MCC Type Identification Guide

To identify the Siemens Motor Control Centers (MCC) model type, please refer to the MCC Identification Guide for MCC Aftermarket Renewal Parts. This document, CCBR-MCCAR-0813, is available on our website www.usa.siemens.com/mccaftermarket under the Downloads / Support section.

1. Visit our website usa.siemens.com/mccaftermarket

2. Scroll down to Downloads / Support

3. Click on the link for "Catalog - tiastar MCC identification guide" and the document will automatically display

Use Industry Mall to order

Ordering process using Industry Mall

Step 1
Choose the required item ordering number via the MCC Aftermarket Renewal Parts Catalog.

Step 2
After logging in to Industry Mall (**mall.industry.siemens.com**), enter the ordering number in the Product Search.
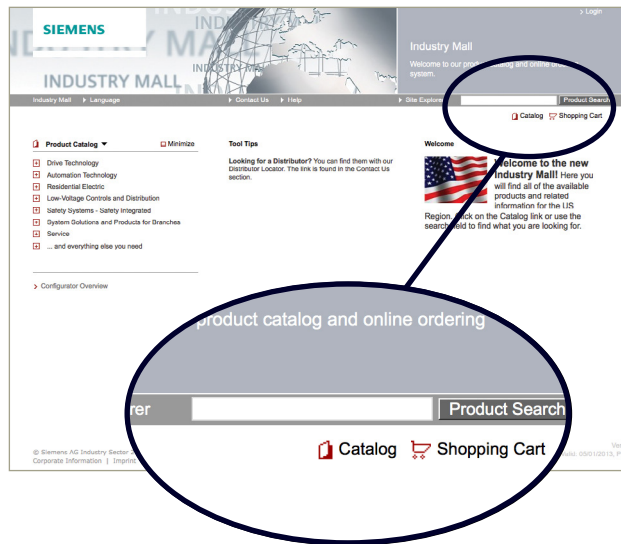

Step 3
Enter the quantity and click add to cart.
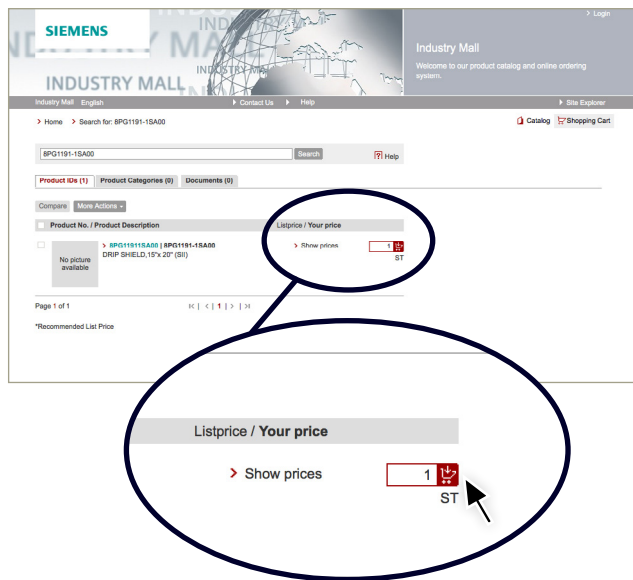

Step 4
Add another items if desired, click on shopping cart, and proceed to checkout.
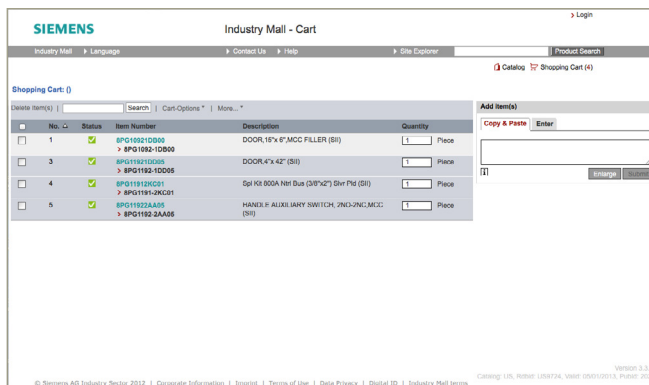

Note: If you could not find the item that you are looking for in this catalog, please call Customer Service at 1-866-663-7324.

| Use COMPAS to order

Ordering process using COMPAS

Step 1
Choose the required item ordering number via the MCC Aftermarket Renewal Parts Catalog.

