SIEMENS

There is more to life than waiting at airports.

Siemens answers for efficient airport infrastructure are helping people save time every time they fly.

Bengaluru is a city on the move, making its airport amongst the busiest in the country. It needs an airport that can efficiently manage a constant flow of passengers and flights to the second. This is where Siemens airport management systems are helping Bengaluru International Airport. With building automation, runway lighting systems, security and flight management systems this airport is

ready for the future. Fully automated check-in counters are helping passengers avoid long check-in lines. It is not only about making airports faster, safer or greener - it is also about giving people the time to do what they love doing most. When it is about building cities that are livable and lovable, Siemens has the answers that last.

SIEMENS

Power can illuminate more than just homes.

Siemens answers for bulk power transmission over long distances is ensuring a brighter future for the country.

The progress and prosperity of the people of the country depends on consistent and quality power supply. But for the traditionally power-starved regions, the closest power source may lie hundreds of kilometers away. Drawing power from such great distances can be quite expensive, not to mention the heavy transmission losses on the way. This is where Siemens High Voltage Direct Current (HVDC) technology is helping bridge the gap. With transmission lines like the one in operation between Mundra and Haryana, power can now be transmitted with minimum losses.

The benefits at the end of the line are clearly visible. Big factories and small businesses can now run at their full capacity ensuring faster economic progress for the region. As incomes rise, families can now support their children better. Providing them better opportunities for learning and development. When it is about going the distance to ensure a brighter future for the country, Siemens has the answers that last.

SIEMENS

One picture can capture a family's happiness.

Siemens answers for ultrasound imaging are detecting liver diseases early, helping patients recover faster.

An alarming percentage of India's population suffers from liver related diseases. Unfortunately, fatal illnesses like Hepatitis B and Hepatitis C go undetected till the advanced stages. For families dependent on a person, the financial and emotional implications can be crippling.

This is where Siemens advanced ultrasound scanning technology is helping doctors detect liver diseases early. In turn, helping patients save the costs incurred on otherwise longer treatments, drastically. The technology uses

elastography to distinguish between liver tissues, diagnosing diseases much more accurately and unlike biopsies, without any painful surgeries.

It is one technology that compliments MRI and CT Scan, ensuring that more patients can afford early check-ups, have early detection and ensure speedier recoveries. When it is about helping people lead healthier and happier lives, Siemens has the answers that last.

Chairman's Statement

Dear Shareholders,

After growing at a relatively faster pace over the past two years, the Indian economy slowed down this year. Compared to the 8.4% year-on-year growth for the period April 2010-March 2011, India's GDP grew by 6.5% in the period from April 2011 to March 2012. In October 2012, the government revised downward the growth forecast for 2012-13 from 6.7% to 6.3%. The Indian economy has been affected by global factors such as lower trade and capital flows as well as domestic challenges, both structural and cyclical. Clearly, our economy needs an impetus to drive growth.

This impetus can come only if stalled and delayed infrastructure projects take off, interest rates ease, and consumption of manufactured goods increases. The government has announced reforms that allow higher foreign direct investments in sectors such as aviation, multi-brand retail, insurance, and media. Though this will definitely improve business and investment confidence, concrete steps are required to walk the talk and implement what has been announced.

Siemens Ltd. also came off a major high in financial year 2010-11. Needless to say, the Company was affected by the uncertain macro-economic environment, coupled with high interest rates, stalled infrastructure projects, and delayed decisions on new projects. Our profitability has also been impacted, partly due to increased project costs and a reduction in sales due to customer liquidity issues and their project delays.

Performance highlights

Operating in uncertain and challenging economic conditions, businesses across the four Sectors of the Company delivered a reasonable performance compared to other market participants. For the financial year ended September 30, 2012, sales were up by 8% to ₹ 12,708 crores, compared with ₹ 11,818 crores in the previous year.

The Company received new orders valued at ₹ 10,235 crores, a 17% drop compared with ₹ 12,289 crores in the previous year. The unexecuted order value as of September 30, 2012 stood at ₹ 13,660 crores – a decline of 2% compared with ₹ 13,921 crores in the previous year. Profits from operations stood at ₹ 690 crores compared with the ₹ 1,183 crores of the financial year 2010-11.

