

JUNE 17, 2021 | 1:00 – 4:00 PM EST

## Executive Cybersecurity Forum for Electric Power

### Biography

#### John Biasi

#### Senior Consultant - Governance, Risk, Cybersecurity & Compliance, Burns & McDonnell

John Biasi is an accomplished professional with notable success directing a broad range of IT & OT cybersecurity initiatives while participating in planning, analysis, & implementation of solutions in support of business objectives. He has hands-on experience developing solutions for a broad range of regulations & security frameworks including ISO 27001, NEI 08-09, NERC CIP, NIST, PCI-DSS, & SOX. He has performed a multitude of risk and vulnerability assessments and worked with vendors, application developers, database administrators, corporate IT, and other technology groups to resolve any problems, and conducted routine hardware and software audits of all supported systems to ensure compliance with established standards, policies, procedures, and requirements.

Burns & McDonnell's Governance, Risk, Cybersecurity & Compliance (GRCC) team is driven to protect and enhance reliable operations of critical infrastructure by advising on regulatory compliance, risk management, Operational Technology (OT) cybersecurity, and enterprise strategy. We help our clients successfully navigate complex business challenges by providing security and risk management solutions while also helping improve operations through process efficiencies, technologies, and internal controls.

**John Biasi**

Mr. Biasi will be a panelist at the Executive Cybersecurity Forum for Electric Power.