Step 2
After logging in to COMPAS and clicking on Manage Jobs, enter the ordering number in the Product ID box.
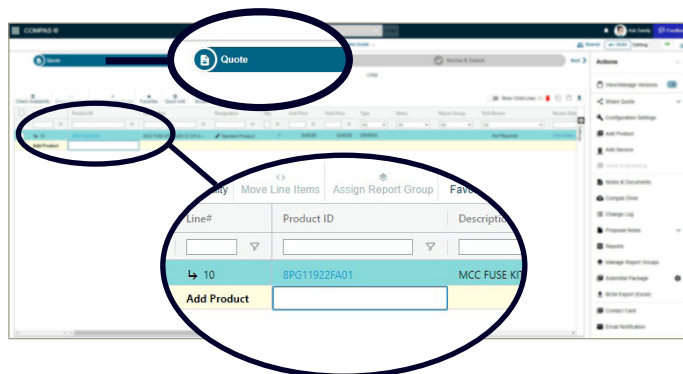

Step 3
Enter the quantity desired and press enter.
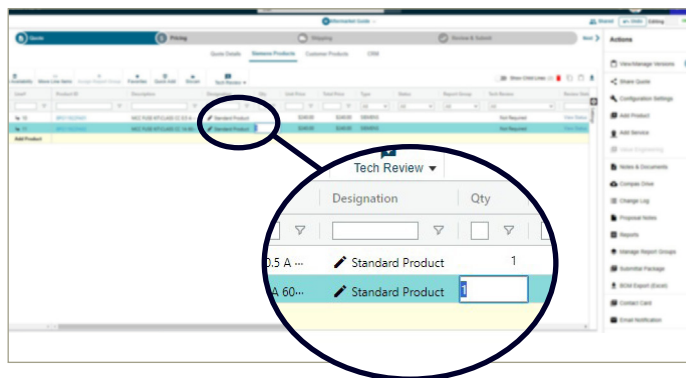

Step 4
Add other items if desired following the previous steps. When finished adding product, click Submit for Pricing Approval.
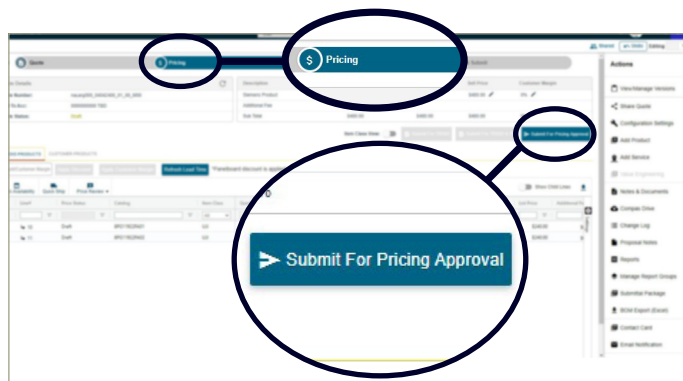

Note: If you could not find the item that you are looking for in this catalog, please call Customer Service at 1-866-663-7324.

Section Parts

Splice Kits

Bus splice plate(s), mounting hardware, and installation guide are included in the Splice Kit.

These section parts are only compatible with Model 95+, System 89, and tiastar structures.

50°C Horizontal Bus Silver Plated Kit Type	Ordering Number

MCC Control Parts Kits

Fuse blocks, end barriers, and screws are included in the MCC Control Part Kit.

