

Conditions of Purchase for Services through External Providers

Status: October 01, 2023

1. Order and Confirmation of Order

- 1.1 The Customer may cancel the order if the Supplier has not confirmed acceptance of the order (confirmation) in writing within two weeks of receipt.
- 1.2 Any alterations, amendments or additions to the order shall only become a part of the contract if the Customer accepts such in writing. In particular, the Customer is bound by the general terms and conditions of the Supplier only to the extent that such are in accordance with these Conditions of Purchase or if the Customer agrees to such in writing. The acceptance of deliveries or services as well as payments does not constitute such agreement.
- 1.3 Any provisions in other documents provided by the Supplier (such as but not limited to specifications, data sheets, technical documentation, advertising materials, order confirmation and/or shipping documents) regarding legal terms, warranty, liability, restriction of use, restriction of application and/or restriction of suitability, or any other provision that changes the provisions of these Conditions of Purchase shall not be applicable.

2. Performance of Services, Employment of Staff

- 2.1 The Supplier shall perform the services with the greatest care and state-of-the-art of science and technology, in order to enable the best possible result to be achieved. The Supplier shall incorporate the Customer's specifications and inform the Customer promptly if in its opinion changes to the services which would result in improvements are possible. In such a case, sections 4.3 and 4.4 shall apply.
- 2.2 The Supplier shall maintain a quality management system (e.g., according to DIN EN ISO 9001).
- 2.3 The Supplier shall perform the services itself or using its own employees. Orders or parts thereof may not be assigned or subcontracted to third parties without the prior written consent of the Customer. If the Supplier fails to obtain such consent, the Customer shall be entitled to withdraw from the contract in full or in part and to demand compensation for damages. The Customer is not authorized to issue any labor-related or disciplinary instructions towards the Supplier and its employees. The Supplier shall produce the required employment permits for any non-German employees at the request of the Customer.
- 2.4 The Supplier shall ensure to render the services only with personnel who are not listed on the relevant national, German, European or US-Sanctions lists as in particular but not limited to the European Union Consolidated Financial Sanctions List (CFSL), the U.S. lists issued by the Department of Commerce (Bureau of Industry and Security B.I.S.), the U.S. lists issued by the Department of Treasury (Office of Foreign Assets Controls OFAC).
- 2.5 The Supplier shall be free to organize and arrange its work schedule. The Supplier may only perform the services at the Customer's premises where this is essential for the proper fulfillment of the order and has been agreed in writing beforehand. In this case the Customer shall grant the Supplier access to the appropriate premises.
- 2.6 The Supplier has the sole responsibility for compliance with all legal, regulatory and professional requirements with respect to its employees. The Supplier shall in particular fulfill the statutory wage requirements as well as the wage requirements from all applicable collective bargaining agreements, meet its obligations to pay taxes and social contributions, meet all legal and industrial law requirements as well as occupational requirements and shall only use employees which have the required residence and working permits and/or EU working permits and have proper social security and accident insurance. In case of involvement of third parties and/or the involvement of further third parties by third parties, the Supplier equally ensures the compliance with these requirements. Upon request, the Supplier will also provide the Customer with respective written proof of compliance with these obligations by the third parties.
- 2.7 The Supplier shall indemnify and hold harmless the Customer from and against any claims based on the infringement of obligations pursuant to this section 2 by the Supplier or third parties. Further rights of the Customer shall remain unaffected. In particular, an infringement of an obligation pursuant to this section 2 entitles the Customer to terminate the contract for material breach.

3. Software Related Services

- 3.1 Should the Supplier develop or convert software for the Customer, the Supplier shall provide to the Customer all related documentation, the source and object code.
- 3.2 Should the services include software related services,

- 3.2.1 the Supplier shall provide support in the implementation of the application of the developed/converted software and shall maintain it. Insofar as such support and maintenance services do not fall under the agreed scope of the contract, the Customer and the Supplier shall agree on reasonable remuneration;
- 3.2.2 the Supplier shall comply with safe, state-of-the-art software development methods including secure coding standards, such as, e.g., OWASP standards;
- 3.2.3 the Customer has the right to yearly audit or have audited the Supplier's compliance with the provisions of this section 3 and section 22 at the Supplier's relevant site(s) without cause and, in addition, if the Customer has a justified suspicion that the Supplier is not in full compliance with those provisions, in each case upon reasonable prior notice.

