🏭 RC-RS DI MC

🏠 Belgrade, Serbia

An aerial photograph of a large industrial complex, likely a steel mill, with multiple buildings and a large open area. Overlaid on the image are several semi-transparent digital screens and data visualizations. These include: a 'Plant Performance' screen with a donut chart and line graphs; an 'Energy Overview' screen showing 'Total Consumption' and 'Production'; a 'Energy Distribution' screen with a gauge showing 117,416; a 'Gas' screen with a gauge showing 68,356.00; and a 'PRO2 Masch3 EnO' screen at the bottom. The background shows a cityscape under a cloudy sky. The Siemens logo and tagline 'Ingenuity for life' are in the top right corner. A large teal banner at the bottom contains the text 'SIZER, Large Drives' and 'Beograd 23.04.2020.'.