Fuse Block Kit Type	Ordering Number
Type CC Fuse Block, With Rejection Feature (Qty 3)	**8PG1192-2CF00**
Type M Fuse Block, Without Rejection Feature (Qty 3)	**8PG1192-2CF01**

MCC Terminal Blocks Accessory Kit Type	Ordering Number
Terminal Block Accessory Kit	8PG1192-2TA00
Terminal Block Mounting Bracket Kit (for recessed fixed mounted unit)	8PG1192-2TA01

Metering Terminal Block (Qty 1)	Ordering Number
4 Pole, Shorting Terminal Block	**8PG1192-2TM00**

Control Terminal Blocks (Qty 5)	Ordering Number
4 Pole, Pull Apart, Din Rail Mounted, Control Terminal Block	8PG1192-2TR00
3 Pole, Stationary, Rail Mounted, Control Terminal Block	8PG1192-2TR01
3 Pole, Pull Apart, Rail Mounted	8PG1192-2TR02
3 Pole, Stationary, Rail Mounted, Ring Tongue Only	8PG1192-2TR03
5 Pole, Pull Apart, Screw Mounted (Model 95)	8PG1092-2TB00
3 Pole, Stationary, Screw Mounted	8PG1192-2TB01
5 Pole, Pull Apart, Screw Mounted (Model 95)	8PG1092-2TB00
3 Pole, Stationary, Screw Mounted	8PG1192-2TB01
3 Pole, Pull Apart, Screw Mounted	8PG1192-2TB02
4 Pole, Pull Apart, Swing Plate Mounted, Control Terminal Block	8PG1 192-2TS00

Blank Nameplate Kit
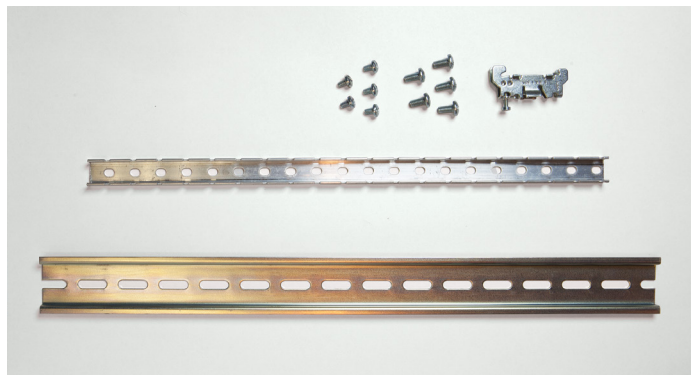

Terminal end retainer,
13-¾" mounting rail,
14-15/16" din rail, terminal marking strip, and mounting hardware.

MCC High Density Terminal Blocks Kit (Qty 1)	Ordering Number
12 Point Terminal Block Kit For 6" and 12"	8PG1192-2TH00
12 Point Terminal Block Kit For 18"	8PG1192-2TH01
14 Point Terminal Block Kit For 6" and 12"	8PG1192-2TH02
14 Point Terminal Block Kit For 18"	8PG1192-2TH03
16 Point Terminal Block Kit For 12"	8PG1192-2TH04
16 Point Terminal Block Kit For 18"	8PG1192-2TH05
2 Position Insulated Insertion Bridge	8PG1192-2TH06

Power Terminal Blocks (Qty 5)	Ordering Number
3 Pole, Pull Apart, Rail Mounted, 70 Amp	**8PG1192-2TP00**
3 Pole, Stationary, Rail Mounted, 70 Amp	**8PG1192-2TP01**
3 Pole, Stationary, Rail Mounted, 125 Amp	**8PG1192-2TP02**
3 Pole, Pull Apart, Rail Mounted, Ring Tongue Only, 45 Amp	**8PG1192-2TP03**
3 Pole, Stationary, Rail Mounted, Ring Tongue Only, 115 Amp	**8PG1192-2TP04**

Swingplate Kit* Type	Ordering Number
12 Inch Unit Side Swingplate Kit	**8PG1192-2TS01**
18 Inch Unit Side Swingplate (for Din Rail Terminal Block Mounting Kit)	**8PG1192-2TS02**
18 Inch Unit Side Swingplate Kit	**8PG1192-2TS03**

* Note: One unit side Swingplate, Grounding spring, and mounting hardware are included in the Swingplate Kit.