For the year ended September 30, 2012, the Company's profit before taxes stood at ₹ 521 crores, compared with ₹ 1,275 crores in the previous year. The profit after taxes for the year was ₹ 343 crores compared with ₹ 845 crores in the previous year, down by 59%.

The Board of Directors has recommended a dividend of ₹ 6/- for every equity share of ₹ 2/- for the financial year ended September 30, 2012. During the previous financial year, the Company had paid a dividend of ₹ 6/- for every equity share of ₹ 2/-.

Performance analysis

Confidence is still low in the markets we operate in. New orders have been deferred due to a combination of factors: coal linkages, land and environmental clearances, higher inflation and interest rates, tighter liquidity, lower investments, and delays in finalizing projects in the infrastructure sector.

Operationally, all four Sectors – Energy, Healthcare, Industry, and Infrastructure & Cities – performed at par, as a result of factors that include a drop in capital expenditures, increased project costs, and unbooked profits due to customers delaying acceptance of products. Many Business Units, however, continue to maintain their leadership positions in the markets where they operate.

The Company has been focusing on innovation, customer satisfaction, streamlining operations, and an integrated approach to providing technology solutions.

Among the highlights of the last fiscal year: the Energy Sector signed a contract with Power Grid Corporation of India Ltd. to construct a 765-kV test laboratory for the National High Power Test Laboratory (NHPTL). NHPTL intends to build stand-alone testing facilities in India for electrical equipment manufacturing and power utility companies, the first of its kind in the country.

The Healthcare Sector continued its focus on bringing high-end healthcare technology to India. It won an order from House of Diagnostics, a medical diagnostics solution provider targeting the niche segment of corporations and large hospital chains to install India's first magnetic resonance positron-emission tomography (MR-PET) system at Indraprastha Apollo Hospital.

The Industry Sector won an order from Jupiter Life Sciences, the largest custom research and manufacturing services provider in India, to supply a distributed control system using foundation fieldbus (FF) technology. Introduced by Siemens in 2012, the FF technology is the standard in the chemical industry.

The Infrastructure & Cities Sector, which has just concluded its first year in operation, won a contract to modernize the electricity distribution system for Maharashtra State Electricity Distribution Company Ltd. The project was part of the government of India's Restructured Accelerated Power Development Reforms Programme (R-APDRP). Another highlight was the automated mail processing system that the Infrastructure & Cities Sector installed for the Department of Post's mail processing center in New Delhi, which went into operation in financial year 2011-12. The system is capable of processing up to 55,000 pieces of mail per hour.

The Company continued its focus on strengthening local manufacturing capabilities, adding three new factories during the year: the Energy Automation and Medium Voltage factories in Goa and the Metals Technologies factory in Turbhe. The current network of factories stands at 22. The SMART (simple, maintenance-friendly, affordable, reliable, and timely) product strategy is enabling the Company to maintain its lead over local and Asian competition. As of September 30, 2012, the number of SMART products with significant local added value stood at 30, with about 30 more of such products in the pipeline.

The Company's sustainability efforts also bore fruit during the financial year 2011-12. The two factories launched in Goa earlier in the year and the Energy factory in Maneja received Leadership in Energy and Environmental Design (LEED) certifications. The Company also won the Bombay Chamber of Commerce & Industry Civic Awards 2011-12 in the Sustainable Environmental Initiatives category. The Goa Pollution Control Board recognised the Company's green factory initiative at the twin factories in Goa with an award of excellence, while the Industry 2.0 magazine presented the Company with a certificate of achievement at its manufacturing innovation conclave.

People excellence

During the financial year 2011-12, the Company primarily focused on retaining its employees and further improving their competencies. With various employee-centric programmes, the Company was successful in decreasing attrition rates and maintaining them at a level lower than the industry average. These efforts were reflected in the results of the Global Engagement and Compliance Survey 2012. The Company received 94% favourable responses in the Employee Engagement category in the survey, which is conducted to help create an inspiring and motivating work environment for its employees.

Its motivated and diverse workforce continues to remain the Company's most important asset. Sustained development of this dynamic workforce through strategic learning programmes is a key factor in Siemens' strategy and an inherent part of "people processes" like the yearly Performance Management Process. In line with this objective, Siemens in India strengthened its learning programme framework and launched the Siemens Learning Campus in India.

