

JUNE 17, 2021 | 1:00 – 4:00 PM EST

Executive Cybersecurity Forum for Electric Power

Biography

Andrea Sanders Brackett

Vice President, TVA Cybersecurity

Andrea Brackett is the Vice President and Chief Information Security Officer for the Tennessee Valley Authority (TVA) where she is responsible for TVA's enterprise cybersecurity program. She leads a team of highly skilled cybersecurity professionals who support TVA's mission by ensuring that company wide security measures are in place and managed to protect technology and information-based assets, employee privacy, IT continuity of operations, and incident management. Her responsibilities also include ensuring compliance with applicable cybersecurity regulatory requirements.

Brackett holds several IT and cybersecurity related certifications including: International Information System Security Certification Consortium (ISC)² Certified Information System Security Professional and Certified Authorization Professional. She has over 27 years of experience working in the information technology field, more than half of which has been focused on cybersecurity program management and information assurance. Brackett holds a Bachelor of Science degree in computer science from Tennessee Tech University.

Andrea Sanders Brackett

Ms. Brackett will be a panelist at the Executive Cybersecurity Forum for Electric Power.