4. Change Requests; Additional Expenses

- 4.1 The Customer may amend the requirements for the services and other contractual conditions according to the following Change Request process.
- 4.2 The Customer will notify the Supplier in writing or by e-mail of the requested change ("Change Request").
- 4.3 The Supplier shall no later than seven working days after receiving the Change Request notify the Customer in writing or by e-mail, as to whether and how the Change Request will affect the agreed schedule, the remuneration and/or other contractual conditions and submit an offer for the implementation of the change request. If the implementation of the Change Request results in changes to the remuneration or the time schedule, such changes shall be calculated on the basis of the original calculation base. The Supplier is not obliged to submit an offer, if an implementation of the Change Request is unreasonably to be expected from the Supplier.
- 4.4 If the Customer accepts the offer, the Change request shall form part of the contract and the contract shall be amended and/or supplemented through the agreed Change Request e.g., with regard to the services to be performed, the schedule and the remuneration.
- 4.5 If in the Supplier's opinion the Customer's requirements or other circumstances attributable to the Customer are leading to increased time and material expenses and/or are affecting the agreed deadlines and/or the remuneration or if the Supplier considers changes to the services necessary or useful, the Supplier shall indicate this to the Customer promptly in writing or by e-mail. In such a case, sections 4.3 and 4.4 shall apply, except that the offer must be submitted together with the notification.
- 4.6 Additional expenses shall be reimbursed, and any additional remuneration shall be paid only if such reimbursement or payment has been agreed expressly in writing in accordance with section 4.4. With regard to delivery dates, the Supplier can only rely on a hindrance if timely and proper notification has been made according to section 4.5.

5. Duty to Inform

- 5.1 Unless expressly agreed otherwise, the Supplier shall keep the Customer informed about the progress of the services carried out on behalf of the Customer. Upon the Customer's request, the Supplier shall allow the Customer access to the documentation of the work and services.

6. Cooperation between the Contracting Partners

- 6.1 Each contracting partner shall provide the other with the name of a competent contact person who is responsible for obtaining decisions relating to the performance of the services.
- 6.2 The Customer shall provide the Supplier's contact person in the agreed data format, with all texts, documents, information and data available to the Customer which the Customer considers necessary for the provision of the services, where these are not otherwise available to the Supplier. If the Supplier does not consider the information to be sufficient, it shall advise the Customer to this effect immediately.
- 6.3 If it has been agreed that the Supplier is to design training material for provision of the services, approval of this material must be obtained from the Customer prior to use.
- 6.4 The Supplier may only promote, offer, use or sell the results of the services (see section 13.1) with the explicit written permission of the Customer.

7. Acceptance of Work Services (*Werkleistungen*) and Liability for Defects

- 7.1 Work services (*Werkleistungen*) shall be subject to acceptance testing once they have been completed by the Supplier. Following completion of acceptance testing, the Customer shall declare acceptance of the work services in writing or in other appropriate form provided the relevant work services are free from defects. There shall be no acceptance in case of substantial defects.
- 7.2 If services performed by the Supplier turn out to be defective, the Supplier shall at the Customer's discretion either remedy these defects or perform the services again without defects, within a reasonable period and at the Supplier's own cost. If the Supplier fails to remedy the defects or perform the services again without defects despite being given a reasonable time limit, the Customer may withdraw from the contract or reduce the remuneration by a reasonable amount, or remedy the defect or have it remedied at the Supplier's cost and demand compensation for damages in lieu of performance.
- 7.3 The warranty period for material deficiencies is three years, insofar as no statutory provisions provide longer periods.
- 7.4 The warranty period for deficiencies in title is five years, insofar as no statutory provisions provide longer periods.
- 7.5 Further or other claims and rights remain unaffected.

8. Travel Costs

- 8.1 Travel and accommodation costs shall be reimbursed to the Supplier if the Customer has given its prior consent in writing or by E-mail to pay the travel costs of the Supplier or its employees. In such cases, the (net) travel and accommodation costs shall be reimbursed only upon presentation of copies of the relevant receipts, showing the input tax amounts contained therein (with the exception of lump sums and mileage) and after deduction of possible input tax amounts, as follows:

Rail 2nd class

Air Economy class

Kilometer Allowance In accordance with tax authority guidelines
Lump sum overnight accommodation In accordance with tax authority guidelines or by arrangement with the project manager/coordinator, on presentation of copies of relevant receipts including higher overnight accommodation costs.