The road ahead – outlook for Siemens Ltd.

The outlook for Siemens Ltd. is dependent to a large extent on quicker decision-making by the government on large infrastructure projects, particularly in the power and logistics infrastructure areas. Also in the healthcare segment, where citizens bear the cost of their own medical expenses, the government has to follow up on a promised increase in expenditures to help build an effective healthcare system. Recent developments like the announcement on reforms (higher FDI in sectors such as aviation, insurance, and multi-brand retail), the proposed establishment of a National Investment Board to hasten decisions, and the recently-cleared National Manufacturing Policy have sent a positive message.

I am confident that the government's commitment to economic progress will continue. Together with the growth strategies of private enterprises, it will help turn India into an economic powerhouse. Siemens Ltd. has the solutions, the breadth of expertise, and experience to make India future-ready through its technologies.

With the Company's continued focus on generating sustainable value for its customers and stakeholders, I am confident that the Company will do well.

In conclusion, I would like to sincerely thank the Board, the management, and especially our dedicated employees for their consistent support and commitment to Siemens Ltd. – and of course our esteemed customers for their confidence and loyalty.

Business Responsibility Report

Business Responsibility Report

PART A: GENERAL INFORMATION ABOUT THE COMPANY

Siemens Ltd. ('Siemens' or 'the Company'), in which Siemens AG holds 73.84% of the capital, is the flagship listed company of Siemens AG in India. It operates in the core business areas of Industry, Infrastructure & Cities, Energy and Healthcare. It has a nation-wide sales and service network, 22 manufacturing plants and employs about 11,000 people. Siemens Ltd. focuses on sustainable growth, innovation and environmental solutions. Along with leveraging its strong presence in the high-end technology segment, Siemens is also building a portfolio of SMART (simple-to-use, maintenance-friendly, affordable, reliable and timely-to-market) solutions customized for India. Siemens aims to address the impact of the megatrends that is shaping the world: globalization, urbanization, climate change and demographic change.

Siemens was incorporated on 2nd March 1957 initially as a private limited company under the name Siemens Engineering & Manufacturing Co. of India Pvt. Ltd. Subsequently, the Company was converted into public company. The name of the Company was thereafter changed from Siemens Engineering & Manufacturing Co. of India Ltd. to Siemens India Ltd. on 23rd October 1967 and thereafter to the present name on 31st March 1987. The address of our registered office is 130, Pandurang Budhkar Marg, Worli, Mumbai 400018. The Corporate Identity Number (CIN) of the Company is L28920MH1957PLC010839. Siemens Aktiengesellschaft (SAG), which is based in Germany, is the Parent Company of Siemens Ltd. The Company does not have any subsidiary / ies. The Company follows the financial year of 1st October to 30th September each year. Further details on the Company's top management, key products, various business locations of the Company can be accessed at www.siemens.co.in.

PART B: FINANCIAL HIGHLIGHTS IN THE LAST FINANCIAL YEAR (RS. IN MIO)

The Audited Accounts form part of the Annual Report. Further details on financial data are given in the Directors' Report and Management Discussion and Analysis which is part of the Annual Report.

PART C: BUSINESS RESPONSIBILITY INFORMATION

Dr. Armin Bruck, Managing Director and Chief Executive Officer, and Mr. Sunil Mathur, Executive Director and Chief Financial Officer, are responsible for the day-to-day administration and operations of the Company. Further

details on top management are covered on pages 17-43 in the Annual Report.

The Company has already formulated various in-house and global policies and guidelines pertaining to various principles enunciated in this Report. These policies are periodically reviewed by the top management and Board of Directors, wherever necessary. Detailed information on each principle is narrated in this Report.

PART C: PRINCIPLES GOVERNING THE BUSINESS

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

"Responsible" is one of the core values at Siemens Ltd., with the thrust being on "Only clean business is Siemens business".

Compliance at Siemens Ltd. is more than just a management principle. Over the years, it has evolved into a way of life for the Company's employees. It seeks to anchor integrity more firmly in Siemens Ltd.'s organisational culture. Siemens Ltd. encourages ethical business decisions, ensuring the actions of all employees, vendors, business partners and customers are consistent with the law. The Company collaborates closely with all stakeholders in order to initiate and foster fair business practices in all spheres of business to create and sustain a level-playing field.

