

List of Subprocessors for Offerings of Siemens Digital Industries Software (SISW)

General Information

This document lists the Subprocessors that the Siemens entity, named on the Order, engages when providing Offerings to its Customers, unless agreed somewhere else by the parties. It will be updated if required.

SISW cloud offerings & software subscriptions include by default Standard Maintenance & Support (GCSS).

Definitions

"Adequacy Decision" shall mean an a decision in the meaning of Article 45 of the General Data Protection Regulation (EU) 2016/679.

"Offering" means an individual offering, made available by Siemens and identified in an Order, which consists of Cloud Services, Software, Hardware, or Professional Services, or a combination of any of the foregoing, and any associated maintenance and support services and Documentation.

"Subprocessor" shall mean any further Processor engaged by Siemens that has access to Personal Data.

Info - New Subprocessors

New Subprocessors are highlighted in the corresponding column.
