# Digital enterprise – implement now!

Invitation to the world's leading  
trade fair glasstec 2018 from October  
23 to 26 in Düsseldorf, Germany.  
Visit us in Hall 15 / Booth D04!

**At the glasstec trade fair, you'll get a firsthand look at how digitalization is the most effective lever for better mastering future challenges in the glass industry.**

Our industry experts will show you how production plants can be optimized – systematically and at any time throughout their entire lifecycle, from the field level to the cloud.

We'll also be happy to talk to you about how digitalization is becoming effective in product design, process-plant and machine design, engineering, construction, and commissioning, as well as in the operating and service phases.

Have you heard about our digitalization consulting? Be sure to ask us about it at the trade fair – take your first steps today toward the complete transformation of your company.

We look forward to seeing you there!