The basic principles of ethical behaviour at Siemens Ltd. are laid down in the Business Conduct Guidelines. The Company has a number of policies that deal with the most important areas of anti-corruption legislation. The general principles and conditions also apply to consultants and other third parties working on behalf of Siemens, as well as suppliers, customers and business partners.

During financial year 2011-12, the Regional Compliance Office (RCO) continued its focus on building 'Conviction through Ethics' internally through extensive 'in-person' trainings for employees. As of September 30, 2012, about 7,200 employees underwent in-person compliance trainings. The RCO also started a new initiative to train key business partners in handling critical business engagements.

Siemens Ltd. outperformed the global average in the Compliance Performance Index for the second successive year, with 94 percent of respondents expressing 'strong' confidence in the Compliance function as a business enabler.

The RCO also continued with its efforts to ensure a corruption-free business environment in the corporate community in India through active 'Collective Action' initiatives and workshops. These initiatives had support from Transparency International India, Confederation of Indian Industries, Indo-German Chambers of Commerce, Global Compact Network and United Nations Office on Drugs and Crime (UNODC) as well as well-known Indian corporates. Members of the Company's senior management team also spoke at various forums aimed at sharing best practices.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

Siemens Ltd. launched IE2 class motors in financial year 2011-12 and has been manufacturing only IE efficiency class motors for ratings covered under the IS:12615-2011

One of the ways that Siemens Ltd. ensures that its products and solutions contribute to sustainability throughout their life cycle is the Company's active promotion of the concept of International Efficiency (IE)-class motors in the industry and the new efficiency standard - IS:12615-2011. The new standard was released in August 2011. Since October 2011, Siemens Ltd. has been manufacturing only IE efficiency class motors for ratings covered under the IS:12615-2011.

Siemens Ltd. has also initiated efforts to strengthen awareness of responsible supply chain practices among its suppliers.

In addition, practices for the segregation and appropriate disposal of waste have been implemented. Following are a few of the green initiatives that have helped make the Company's operational processes streamlined and sustainable:

1. Measures in Energy Sector to reduce energy usage through automated tracking and identification of consumption patterns.
2. Launch of an automation system in Healthcare Sector, which has resulted in savings of energy and resources of various chain labs and hospitals that process the data.
3. The digitization initiative at the corporate level provides us cover against risks of damage and also contributes to conserving the environment by reducing paper consumption.

Principle 3: Businesses should promote the wellbeing of all employees

Our employee strength as of September 30, 2012 was 11,229. Over the past few years, Siemens Ltd. has initiated various employee-centric programmes aimed at improving an employee's work-life balance, in turn creating a positive impact on the employees' productivity at work.

An important element of ensuring the well-being of employees, the Fit4Life programme has been conceptualized and managed by the Health Management (HM) team at Siemens Ltd. The programme focuses on employees who exhibit stress at the workplace. During the year, the programme saw over 2,200 employees registering.

Siemens Ltd. believes that work-life balance for every employee is of utmost importance and various employee-centric policies attest to this belief:

- Paid maternity leave
- Paid paternity leave
- Volunteering leave
- Flexi-hours
- In-house training for higher education
- Prizes for employees' children who perform well in their examinations

An indication of the efforts by the Company to ensure employee

Business Responsibility Report (Continued)

well-being is the high percentage of favourable responses (94 percent) to the annual Siemens Global Engagement Survey. These results are a very good barometer of the mood in the Company. Combined with many personal meetings with employees, the survey enables the management to better assess how employees see the Company.

Diversity

Siemens Ltd. is an equal-opportunity employer and the Company encourages active involvement and engagement of different age, gender, expertise, backgrounds, thinking, culture, ideas and individual qualities at all levels in the organization. Diversity is one of the cultural values at Siemens Ltd.

Employee grievance

The Company ensures that sufficient forms, support frameworks and policies are in place to listen to and address the concerns of employees and resolve issues or conflicts in a time-bound, fair and objective manner. The Company has also set up a committee for addressing issues pertaining to sexual harassment cases within the Company.