- 8.2 Prior to commencing any travel, the Supplier shall agree the details with the Customer (such as, for example, work location, dates, selection of hotel category and class of car if using a hired vehicle or private car instead of traveling by rail or air), whereby the most suitable and cost-effective form of transport will be chosen, taking into account the urgency of the matter. Travelling time will not be reimbursed.

9. Remuneration

- 9.1 As remuneration for the services and the rights of use granted to the Customer under section 13 below, the Customer shall pay the agreed amount to the Supplier following correct and timely performance of the services.

10. Invoices

- 10.1 Any agreed additional costs (travel and accommodation costs) and applicable VAT (where the services are subject to VAT legislation) shall be listed separately in the relevant invoice. The due taxation of all payments for income-tax purposes and any VAT payments is the responsibility of the Supplier. Insofar as the services performed by the Supplier are subject to VAT and have been properly invoiced by the Supplier, the Customer is prepared to pay the VAT due on the agreed remuneration. If the reverse-charge process is used for the services performed by the Supplier, the latter shall present the invoice without setting out VAT and refer to this fact by adding "Tax liability of the service recipient / Reverse Charge" to the invoice.
- 10.2 The order codes and numbers for each individual item shall be shown on the invoices. Invoices are not payable if these details are not included. Duplicate invoices shall be marked as such. If hourly remuneration is agreed, the relevant time sheets countersigned by the Customer shall be attached to the invoice.

11. Payment

- 11.1 Unless otherwise agreed, payments shall be due and payable no later than 30 (thirty) days net. If payment is made within 14 (fourteen) days, the Customer is entitled to a 3 % (three percent) discount. The period for payment shall commence as soon as any delivery or service is completed and a correctly issued invoice is received.
- 11.2 Insofar as the Supplier is required to provide material testing, test records or quality control documents or any other documentation, such shall be a part of the requirements of the completeness of the delivery or performance. A discount shall also be allowed if the Customer sets off or withholds any payments to a reasonable extent on account of any deficiency.
- 11.3 Payment does not constitute an acknowledgement that the corresponding delivery or services were provided in accordance with the contract.

12. Delay

- 12.1 Decisive for the timely performance of the services is whether the agreed deadlines for performance have been met or, where the services are subject to acceptance testing, on the successful and complete acceptance testing of the services by the Customer.
- 12.2 If a delay in performance of the services or parts thereof or in their supplementary performance becomes foreseeable, the Customer shall be notified to this effect immediately and its decision shall be obtained.
- 12.3 If the Supplier falls behind schedule with the performance of the services, the Customer is entitled to demand a penalty for each working day (or part thereof) of the delay of 0.3 % (zero point three percent) of the order amount, up to a maximum of 5 % (five percent) of the order amount.
- 12.4 If the delay concerns a binding intermediary deadline (contractual deadline), the basis for the calculation of the penalty shall be the services which were to be performed until the end of the intermediary deadline. Penalties for exceeding intermediary deadlines shall be deducted from the penalty for exceeding the final completion date.
- 12.5 If there is a delay with regard to a specific, fixed date (*Fixtermin*), the Customer is entitled to demand a penalty of 5 % (five percent) of the respective order amount for this specific date and/or to withdraw from the contract.
- 12.6 The penalty does not release the Supplier from its delivery and service obligations. The penalty may still be claimed if the reservation of rights is made no later than the date of final payment.
- 12.7 Further or other claims and rights remain unaffected.

