# RBI goes off the beaten track in rescuing troubled banks

eleaguered lenders YES Bank. Panjaband Maharashtra Co-operative Bank (PMC Bank), and Laksluni Vilas Bank (LVB) have a common link, besides being troublest names.

When in deep distress, the Reserve BankofIndia(RBI)did not goforthetriedand-tested measure of merging them with a public or private sector bank. Rather, it tooka different approach towards their rescue. In the case of YES Bank, State Bankof India took only 49 percent stake (with private lenders acquiring a smaller stake) to ensure stability. PMC Bank, placed under moratorium in September 2019, stunned many by welcoming applications from investors to convert to a small finance bank (SFB), this month.

This follows the RBI's directive to allow such co-operative banks to convert to an SFB, this year, PMC Bankcould be an interesting test case if quality investors show interest. Depositors of PMC Bank have the option to conven their deposits to exhity.

Likewise, the solution for LVB has been no less out of the box. While the regulator has allowed India-incorporated foreign banks to take 10 per cent stake (or higher incase of extreme distrass). LVB's proposad merger with DBS Bank India will be the first of its kind, "Considering the RBI's conservative stanc cin the past, we are pleasantly surprised by this move," says Suresh Ganapathy of Macquarie Capital,

For Nilesh Shah, MD and CEO of Envision Capital, market-oriented solutionsframed with the objective of retaining institutional flavour will go a long way in cent, as of December 31, 2019.

- Draft guidelines indicate that existing equity share capital may be written down

Experts say once a moratorium is imposed on a bank, the interest of equity investors need not be the RBI's top concern. "However, had equity investors been wiped offa stock once the darling of forcign investors, it would have -considering its position in the pecking order — led toother banks losing their appeal too," says a person privy to the developments in YES Bank, Since covenants of additional tier-l bonds permitted a markdown, the RBI chose to exercise the option. In LVB's case,

Shah says the ownership pattern doesn't merita YES Bank-style solution. "If equity investorshaveput in riskcapital, theywill have to pay a price for it," he argues. LVB's negative net worth position also justifies the delisting decision. Many say it was this differentiated approach that set these resolution mechanisms apart, "DBS Bank ludia is a well-regulated in stitutional investor that will protect LVB's depositors," says Shah, However, will these out-of-the-box efforts yield results. Ananth Narayan, an international banking expert now on the YES Bank board, says we need to give these solutions some time.

"Rome wasn't built in a day," he said. While global precedents like Lehman Brothers, Bem Sterns, and Merrill Lynch were examples of disbanding key assets to investors and a bunch of banks bailing them out subsequently, Narayan points out that not all have been successful.

Back home, he lauds the RBI's efforts to stitch new solutions but feels the marriage wouldn't have happened without the moratorium being imposed. \*Whether YES Bank or LVB, there was market interest. Yet, nothing went through without the RBI's intervention." How can deals happen in the natural course if investors are hazy about the quality of banks, he questious.

Nevertheless, he is hopeful that these small steps should lead to the most talked about Financial Resolution and Deposit Insurance (FRDI) Bill becoming a reality soon. Without a strong resolution mechanism, investorsmay remain sceptical about signing big cheques. "The practice of depositors leaning on the RBI's assurance, while being lured by banks offering 8-10 per cent interest, isquestionable," says Narayan.

# Time to diversify: Spread your deposits across banks

Just as you monitor MFs' performance, keep an eye on parameters that reflect your bank's health

BINDISHA SARANG & SANJAY KUMAR SINGH

Tamil Nadu-headquartered Lakshmi Vilas Bank (LVB) has been placed under a moratorium that will last from November 17-December 16, 2020. buring this period, depositors cannot withdraw more than \$25,000 (even if they have multiple accounts), If you are an LVB account holder, you would have many queries. Below, we try to answer some of the key ones.

### Can I withdraw more than \$25,000?

You can do so under special circumstances (see word beax). In such circumstances, you can be paid either ₹5 lakh or the balance in your account -whicheverislower. Addressing a pressconference, T N Manoharan, administrator, Lakshmi Vilas Bank, said: Depositors will need to provide proof of exceptional circumstances to their branch, along with a request for an amount of more than \$25,000." Approval will come from the Reserve Bauk of India (RBI), so it could take some time.

### Ismymoneysafe?

The administrator assured that depositors' money is not at risk, According to Siddharth Purohit, research analyst, SMC Global: "The moratorium has been put in place for a month to avoid a tun on thebank."

Accessing an amount of up to ₹25.000 may not be a problem. "Branches and ATMs will start operations in a phased manner from the morning of November 19." said Manohaian. The banking regulator has proposed to merge LVB with the Indian subsidiaryof Singapore's DBS Bank. In the best-case scenario, depositors may not face more than a temporary liquidity problem.