Leadership development

Siemens Ltd. has a long history of developing its leadership that inspires both the employees and the Company's customers to make the world work better. Siemens Ltd. believes that developing strong leaders is good for employees, Siemens Ltd. and the world. At Siemens Ltd., we continue to invest in a wide variety of innovative leadership programmes and experiences, providing the employees with experiences and opportunities that will serve them at Siemens Ltd. or wherever their careers take them.

Occupational Safety

To enhance safety and promote a zero-harm culture at project sites, Siemens Ltd. launched Project Suraksha as part of the Environment, Health and Safety initiatives. The project aims to deliver a rapid and focused response to effectively tackle the issue of safety at project sites in India. It leverages common solutions across Sectors and also speeds up reaching out to the sites, especially remote site locations. Project Suraksha revolves around the four pillars of safety at the sites, critical-to-safety measures that are crucial and must be implemented to prevent fatalities, enforcement of safety measures which are non-negotiable, and tone from the top. Project Suraksha strengthens the ongoing EHS measures such as tone from the

top, periodic project site visits and reviews by members of Siemens top management.

The Company's manufacturing units in India have implemented the international OHSAS 18001 standard for occupational health and safety.

Siemens Ltd. has implemented various measures at its project sites to improve safety and strengthen ongoing EHS initiatives.

Principle 4: Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalised.

In financial year 2011-12, Siemens Ltd. announced the launch of Project Asha, an integrated, sustainable development project aimed at providing electricity, drinking water, irrigation support, adult education, health awareness and livelihood support to an off-grid village. Amle village in Mokhada taluka, Thane district, which is around 130 kilometers from Mumbai, is the beneficiary of this Corporate Citizenship project. The tribal community of Amle has around 350 villagers who survive on subsistence farming.

Also, a cascade model has been implemented for adult literacy. Siemens Ltd. trains facilitators in the village to generate more trained youth for conducting adult literacy classes. The villagers receive education on life skills, gender issues, working of Gram Panchayat, government schemes

Siemens Ltd. has been the major driving force behind GGG (Girls Gaining Ground) also known as 'Gheu Bharari', a special women centric program that aims at addressing the issue of early marriages, healthy motherhood and child deaths.

and women empowerment. Siemens has also been the major driving force behind GGG (Girls Gaining Ground) also known as 'Gheu Bharari', a special women-centric programme that aims at addressing the issue of early marriages, healthy

motherhood and child deaths. Local women are given basic healthcare training, and they in turn, train other members of the community. Issues like institutional childbirth, prevention of malaria, proper sanitation practices and awareness about health schemes are highlighted.

The Company has installed green technologies at Amle to ensure a sustainable livelihood for the village dwellers. These technologies are a 12 Kilowatt peak (KWp) off-grid solar power station and a filtration plant using SM1 simple membrane water filter to supply up to 20,000 litres per day of clean drinking water throughout the year. Siemens Ltd. also installed an irrigation system and trained the villagers to maintain the system. The Company has helped the village bring more than 12 acres of land under year-long irrigation by running submersible pumps through solar power and AC drives.

Another important initiative that proves Siemens Ltd.'s emphasis on being responsive to the disadvantaged, vulnerable and marginalised stakeholders is the Sanjeevan mobile healthcare clinic. Sanjeevan mobile clinics deliver a sustainable and self-sufficient solution to the local population's need for healthcare. The mobile clinics are aimed at extending the reach of quality and affordable primary healthcare support across remote rural areas.

Sanjeevan is an indigenously-developed mobile concept from Siemens Ltd. and is fully-equipped with Siemens

Sanjeevan mobile clinics of Siemens Ltd. deliver a sustainable and self-sufficient solution to the local population's need for healthcare.

Business Responsibility Report (Continued)

Healthcare technology. With facilities such as pathology, laboratory equipment and accessories, X-ray machine, electro-cardiogram and even a film development unit, the mobile clinic answers the primary healthcare needs of the Indian rural population. It allows for an advanced medical examination that has improved the lives of many individuals who do not have access to basic healthcare.

Two such vans equipped with Siemens Healthcare equipment are currently catering to the remote parts of India that lack access to healthcare. Smile Foundation and Medanta – the Medicity in partnership with Siemens Ltd. will be operating the mobile healthcare clinic with qualified staff in remote, rural areas in Bihar and Haryana, respectively. Between April and September 2012, the Sanjeevan mobile clinic at Bihar alone held 120 medical camps treating over 7,600 patients. Of these, 97% belong to the BPL (below poverty line) category. Consequently, the number of people who have access to comprehensive health care service has increased by around 20%.