13. Rights of Use

- 13.1 The Customer shall, whenever created, own all rights, title and interest in the results of the services (hereinafter called "results") regardless of the stage of development reached. The Supplier shall keep the results for the Customer safe until they are handed over. To the extent the results are protected by copyright or other, non-transferable rights and the Customer cannot – because of the existence of these rights – become owner of the results, the Supplier grants to the Customer the exclusive, worldwide, transferable, sublicensable and unrestricted right, to modify, to have modified, to use, to have used, to publish, to have published, to distribute, to have distributed, to utilize or to have utilized the results in their original form and as extended or modified by the Customer.
- 13.2 If and to the extent the Customer and/or a third party, that has a contractual relationship with the Customer, requires the Supplier's methods, processes, management tools, concepts, ideas and other know-how, that the Supplier has developed, created or generated before or in course of the performance of services ("Background Know-How"), in order to make use of the results, the Supplier shall grant the Customer a perpetual, unrestricted, worldwide, royalty free, non-exclusive, sublicensable, and transferable right to use or have used such Background Know-How.
- 13.3 If the results contain inventions, ideas or designs which are patentable or otherwise eligible for registration, the Customer is entitled, at its discretion and in its own name, to apply for such property rights in any countries, to maintain these rights or to abandon them at any time. If necessary, the Supplier shall assist the Customer with the application; the Supplier shall refrain from any activity that may impede the application and efficient exploitation of the rights by the Customer. The property rights incurred as a result of such applications belong to the Customer.
- 13.4 The Supplier hereby waives its right to authorship credit with respect to the results, unless otherwise agreed in the individual case.
- 13.5 The Supplier undertakes to ensure that the inventions or ideas arising in the course of the performance of the services are transferred to the Customer free of further charge or further cost.
- 13.6 In contracts with its employees, freelancers or third parties, involved in the provision of the services in accordance with section 2.3 working on the services, the Supplier shall at all times assure that any and all rights as described in sections 13.1 and 13.2 are enjoyed by the Customer exclusively, worldwide and without any time limit, or other restriction, and also that they are not affected in any way by a termination of the contract between the Supplier and its employees, freelancers or third parties. Such provisions shall survive and be valid after termination of the contract between the Supplier and its employees, freelancers or third parties. Otherwise, the Supplier shall compensate the Customer for all resulting damages and expenditure including but not limited to reasonable costs of legal defense and shall indemnify and hold harmless the Customer to this extent against third-party claims, unless the Supplier is not liable for such damage, costs or claims.

14. Open-Source Software

- 14.1 The Supplier shall inform the Customer – at the latest at the time the order is confirmed – whether the products and services to be delivered contain open-source software (OSS) components.

