternatives to measures of Siemens' net assets and financial positions or results of operations as presented in accordance with IFRS in its Consolidated Financial Statements. Other companies that report or describe similarly titled financial measures may calculate them differently.

Due to rounding, numbers presented throughout this and other documents may not add up precisely to the totals provided and percentages may not precisely reflect the absolute figures.

# **Executing Vision 2020 Capital allocation along strategic imperatives**

April 16

Closing of acquisition of CD-adapco for \$970m to pursue industrial software strategy

Merger of Siemens Wind Power with Gamesa announced to create a leading wind power player

**Siemens ownership 59%** 

# **SIEMENS**

- 1 Areas of growth?
- 2 Potential profit pool?
- 3 Why Siemens?
- 4 Synergetic value?
- **5** Paradigm shifts?

**UNIFY** 

**January 16** 

**Closing of divestment to AtoS** 

January 16

Closing divestment of remaining assets to EQT for €300m

**Strategic asset combination** 

50/50 joint venture for powertrain in E-cars announced

# "Siemens Wind Power & Gamesa combined" is uniquely positioned in a promising market and perfectly fits into Vision 2020

#### Siemens Vision 2020

#### **Combined entity "Siemens Wind Power & Gamesa"**

#### Areas of growth?

- Combined entity "Siemens Wind Power & Gamesa" is strongly positioned in growth pockets:
  - Offshore
  - Emerging markets
  - Onshore Services

 Combined entity to target best-in-class industry margins post integration with additional future opportunities in service

#### Why Siemens?

Siemens committed to further grow and develop Wind Power based on the success story:
 Revenue increased ~15x since acquisition of Bonus 2004

 Strategic partnership agreement (e.g. supply agreement, SFS financing partnership, Siemens One)

• €230m run-rate EBIT synergies in Year 4 post closing – thereof ~70% cost (>50% to be reached in Year 2 post closing)

#### Paradigm shifts?

- US PTC¹ extension, renewable targets in emerging markets & coal phase out in Europe and COP 21 (Paris) drive future growth
- Combined business uniquely positioned to capitalize on future potential: Strong onshore and offshore player, scale, global footprint, service network and comprehensive offering

<sup>1)</sup> Production Tax Credit

# Creating a leading wind player with substantial growth potential and highly complementary strength

#### Company description & rationale

- Merger of the entire Siemens Wind business incl. Service with Gamesa to create a leading wind player
- Combination of two major highly complementary global wind players with a well balanced geographic footprint
- Ownership: Siemens 59%, Iberdrola ~8%, free float ~33%
- Global HQ and listing in Spain; onshore HQ in Spain, offshore HQ in Hamburg (Germany) / Veile (Denmark)
- Siemens to fully consolidate the combined entity
- Solution on Adwen JV reached Areva to decide within 3 months: Put / call options and drag-along right for 3<sup>rd</sup> party sale

#### Key figures (pro forma, LTM March 2016)

	Combined business	Siemens WP scope
Installed Base	69 GW	34 GW
Backlog	~€20.2bn	~€14.8bn
Revenue	~€9.3bn	~€5.5bn
EBIT Adjusted <sup>1)</sup>	€839m	€492m
EBIT Margin adjusted <sup>1)</sup>	9.1%	8.9%
Synergies	~€230m EBIT full impact in year 4 post closing	
Employees	~21,000	~13,000

<sup>1)</sup> EBIT adjusted for normalisation and stand-alone effects as displayed on page 12

# Siemens is committed to Wind Power and will own 59% of combined business post merger

Q3 CY16

Shortly post

closing

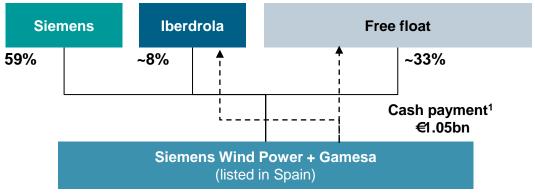

#### Transaction highlights

- Ownership post merger:
   59% Siemens (controlling), 41% others
- Cash payment to Gamesa shareholders of €3.75 per share, ~€1.05bn in total (represents 26% of Gamesa's unaffected share price at market close on January 28, 2016) funded by Siemens
- Closing conditions, including:
  - Merger control clearances
  - Confirmation by Spanish regulator CNMV that no mandatory takeover bid has to be launched
  - Approval by Gamesa's shareholder meeting

