Siemens AG is a global technology powerhouse that has stood for engineering excellence, innovation, quality, reliability and internationality for more than 170 years. Active around the world, the company focuses on automation and digitalization in the process and manufacturing industries (Digital Industries) and on intelligent infrastructure for buildings and distributed energy systems (Smart Infrastructure). Siemens brings together the digital and physical worlds to sustainably benefit customers and society. Through Mobility, a leading supplier of intelligent mobility solutions for rail and road transport, Siemens is helping to shape the world market for passenger and freight services. Via its majority stake in the publicly listed company Siemens Healthineers, Siemens is also a world-leading supplier of medical technology and digital health services. In addition, Siemens holds a minority stake in Siemens Energy, a global leader in the transmission and generation of electrical power that has been listed on the stock exchange since September 28th, 2020. All three companies build a powerful ecosystem to address the greatest challenges of our time.

 Siemens Strategy Vision 2020+ - Clear roadmap to ultimate value creation

With Vision 2020+, breadth, size and a 'one size fits all' approach will be replaced by focus, speed and adaptability to ensure the success of Siemens businesses of the next generation. Siemens is fully on track with the execution of its Vision 2020+ strategy concept and achieved major portfolio milestones with the Siemens Energy spin-off and the Flender disposal in FY2020.
