

Using Electricity at home!

Everyday we use electricity without realising – when we have toast or porridge for breakfast, when we listen to music or watch our favourite TV shows, and especially when we get ready for school.

Task 1

Think about getting ready this morning.

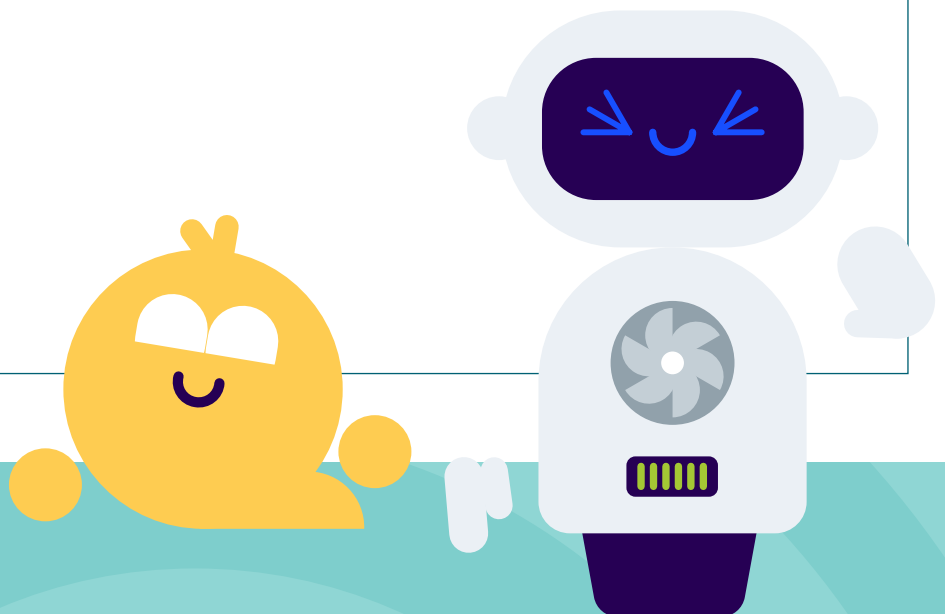

What was breakfast made with?

How did you dry your hair?

Did you listen to music?

Draw pictures of electrical items you used in your morning routine.

A large, empty rectangular box with a thin blue border, intended for a child to draw pictures of electrical items used in their morning routine.

SIEMENS

Task 2

Not all electrical items in the home convert electricity into the same type of energy. **Can you name the 4 types of energy REG uses?**

Watch the video to find out!

- 1 _____
- 2 _____
- 3 _____
- 4 _____

Task 3

Now you know the **4 types of energy**, label the electrical items from your morning routine with the correct type of energy they use.

Bonus Task

Watch the video and answer KB2's questions below:

KB2 uses _____ energy to blow away REG

_____ energy is used to dry REG's hair

A spotlight is put on REG using _____ energy

KB2 has to suffer REG's terrible singing because of _____ energy