Yet another initiative is the support provided by Siemens Ltd. to ensure a holistic development for around 290 children in the St. Catherine's Home orphanage, Mumbai.

Siemens Ltd. has had an association with St. Catherine's Home, a primary school and orphanage for street children, for over eight years. With active employee volunteering, the Company has assisted in upgrading the infrastructure, including building two new classrooms, repairing the roof, setting up rain shelters, constructing a playground, improving hygiene facilities and maintaining the exterior paintwork. The Company organises recreational programmes for the children every year, including summer camps and picnics. To encourage soft skills, the Company provides board games, paint brushes, painting books and crayons and organises in-house exhibitions to promote the sale of the children's drawings and artefacts. Recreational activities and employee mentoring programmes are held for all the children at the home. In addition, a counseling programme called 'Happy Feet' combining dance with counselling and life skills education is conducted for all the children.

Principle 5: Businesses should respect and promote human rights

Siemens Ltd. complies and adheres to all the human rights laws and guidelines of the Constitution of India, national laws and policies. The Company treats all stakeholders alike with respect and dignity, in turn earning their respect. In the financial year 2011-12, the Company began the process of identifying suppliers whose production sites will be subjected

to an analysis of their environmental performance and energy efficiency. The goal is to optimised energy consumption which in turn will lead to a reduction in CO₂ emissions.

As part of the qualification of the suppliers there are various questionnaires and forms to be certified by the vendor before he is certified as ready for business with Siemens Ltd. This is part of the supplier qualification guideline. These questions touch upon compliance, child labour, use of hazardous materials and environmental certifications received. Besides these, there are certain contract clauses that have been recommended by the Siemens Ltd. legal team to be a part of the standard contract clauses as per the compliance guidelines. We conduct sustainability audits to ensure compliance to these clauses. There are also specific safety clauses / penalties which are incorporated as part of the civil and labour contracts.

Principle 6: Business should respect, protect, and make efforts to restore the environment

Siemens Ltd. has implemented various energy-efficient heating, ventilation, and air-conditioning (HVAC) solutions such as replacing chilled water pumps with new energy-efficient pumps, replacing existing split air-conditioners with

Two state-of-the-art factories of Siemens Ltd. that began operations in Goa in January 2012 have received LEED (Leadership in Energy and Environmental Design) certifications for their green building measures.

centralised ones, installing variable-frequency drive (VFDs) for chiller pumps and air-handling units, etc. The buildings' lighting system optimisation includes measures like installing local programmable logic controller (PLC)-based control for floor lighting and replacing sodium vapour lamps and CFL lamps with energy-efficient LED lamps, among others. Significantly, the building has a Green Building Monitor (GBM) as well as an energy monitoring and controlling system to track the energy consumption on a regular basis.

The Green Building initiative was implemented as a part of the Siemens Sustainability Programme and Energy Efficiency Programme.

The two state-of-the-art factories that began operations in Goa in January 2012 received LEED (Leadership in Energy and Environmental Design) certifications for their green building measures. The factories have variable frequency drives, carbon dioxide sensors, sewage treatment plants, water conservation, water harvesting and ground water recharging, among others.

The Company's manufacturing units in India have implemented international EHS standards like ISO 14001 and OHSAS 18001.

Siemens Ltd. has handed over nearly 500 old but well-maintained laptops and desktops to more than 15 NGOs across various locations in India. The computers were handed over to NGOs working among the underprivileged section of society imparting education and livelihood skills. Apart from helping sustain their skills and education, this initiative is aimed at extending the usable life of the computers.

Siemens Ltd. has sewage treatment plants in all its factory locations and a few of the offices. The sewage water is collected and treated at the sewage treatment plant using the innovative "Phytorid" treatment. This treated water is used for flushing and gardening. In addition, the Company has an effluent treatment plant where effluent from the factory is treated. The treated water is used for gardening. Siemens Ltd. also conserves water through rain water harvesting. Rainwater from the roofs of the factories is collected in an underground tank and is directed to a sump pump through a filter or to percolation pits. The harvested water is used for flushing.

