

# Xcelerator Academy Portal new navigation

Memberships section

# The 4 new primary areas: My Memberships

## My Memberships

- One **common** and combined **navigation environment**
- Access to learning content for either the Xcelerator Academy or Perform memberships
- Memberships **details shown on cards** (brief description, expiration date and “show more details” button with all the information you may need (products associated with the membership, list of the corporate administrators, ID, etc.)

The screenshot displays the 'My Memberships' section of the Siemens Xcelerator Academy interface. It features a navigation bar with links for Memberships, On-Demand Training, Instructor-Led, Browse and Buy, Administration, and Support. Below the navigation, there are tabs for 'My Memberships', 'My Libraries', 'Documentation', and 'My Transcript'. The main content area shows three membership cards. The first card is for 'XA Corporate Membership - Enterprise (50+)'. A modal window is open over this card, providing detailed information:

Products	• Active Workspace • Process Simulate

# The 4 new primary areas: My Libraries

## My Libraries

- **New page** to browse your learning material
- The labels “Category” and “courses” replaced with “**library**” and “**Chapters**”
- Better and faster search experience
- **Multiple versions and languages** also displayable at once
- **New filter button** to filter on Status, Type or search word
- Learning paths and chapters **details shown on cards**
- Possibility to **create or save a new item** or leave a **feedback** on the chapters’ cards
- New **breadcrumb feature** to see the selected information and backtrack to the previous view
- **New Library outline feature**, to display each Learning Path inside the chosen Library, down to the topic level
- **Quicklist features** with the option to add both new Xcelerator Academy Membership and Perform Membership content into a single list

The screenshot displays the 'My Libraries' interface. At the top, there are filters for 'Library' (Teamcenter), 'Track' (Any), 'Version' (Any), 'Language' (日本語), 'Learning Path' (Any), and 'Filter' (Selected (0)). Below these are navigation links for 'My Libraries > Teamcenter > 日本語', a 'Library Outline' button, and a 'clear all filters' button. The main content area shows a card for 'Using Teamcenter' with 10 chapters. A 'Library Outline' modal is open, showing a list of learning paths: 'Getting Started with Xcelerator Academy NX' and 'NX Basic Design - 1980'. A 'Filter' modal is also open, showing options for 'TYPE' (Chapter, Assessment, X-Lab) and 'STATUS' (Viewed). A 'QuickLists' modal is open, showing an 'Add to QuickList' button and a 'New List' input field with a 'Save' button. The bottom right corner shows a 'View' button and a status indicator 'in progress'.

# The 4 new primary areas: Documentation and Transcript

## Documentation

- A lot of documentation available on the Support Center Site for the Xcelerator Academy Memberships

## Transcript

- New “Perform Membership” (whose site remains the same) or “Xcelerator Academy” Memberships section
- Completed Learning paths and/or its chapters and topics displayed for each of the 2 Membership types

The screenshot displays the Siemens Xcelerator Academy website interface. At the top, there is a navigation bar with links for Memberships, On-Demand Training, Instructor-Led, Browse and Buy, Administration, and Support. Below this, a secondary navigation bar includes My Memberships, My Libraries, Documentation, and My Transcript. The main content area is divided into two primary sections: Product Documentation and My Transcript. The Product Documentation section features a sidebar with a tree view of product categories: NX, NX Nastran, Simcenter, Simcenter 3D, Teamcenter, and Teamcenter Lifecycle Visualiza. The main content area of Product Documentation includes a notification banner about improved Home Page experience, a Product Centers section with various product categories like Performance Advantage, AZB Solutions, Accusim Analog, Active Integration, Additive Manufacturing Network, and Analog FastSi (AFS), and a What's New in our Knowledge Base section. The My Transcript section shows a toggle for Xcelerator Academy Memberships (selected) and Perform Memberships, a search bar, and a list of completed learning paths and chapters, such as Xcelerator Academy Fact Sheet, Xcelerator Academy Solution, and Xcelerator Academy - Comparison of Offerings.
