

## Siemens Canada named one of Canada's Top 100 Employers 2017

Oakville, ON., November 7, 2016

Commitment to employees, environment and education among reasons for selection  
Honour marks seventh time Siemens Canada has been awarded the distinction

For the seventh time, Siemens Canada has been recognized for its ongoing commitment to being an employer of choice for the nation's brightest talent. Siemens Canada is in good company on Mediacorp's annual list of Canada's Top 100 Employers 2017 and proudly shares the recognition with all the winners as well as approximately 5,000 Siemens employees from

coast-to-coast. The full list of winners is published today in a special feature in The Globe and Mail.

"Canada's employment landscape is changing dramatically, as are the types of jobs and skills required by employers," said Kim Velluso, Vice President Human Resources, Siemens Canada. "We're proud to help build Canada's workforce of the future and offer sustainable employment that also creates lasting value for society through our innovative technology."

Siemens Canada was chosen from among 7,500 applications by editors at Mediacorp who grade employers on eight criteria: (1) Physical Workplace; (2) Work Atmosphere & Social; (3) Health, Financial & Family Benefits; (4) Vacation & Time-Off; (5) Employee Communications; (6) Performance Management; (7) Training & Skills Development; and (8) Community Involvement.

Siemens Canada was highlighted for its LEED Gold head office in Oakville, Ontario, its incentivized employee suggestion program and its programs dedicated to lifelong employee skills development and learning. Read more about the reasons for selection [HERE](#).

### About Siemens Canada

For more than 100 years Siemens Canada has stood for engineering excellence, innovation, quality and reliability. Siemens technology in the fields of electrification, automation and digitalization helps make real what matters to Canadians. From the Atlantic to Pacific oceans, more than 4,800 employees in Canada work together to deliver solutions for sustainable energy, intelligent infrastructure, healthcare, and the future of manufacturing. One of the world's largest producers of energy-efficient, resource-saving technologies, Siemens is a leading supplier of gas and steam turbines for power generation, a major provider of power transmission solutions and a pioneer in infrastructure solutions and automation, drive and software solutions for industry. The company is also a foremost provider of medical imaging equipment and a leader in laboratory diagnostics. Sales for Siemens Canada in fiscal 2015 (ended September 30), were \$3.0 billion CAD. The company has 46 offices and 15 production facilities across Canada.

After 100 years, we are still building a better tomorrow.
