

SIEMENS

Powerconfig App

Privacy Notice

Last Update [25.02.2020]

Protecting the security and privacy of your personal data is important to Siemens AG (“Siemens”). Therefore, Siemens operates SENTRON powerconfig application (“App”) in compliance with applicable laws on data protection and data security.

The SENTRON powerconfig application allows you to, inter alia, review measurement values of your energy distribution system as well as to export and import device configurations from and to your windows PC. In the context of your use of the App Siemens Aktiengesellschaft, Wittelsbacherplatz 2, 80333 München and Siemens group companies (together “Siemens”) do not collect any personal data about you. You may connect the App to your local network. When doing so, your username and password as well as your device ID and usage data (e.g. date and time of your log-in) may be processed on your local server, but at no times such data is collect and processed by Siemens.

Data Privacy Contact

The Siemens Data Privacy Organization provides support with any data privacy related questions, comments, concerns or complaints or in case you wish to exercise any of your data privacy related rights. The Siemens Data Privacy Organization may be contacted at: dataprotection@siemens.com.
