

EXTENDED EXCHANGE OPTION (EEO)

Lower risk greater peace of mind

siemens.com/processanalytics

Protect your investment

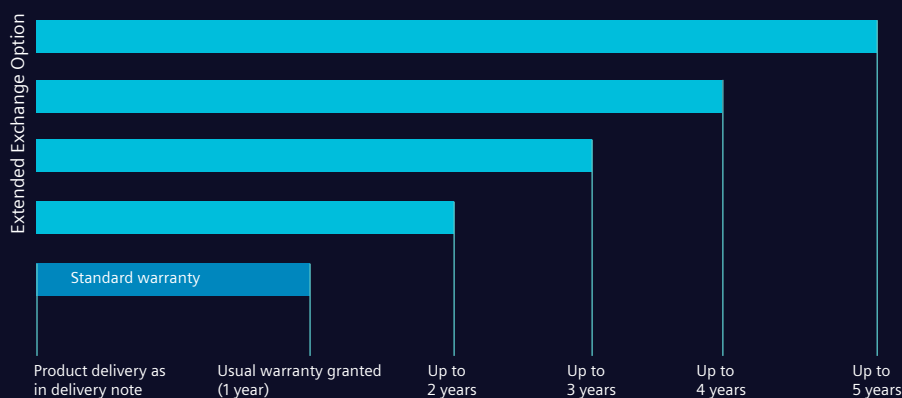

Are you looking for comprehensive coverage to protect your investment?
You want to reduce risk of unexpected cost?
Ensuring optimized operations has high priority?

Safeguard the future

All Siemens analyzers already include a free manufacturer's warranty. Breathe even easier and eliminate unpredictable service fees by adding the Extended Exchange Option to your Siemens analyzer.

High flexibility

Different time periods can be selected tailored to your needs up to a total of 2, 3, 4 or 5 years.

Your benefits at a glance:

Easy to order

Just order along with the device

High flexibility

Choose the time period that fits your needs

Cost transparency

All warranty cost are covered

Global availability

Worldwide warranty claim

SIEMENS

Easy to order

All it takes is a one-time payment along with your product order to secure the devices for a long time.

Cost transparency

Pay absolutely no additional fees for warranty-covered repair activities during the selected time period.

Worldwide service

Return your device for warranty repair at one of our worldwide Siemens locations – and feel secure in knowing the repair will be completed by a factory-certified technician.

Ready to make a good decision?

If you are interested in buying an Extended Exchange Option please contact your local sales force or Solution Partner.

They will be happy to help and support you with detailed information on options, pricing, warranty claim and ordering.

Beyond warranty

Siemens standard and extended warranties apply to repair of devices that have failed under normal operating conditions due to material or manufacturing defects.

Need support that goes beyond a warranty? Service contracts are also available to cover preventive maintenance costs.

Additionally, our highly skilled and extensively trained specialists can provide excellent start-up services according to factory guidelines for any new Siemens process analyzer. Backed by an extended warranty of up to 5 years, you can rest with peace of mind.
