Ordering process for DIGSI 5 Premium Scientific (P1X453)

Dear Sirs and Madams,

The license DIGSI 5 Premium Scientific (order code: P1X453), which is technically equivalent to DIGSI 5 Premium is only applicable for universities, colleges and research institutes. Each ordered license can be used on up to 10 computers.

As the license DIGSI 5 Premium Scientific is free of charge only for the above mentioned users Siemens AG needs a written proof, that the buyer is one of the authorized user group and that the product is only used for teaching purposes.

Therefore a standard agreement with Siemens AG needs to be signed.

1. You find the standard agreement on our Intranet: www.siemens.com/digsi5
2. Send us a copy (scan) of the signed document in advance to the above email address.
3. After signature we will send the signed document back to you.
4. Now you can order the needed number of DIGSI 5 Scientific licenses through the usual order process. Please get in touch with our order management and send them the signed document.

Sincerely yours,

Siemens Aktiengesellschaft

gez. Dr. Markus Wache

gez. Michael Hartmann
