

Language Requirements

Siemens in Canada confirms its general commitment to comply with Québec's language laws as set out in the Charter of the French Language, and as per Siemens Canada Policy Statement 31-PS-01-008.

As per the Charter's requirements, content created by and for Siemens Canada is available in French and in English. Siemens Canada is not responsible for external web sites' content, including other Siemens's entities' web site contents. When a user is redirected to an external web page from the Siemens Canada web site, the content may not be in French.
