Part two

CAPITAL STOCK; SHARES

§ 4

1. The capital stock amounts to €2,550,000,000, divided into 850,000,000 shares of no par value.
2. The shares of stock shall be registered in the names of the holders. For purposes of recording the shares in the Company's share register, shareholders are required to submit to the Company the number of shares held by them and e-mail address if they have one and, in the case of individuals, their name, address and date of birth, or in the case of legal entities, their company name, business address and registered offices. The Company shall be entitled to submit to registered shareholders, with their approval, information by way of remote data transmission.
3. The right of shareholders to have their ownership interests evidenced by document shall be excluded, unless such evidence is required under the regulations of a stock exchange on which the shares are listed. Collective share certificates may be issued.
4. The capital stock is conditionally increased by up to €566,229 nominal. The conditional capital increase shall be effected exclusively through the issuance of up to 188,743 new shares of stock registered in the names of the holders with entitlement to dividends as of the beginning of the fiscal year in which they are issued, and only to the extent to which former shareholders of Siemens Nixdorf Informationssysteme AG take advantage of the settlement offered to them following the integration of Siemens Nixdorf Informationssysteme AG into Siemens AG.
5. The Managing Board is authorized to increase the capital stock until January 29, 2024, with the approval of the Supervisory Board, by up to €510,000,000 nominal through the issuance of up to 170,000,000 shares of no par value registered in the name of the holders against contributions in cash and/or in kind. The authorization may also be used in installments. The new shares shall participate in profits from the beginning of the fiscal year in which they have been issued. To the extent permitted by law, the Managing Board, with the approval of the Supervisory Board, can stipulate in deviation from the above and Section 60 (2) of the German Stock Corporation Act (AktG) that the new shares shall participate in profits from the beginning of a fiscal year that has already ended and for which no resolution on appropriation of the net income has been adopted by the Annual Shareholders' Meeting at the time the shares are issued. The Managing

Board shall be authorized to determine the further details of the capital increase and its implementation with the approval of the Supervisory Board (Authorized Capital 2019).

The Managing Board is furthermore authorized to exclude the subscription right, with the approval of the Supervisory Board, in the event of capital increases against contributions in kind, particularly in connection with business combinations or the acquisition (including indirect acquisition) of companies, businesses, parts of companies, participations or other assets or claims for the acquisition of assets, including claims against the Company or any of its consolidated subsidiaries.

In the event of capital increases against contributions in cash, the new shares must generally be offered to the shareholders for subscription; they can also be assumed by credit institutions or enterprises within the meaning of Section 186 (5) sentence 1 of the German Stock Corporation Act (AktG) with the obligation that they must be offered to the shareholders for subscription. However, the Managing Board is authorized to exclude shareholders' subscription rights, with the approval of the Supervisory Board, in the event of capital increases against contributions in cash

- to the extent necessary for fractional amounts resulting from the subscription ratio,
- in order to grant holders/creditors of conversion or option rights on Siemens shares or of respective conversion or option obligations from bonds issued or guaranteed by Siemens AG or any of its consolidated subsidiaries subscription rights as compensation against effects of dilution to the extent to which they would be entitled upon exercising such conversion or option rights or fulfilling such conversion or option obligations,
- if the issue price of the new shares is not significantly lower than the stock market price of Siemens shares already listed. The part of the capital stock mathematically attributable to the shares issued against contributions in cash, with shareholders' subscription rights excluded in accordance with the provisions of Section 186 (3) sentence 4 of the German Stock Corporation Act (AktG), must not exceed 10% of the capital stock. Applicable in this case is the capital stock at the time this authorization becomes effective or, if this amount is lower, at the time at which this authorization is used. This limit shall include shares issued or disposed of in direct or *mutatis mutandis* application of these provisions during the term of this authorization up to the time of it being used. Likewise included are shares that have been issued or granted or are to be issued or granted on the basis of a convertible bond or warrant bond issued during the term of this authorization, with shareholders' subscription rights excluded in accordance with Section 186 (3) sentence 4 of the German Stock Corporation Act (AktG).

6. The capital stock is conditionally increased by up to €180,000,000. The conditional capital increase shall be effected through the issuance of up to 60,000,000 shares of no par value registered in the names of the holders with entitlement to dividends as of the beginning of the fiscal year in which they are issued and only to the extent to which holders/creditors of convertible bonds or warrants under warrant bonds issued by February 4, 2025, by Siemens AG or any of its consolidated subsidiaries under the authorization of the Managing Board granted by the Annual Shareholders' Meeting of February 5, 2020, exercise their conversion or option rights, fulfill their conversion or option obligations, or to the extent shares are tendered, and provided that no other forms of fulfillment of delivery are used. The new shares shall be issued at the conversion or option prices determined in each case in the terms and conditions of the bonds and/or the warrants in accordance with the above-mentioned authorization. The Managing Board shall be authorized, with the approval of the Supervisory Board, to determine the further details of the capital increase and its implementation (Conditional Capital 2020).
7. The Managing Board is authorized to increase, with the approval of the Supervisory Board, the capital stock once or several times until February 2, 2026, by up to a total of €90,000,000 nominal through the issuance of up to 30,000,000 shares of no par value registered in the names of the holders against contributions in cash. Subscription rights of existing shareholders are excluded. The new shares shall be issued only under the condition that they are offered exclusively to employees of Siemens AG and any of its affiliated companies ("employee shares"). As part of this, the new shares can also be issued through a credit institution or a company operating in accordance with Section 53 (1) sentence 1 or Section 53b (1) sentence 1 or (7) of the German Banking Act (KWG) that acts as an intermediary. To the extent permitted by law, employee shares may also be issued in such a manner that the contribution to be paid on such shares is covered by that part of the annual net income which the Managing Board and the Supervisory Board could allocate to other retained earnings under Section 58 (2) of the German Stock Corporation Act (AktG). The Managing Board shall be authorized to determine, with the approval of the Supervisory Board, the further content of the rights embodied in the shares and the terms and conditions of the share issue (Authorized Capital 2021).
8. The capital stock is conditionally increased by up to €240,000,000. The conditional capital increase shall be effected through the issuance of up to 80,000,000 shares of no par value registered in the names of the holders with entitlement to dividends as of the beginning of the fiscal year in which they are issued and only to the extent to which holders/creditors of convertible bonds or warrants under warrant bonds issued by January 29, 2024 by Siemens AG or any of its consolidated subsidiaries under the authorization of the Managing Board granted by the Annual Shareholders' Meeting of January 30, 2019 exercise their conversion or option rights, fulfill their conversion or option obligations, or to the extent shares are tendered, and provided that no other forms of fulfillment of delivery are used. The new shares shall be issued at the

conversion or option prices determined in each case in the terms and conditions of the bonds and/or the warrants in accordance with the above-mentioned authorization. The Managing Board shall be authorized, with the approval of the Supervisory Board, to determine the further details of the capital increase and its implementation (Conditional Capital 2019).

§ 5

In the event of liquidation, dissolution or winding up of the Company, all corporate assets shall be distributed to all shareholders in proportion to the ownership in the capital stock held by them.

§ 6

By subscription to or by otherwise acquiring shares or interim certificates for shares, the shareholder submits to the jurisdiction of the courts of the Company's legal domicile in all disputes with the Company or its governing bodies.