Unit Parts

Nameplate, Overload and Shutter Mechanism Kits

Nameplate Kits

| Blank Nameplates Kit Type (Qty 5 Nameplates)	Ordering Number
White Blank Nameplate Kit (Black Lettering)	8PG1192-1NA00
Black Blank Nameplate Kit (White Lettering)	8PG1192-1NA01
Red Blank Nameplate Kit (White Lettering)	8PG1192-1NA02
Yellow Blank Nameplate Kit (Black Lettering)	8PG1192-1NA03
Dark Grey Blank Nameplate Kit (White Lettering)	8PG1192-1NA04

Overload Reset Kits

| Kit Name	Ordering Number
Standard Reset Assembly Kit (Qty 5)	8PG1192-2RA00
Bi-Metal Only Reset Assembly Kit, Size 4 (Qty 1)	8PG1192-2RA01
Reset Hole Plugs (Qty 10)	8PG1192-2RB00
ESP Reset Extender	49ASRE

Shutter Mechanism Kit

Kit Type	Ordering Number
tiastar Shutter Mechanism Kit	8PG1191-2MA00

Blank Nameplate Kit
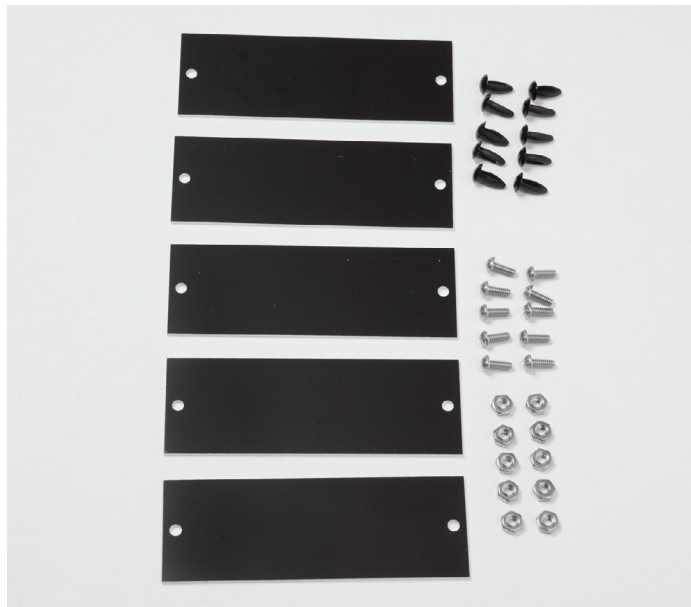

1.25" X 3.56" blank nameplate (qty 5), nameplate rivets (qty 10), and screw and nut set (qty 10).

tiastar Shutter Mechanism Kit
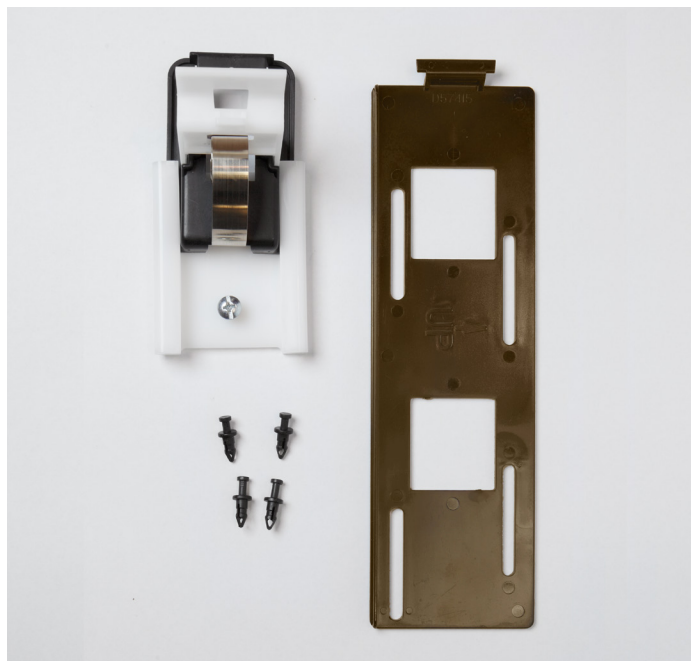

Shutter mechanism assembly, mounting hardware, and installation guide (not shown).

Note: The auto-shutter assembly can only be field installed in a Tiastar MCC built with insulated vertical bus manufactured after 6/1/2001.

Miscellaneous Parts

Industrial Control Power Transformers - Class MT