- 14.2 In the context of this provision "OSS components" means any software, hardware or other information that is provided royalty-free by the respective licensor to any user on the basis of a license with the right to modify and/or to distribute (e.g. GNU General Public License or the MIT License). Should the products and services delivered by the Supplier contain OSS components, the Supplier shall comply with all applicable OSS license terms and shall grant all those rights to the Customer and provide all information which the Customer needs in order to comply himself with the applicable license terms. In particular, the Supplier must deliver to the Customer promptly after the order is confirmed the following:
- a schedule of all OSS components used including their versions, indicating the relevant licenses, including a copy of the complete text of such licenses and copyright and/or authorship notices
 - the source code of the relevant OSS, including scripts and information regarding its generating environment insofar as the applicable OSS conditions require this.
- 14.3 The Supplier shall, by the time of order confirmation at the latest, inform the Customer in writing whether any OSS licenses used by the Supplier might be subject to a Copyleft Effect which could affect the products of the Customer. In the context of this provision, "Copyleft Effect" means that the provisions of the OSS license require that certain of the Supplier's products, as well as any products derived from such products, may only be redistributed in accordance with the terms of the OSS license, e.g., only if the source code is disclosed. In case any OSS licenses used by the Supplier are subject to a "Copyleft Effect" as defined above, then the Customer is entitled to cancel the order within two weeks of receipt of this information.
- 15. Provision of Material, Information**
- 15.1 Material and information including data files and software provided by the Customer or made for the Customer remain the property of the Customer and are to be stored, labeled as property of the Customer and administered separately and free of charge. Their use is limited to the orders of the Customer only and they shall not be made available to any third party. The Supplier shall supply replacements in the event of reduction of value or loss, for which the Supplier is responsible, even in the event of simple negligence. This also applies to the transfer of allocated material.
- 15.2 Any processing or transformation of the material shall take place for the Customer. The Customer shall immediately become owner of the new or transformed product. Should this be impossible for legal reasons, the Customer and the Supplier hereby agree that the Customer shall be the owner of the new product at all times during the processing or transformation. The Supplier shall keep the new product safe for the Customer at no extra cost and in so doing exercise the duty of care of a merchant.
- 16. Release of Documents**
- The Supplier shall release all documents and other tools, including copies thereof, that it has received or produced in connection with the order, immediately after acceptance testing or handing-over of the results or, if acceptance testing or handing-over is not possible because of the type of results, after execution of the services.
- 17. Confidentiality, Data Protection**
- 17.1 The parties shall treat as confidential all information which is marked as confidential or the confidential nature of which is evident to a reasonable person and which they receive from or about the other party in the context of performing the contract, as well as the conclusion of the contract - and shall keep the same confidential for five years after their disclosure - insofar as such information has not become publicly known by legal means or the other party has not consented in writing to its transfer in the individual case. The receiving party shall make confidential information available only to those employees and employees of affiliated entities who need the information for the fulfillment of their duties and shall ensure that such employees are also subject to a confidentiality obligation. The receiving party shall use this information exclusively for the purpose of performing the contractual obligations. Insofar as the Customer agrees to any subcontracting to a third party, such third party shall agree to such terms in writing.
- 17.2 Insofar as the Supplier is granted access to personal data in the course of providing the services, the Supplier shall comply with the statutory provisions relating to protection of personal data and data privacy and shall enable the Customer to keep itself informed that such provisions are being complied with. The Supplier shall ensure that personnel (including employees and freelance workers) who are involved with the processing of personal data committed themselves to confidentiality.
- 17.3 Insofar as the Supplier performs services at the premises of the Customer or has access to the Customer's IT systems, the policy "Rules for Business Partners of Siemens" shall also apply which will in this case be provided to the Supplier. The Supplier's access to the Customer's IT systems requires the explicit prior consent of the Customer who will decide about the concrete type of access and is subject to the Supplier's acceptance of the applicable rules for the access of third parties.