#### **Post Deal structure**

**Fully consolidated at Siemens** 

<sup>1</sup> Funded by Siemens

#### **Next steps**

Gamesa shareholder approval

Siemens Wind Power carve out
 Q1 CY17

Expected closing
 Q1 CY17

 Cash payment to existing Gamesa shareholders

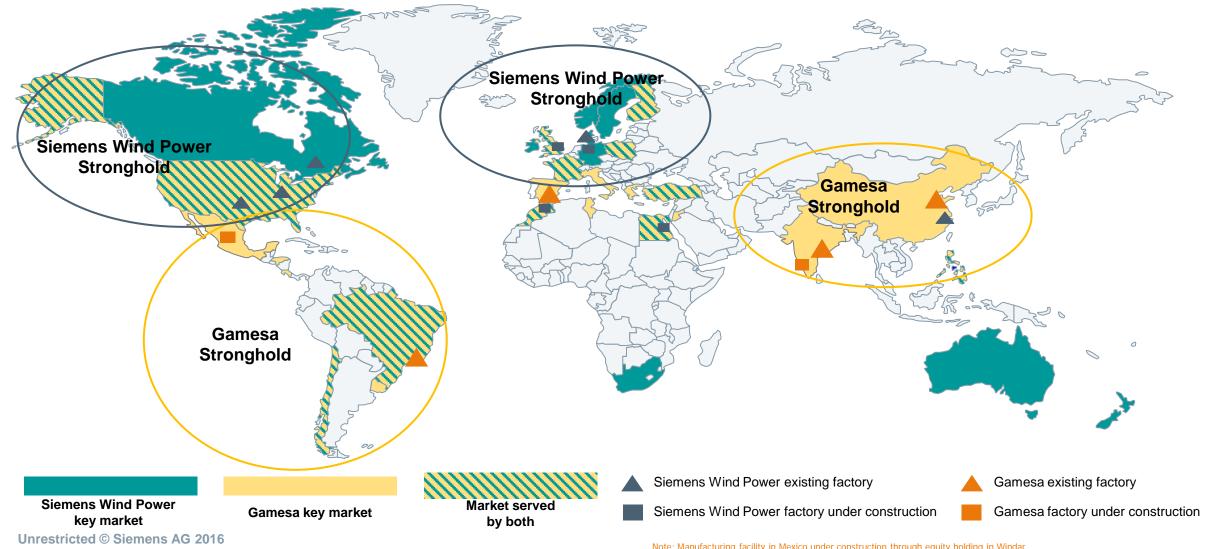

# Combination of two major, highly complementary global wind players

	Gamesa		Siemens Wind Power	
Onshore market strongholds	China, LatAm, India 71% of LTM March 2016 onshore order intake		US, Canada and Europe <sup>1)</sup> 95% of LTM March 2016 onshore order intake	
Offshore	Very limited		A market leader	
Products & technology	Strong for "capacity restricted" markets High capacity factor turbines & tight cost control	Small overlap "Perfect match"	Strong for "position limited" markets  Large Direct Drive turbines for offshore	
Positioned for growth	Onshore growth markets and Service of installed fleet (~35GW)		Offshore and Service of installed fleet (~34GW)	
Customers	Southern European Utilities  Local Independent Power  Producers in Emerging  Markets		Northern European and US Utilities  Local Independent Power  Producers in Developed  Markets  1) Incl. Tur	

**Unrestricted © Siemens AG 2016** 

## Well diversified and balanced geographical footprint

# Siemens-Gamesa combination is the best possible strategic fit in the wind power industry

#### **Customer Value**

 Limited overlap and compelling customer benefits with most comprehensive product offering and widest service network

#### **Portfolio**

Enhanced opportunities to boost sustainable energy innovation

#### **Sustainability**

 Commitment to affordable, reliable and sustainable energy supply

#### **Shareholder Value**

 Significant value creation potential for both Siemens and Gamesa shareholders

#### **Questions and Answers**

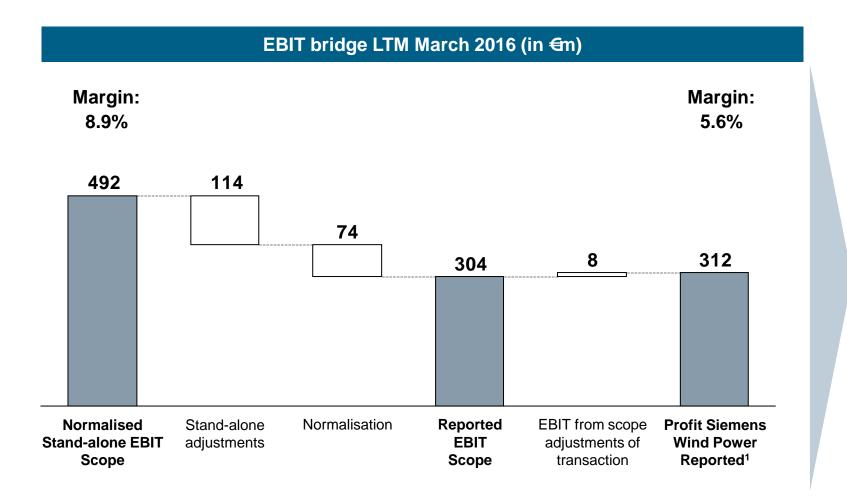

# Thank you for your attention – your questions, please!

# **Appendix**

## Siemens Wind Power: Normalised, stand-alone EBIT

#### **Normalisation**

- Elimination of one-time impacts mainly related to segments
- Stringent measures implemented to fix issues

#### Stand-alone adjustments

 Certain carve-out and pro-forma adjustments resulting from separation of Siemens Wind Power

#### **Scope adjustments**

E.g. hydro, solar: excluded

<sup>1)</sup> Profit for last twelve months, period ended March 2016, as reported for Siemens Wind Power & Renewables Division

# **Siemens Wind Power: EBIT normalisation adjustments**

EBIT Normalisations (€m)	LTM March 2016
EBIT as reported Scope	304
1 Blade Quality	-
2 Main Bearings	79
3 Segments	73
Other	-5
Normalisations	74
Therein: Onshore	~30%
Therein: Offshore	~70%
EBIT normalized Scope	378

#### **Concepts / Agreements**

- ⇒ Product issues exceptional in nature
- ⇒ Estimated provision of approx. €250m as of March 2017 (current best estimate of potential cash out from quality issues)
- An additional indemnity of €250m by Siemens for potential additional expenses relating to the three one-off quality items that resulted in losses in 2014 and 2015
