Cyber Security – National Implementation

Partner Presentations:
• Kolektor Igin
• Navitas Engineering

Closing Remarks and Take-Aways

Buffet Lunch
Now … a short Coffee Break
Closing words

Key Messages:

1. Look for opportunities to apply the new technologies. Siemens will be glad to help make the first project a full success.

2. Don’t walk away from projects you can’t perform alone. We have VAR Partners in the community who can cover what you need, or Siemens can also supply that scope.

3. See you next year
   a. Want to hold a presentation? (Let us know.)
   b. Suggestions for locations / offer to host 2020?

Take-Aways:

La Potica – traditional holiday cake in Slovenia (Enjoy it while it is fresh!)
