

Compliance Certificate

7SG16 - Ohmega 300

Apparatus: Ohmega 300 series - a range of numeric distance relays which combines the power and flexibility of microprocessor technology with the proven measuring techniques of impedance relays.

Manufacturer: Siemens Protection Devices Ltd, Hebburn, Tyne & Wear.

Tested by: Is compliant with and has passed the relevant IEC 255 series of standards and the relay Performance Specification.

Documentation: - Performance Specification
- Technical Manual

15 July 2009
