

Siemens Limited receives CERT-In empanelment for providing Information Security Auditing Service

- **CERT-In is a functional organization of Ministry of Electronics and Information Technology, Government of India, with an objective of securing Indian cyber space**
- **Siemens' expertise and domain know-how of automation, digitalization and electrification provide the foundation for a successful cybersecurity partnership**

Siemens Limited announced that it has been empaneled by the Indian Computer Emergency Response Team (CERT-In) to offer information security auditing services to government organizations in addition to its existing cybersecurity enabled offerings.

“Cybersecurity is rapidly evolving and requires superior technology, access to data, and a trustworthy partner with a deep understanding of technologies and its integration with the processes and people. Siemens' global expertise and domain know-how in electrification, automation and digitalization are critical ingredients for providing the highest level of cybersecurity to our customers. The CERT-In empanelment is a matter of pride and a key milestone in our digitalization journey,” said Sunil Mathur, Managing Director and Chief Executive Officer, Siemens Limited.