- 17.4 The Supplier shall impose an obligation that corresponds to this section 17 upon those third parties that it involves in the provision of the services in compliance with section 2.3.
- 18. Assignment of Claims**
- Any assignment of any claim is only allowed with the prior written approval of the Customer.
- 19. Cancellation, Right of Termination; Consequences of Termination**
- 19.1 The Customer is entitled to cancel an order which entails the performance of training services in whole or in part until 14 (fourteen) days before the scheduled training date without incurring any costs. If cancellation takes place at a later date, the Supplier is entitled to a reimbursement of the costs incurred because of such cancellation, limited in any case to the order amount of the respective cancelled service.
- 19.2 The Customer is entitled to terminate the contract at any time.
- 19.3 In this case, the Customer shall pay for the services performed to the point at which the contract was terminated. Furthermore, the Customer shall pay a compensation in the amount of 5 % of the remuneration for the part of services not yet performed. Any additional claims of the Supplier for fulfillment, reimbursement or damages due to such termination are excluded.
- 19.4 Other rights to terminate the contract (with or without cause) remain unaffected by the foregoing. In particular, the Customer may terminate the contract for cause in case (a) the Supplier is in delay with its delivery or service and such delay - despite a corresponding reminder by the Customer - persists for more than two weeks after receipt of such reminder or in case (b) that adherence to the contract by the Customer cannot reasonably be expected from the Customer because of a reason attributable to the Supplier and taking into consideration the circumstances of the case and both parties interests. This might, in particular, apply in case of an actual or possible deterioration of the Supplier's financial situation thus threatening the due fulfillment of the Supplier's obligations under the contract.
- 19.5 The Customer may also terminate the contract in case insolvency proceedings or similar proceedings in relation to the assets of the Supplier are applied for or commenced.
- 19.6 In case of a termination by the Customer, the Customer may use the equipment available for the further provision of services, or services already provided by the Supplier, against reasonable remuneration.
- 20. Code of Conduct for Siemens Suppliers, Security in the Supply Chain, Cartel Damages**
- 20.1 The Supplier is obliged to comply with the laws of the applicable legal system(s). In particular, the Supplier will not engage, actively or passively, nor directly or indirectly in any form of bribery, in any violation of basic human rights or any child labor. Moreover, the Supplier will take responsibility for the health and safety of its employees and shall fulfill the applicable minimum wage requirements. By acting in accordance with the applicable environmental laws, the Supplier shall take adequate measures to avoid the deployment of so-called conflict minerals and shall create transparency over the origin of raw materials. The Supplier shall reduce the emission of air pollutants (especially CO₂) and protect natural resources such as soil, water and air. The Supplier shall provide a protected grievance mechanism to report possible violations of this Code of Conduct and will use reasonable efforts to promote this Code of Conduct among its suppliers and those third parties engaged in the course of provision of the services according to section 2.3 above.
- 20.2 The Supplier shall strongly support the efforts of the Customer regarding security in the supply chain, which includes the attainment and preservation of the status as an Authorized Economic Operator (AEO) in terms of WCO SAFE Framework of Standards. Upon request of the Customer, the Supplier shall without undue delay sign and return to the Customer a written declaration on security in the supply chain provided by the Customer, which will be consistent with - depending on the registered office of the Supplier - the requirements of the European Commission according to the then current AEO Guidelines or the requirements of a comparable initiative for security in the supply chain according to WCO SAFE Framework of Standards (e.g. C-TPAT), unless the Supplier itself owns the status of AEO or a comparable status based on WCO SAFE Framework of Standards and is able to demonstrate such by providing an authorization or certificate respectively.
- 20.3 In addition to other rights and remedies the Customer may have, the Customer may terminate the contract in case of breach of the obligations under section 20 by the Supplier. However, provided that Supplier's breach of contract is capable of remedy, the Customer's right to terminate is subject to the proviso that such breach has not been remedied by the Supplier within a reasonable grace period set by the Customer.

- 20.4 If the Supplier violates applicable antitrust laws, by forming a cartel or by a similar anticompetitive behavior, in relation to the deliveries and services supplied to the Customer, the Supplier shall pay to the Customer liquidated damages in the amount of 15% (fifteen percent) of the total remuneration for the relevant deliveries and services during the relevant period.
- 20.5 Notwithstanding section 20.4, both parties shall be entitled to prove that the Customer's actual damages are higher or lower than the liquidated damages amount, in which case such actual damages shall be payable pursuant hereto. All other contractual or statutory rights and claims of the Customer remain unaffected.
- 21. Product Conformity, Product Related Environmental Protection including Substance Declaration, Dangerous Goods, Occupational Health and Safety**
- 21.1 Should the Supplier deliver products, to which product-related statutory and legal requirements apply in view of their placing on the market and further marketing in the European Economic Area or to which corresponding requirements apply regarding their supply and marketing in other countries notified by the Customer to the Supplier, then the Supplier must ensure compliance of the products with these requirements at the time of transfer of risk. Furthermore, the Supplier must ensure that all documents and information which may be necessary to demonstrate the conformity of the products with the respective requirements can be provided immediately to the Customer upon request.
- 21.2 Should the Supplier deliver products, substances of which are set out in the "List of Declarable Substances" (www.bomcheck.net/suppliers/restricted-and-declarable-substances-list) applicable at the time of the order or which are subject to statutorily-imposed substance restrictions and/ or information requirements (e. g. REACH, RoHS), the Supplier shall declare such substances and provide information as requested in the web database BOMcheck (www.BOMcheck.net) no later than the date of first delivery of products. With respect to statutorily imposed substance restrictions the foregoing shall only apply to laws which are applicable at the registered seat of the Supplier or the Customer or at the designated place of delivery requested by the Customer.
- 21.3 Should the delivery contain goods which – according to international regulations – are classified as dangerous goods, the Supplier will inform the Customer hereof in a form agreed upon between the Supplier and the Customer, but in no case later than the date of order confirmation.
- 21.4 The Supplier is obliged to comply with all legal requirements regarding the health and safety of the personnel employed by the Supplier. It must ensure that the health and safety of its personnel as well as indirect subcontractors employed to perform the deliveries and services is protected.
- 22. Cybersecurity**
- 22.1 The Supplier shall take appropriate organizational and technical measures to ensure the confidentiality, authenticity, integrity and availability of Supplier Operations as well as products and services. These measures shall be consistent with good industry practice and shall include an appropriate information security management system consistent with standards such as ISO/IEC 27001 or IEC 62443 (to the extent applicable).
- 22.2 "Supplier Operations" means all assets, processes and systems (including information systems), data (including Customer data), personnel, and sites, used or processed by the Supplier from time to time in the performance of this contract.
- 22.3 Should products or services contain software, firmware, chipsets or integrated circuits:
- 22.3.1 the Supplier shall comply with safe, state-of-the-art software development methods including secure coding standards, such as, e.g., OWASP standards;
- 22.3.2 the Supplier shall implement appropriate standards, processes and methods to prevent, identify, evaluate and repair any vulnerabilities, malicious code, and security incidents in products and services which shall be consistent with good industry practice and standards such as ISO/IEC 27001 or IEC 62443 (to the extent applicable);
- 22.3.3 the Supplier shall continue to support and provide services to repair, update, upgrade and maintain products and services including the provision of patches to the Customer remedying vulnerabilities for the reasonable lifetime of the products and services;
- 22.3.4 the Supplier shall provide to the Customer a bill of materials identifying all third-party software components contained in the products. Third-party software shall be up to date at the time of delivery to the Customer;
- 22.3.5 the Supplier shall grant to the Customer the right, but the Customer shall not be obliged, to test or have tested products for malicious code and vulnerabilities at any time and shall adequately support the Customer.
- 22.3.6 the Supplier shall provide the Customer a contact for all information security related issues (available during business hours).
- 22.4 The Supplier shall promptly report to the Customer and the following Siemens Cybersecurity contact addresses all relevant information security incidents occurred or suspected and vulnerabilities discovered in any Supplier Operations, services and products, if and to the extent the Customer is or is likely to be materially affected:
- 22.4.1 for security incidents: cert@siemens.com
- 22.4.2 for security vulnerabilities: svm.ct@siemens.com.
- 22.5 The Supplier shall take appropriate measures to achieve that its subcontractors and suppliers shall, within a reasonable time, be bound by obligations similar to the provisions of this section 22.
- 22.6 Upon the Customer's request, The Supplier shall provide written evidence of its compliance with this section 22 including generally accepted audit reports (e.g., SSAE-18 SOC 2 Type II).
- 23. Export Control and Foreign Trade Data Regulations**
- 23.1 The Supplier shall comply with all applicable export and import restrictions, customs and foreign trade regulations (hereinafter referred to as "Foreign Trade Regulations") in relation to all services to be provided according to this contract. The Supplier shall obtain all necessary export licenses pursuant to the applicable Foreign Trade Regulations. In particular, the Supplier represents and warrants that none of its products nor its services provided under the contract contain prohibited products and/or services under the Foreign Trade Regulations applicable to the Customer (including, but not limited to, Council Regulations (EU) 833/2014, 692/2014, 2022/263 or 765/2006 as well as the U.S. Export Administration Regulations (15 C.F.R. Parts 730-774), and import regulations enforced by U.S. Customs and Border Protection).
- 23.2 The Supplier shall advise the Customer in writing within two weeks of receipt of the order and in any case before the services are performed – and in case of any changes without undue delay – of any information and data required by the Customer to comply with all Foreign Trade Regulations in case of export and import as well as re-export, including without limitation:
- All applicable export list numbers, including the Export Control Classification Number according to the U.S. Commerce Control List (ECCN); and
 - the statistical commodity code according to the current commodity classification for foreign trade statistics and the HS (Harmonized System) coding; and
 - the country of origin (non-preferential origin); and – upon request of the Customer – documents to prove the non-preferential origin; and
 - the preferential country of origin, and, upon request of the Customer, documents pursuant to the requirements of the applicable preferential law to prove the preferential origin (e.g. supplier's declaration).
- 24. Reservation Clause**
- The Customer shall not be obligated to fulfill the contract if such fulfillment is prevented by any impediments arising out of national or international foreign trade or customs requirements or any embargoes or other sanctions.
- 25. Mention as Reference Customer**
- Only upon the Customer's prior written approval, the Supplier shall be allowed to mention the Customer as a reference customer and/or make reference to products or services which the Supplier has developed during the performance of an order for the Customer and/or to make press releases or other public declarations in connection with the order.
- 26. Supplementary Provisions**
- 26.1 Insofar as the provisions of these Conditions of Purchase do not regulate certain matters, relevant statutory provisions shall apply.
- 26.2 The Supplier shall be liable for any expenses and/or damages incurred by the Customer due to any breach of these conditions, in particular of sections 7, 12, 13, 14, 20, 21, 22 and 23, unless the Supplier is not responsible for such breach.
- 27. Place of Jurisdiction and Applicable Law**
- 27.1 German substantive law shall apply, excluding the provisions of the United Nations Law on the Sale of Goods of 11th April 1980.
- 27.2 The relevant court of jurisdiction shall be Munich.