Principle 7: Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

Siemens Ltd. has been involved in promoting good governance and compliant behavior among key stakeholders such as employees, customers and business partners.

Siemens has representation in the Confederation of Indian Industries, Bombay Chamber of Commerce and Industry, Federation of Indian Chambers of Commerce and Industry, Indian Electrical and Electronics Manufacturers' Association, Bureau of Indian Standards and Bureau of Energy Efficiency.

The Company participates in consultations and panel discussions steered towards growth and technological progress. We have always advocated and continue to promote transparency at all levels within the organization.

Principle 8: Businesses should support inclusive growth and equitable development

As mentioned under Principle 4, through Project Asha, Siemens Ltd. aims to turn Amle village (in Thane district of Maharashtra) into a self-sustainable community within three years with its technology and support, making the remote, inhospitable hamlet into a model for the rest of the off-grid villages in India.

Siemens Ltd. has provided technology and support to make the remote, inhospitable hamlet of Amle into a model for the rest of the off-grid villages in India.

Business Responsibility Report (Continued)

Solutions such as the SST 600 steam turbine (left) and the Multimobi 5E X-ray machine (right) are part of Siemens Ltd.'s SMART portfolio, which is customized to meet the requirements of customers and users in India.

Another instance of supporting inclusive growth and equitable development is allowing NGOs to put up stalls in the Company's premises offering for sale novelty items made by the underprivileged and differently-abled women. The Sanjeevan project and the support for St. Catherine's Home are also instances of the Company supporting equitable development.

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner

Siemens Ltd. believes that being customer-centric involves providing value to customers, and not just focusing on sales of products. The Company has a good balance between a product-based business and a solutions-based business. Siemens Industry Sector has a clear vertical focus and its solutions are customized for verticals such as automotive, pharmaceuticals, chemicals, cement, steel, etc. Similarly, Siemens Infrastructure and Cities Sector has City Account Managers who act as a single-point of contact for engaging with all city stakeholders. Since 2009, Siemens Ltd. has also

been a part of the global initiative called the Net Promoter Score – a uniform, company-wide platform, which is an effective measure of our customer focus.

The Members holding shares in electronic form are requested to register their email addresses with their Depository Participants only.

Even after registering for E-communication, the shareholders of the Company are entitled to receive such communication in physical form, upon request.

Explanatory Statement under Section 173(2) of the Companies Act, 1956

Item No. 7 and 8

The Members at their 50th Annual General Meeting held on 31st January, 2008, appointed Dr. Armin Bruck as a Managing Director of the Company with effect from 1st January, 2008 to 30th September, 2012. Considering his valuable contributions in the growth of the Company and his vast experience, the Board of Directors at their meeting held on 27th April, 2012, re-appointed Dr. Armin Bruck as a Managing Director of the Company for further period from 1st October, 2012 till 31st December, 2013 on the existing terms and conditions.

Brief Profile of Dr. Armin Bruck in terms of Clause 49 of the Listing Agreement, is provided in this Notice.

The re-appointment and remuneration of Dr. Armin Bruck as a Managing Director is subject to the approval of the Members.

None of the Directors of the Company, other than Dr. Armin Bruck, are interested in the Resolution.

The Remuneration Committee of Directors at its Meeting held on 21st November, 2012 approved a revision in the remuneration of the Managing Director and Executive Director of the Company with effect from 1st January, 2013.

The terms and conditions with respect to the revision in remuneration of the Directors are given below:

I. Remuneration:

Name of the Director	Designation	Salary per month (₹)	Salary Grade (₹)	Overseas / Special Allowance per month (₹)
Dr. Armin Bruck	Managing Director	1,082,800	500,000 - 1,500,000	1,082,800
Mr. Sunil D. Mathur	Executive Director	798,200	400,000 - 1,200,000	798,200

Annual Increments as may be decided by the Remuneration Committee of Directors / Board of Directors.

II. Perquisites:

- i. In addition to the above, they shall also be entitled to Perquisites and Allowances like Rent-free furnished / semi-furnished accommodation / House Rent Allowance / Stay in a hotel, Medical Reimbursement, Hospitalisation Expenses, Leave, Leave Travel Concession, Home Leave, Retirement benefits as per the laws applicable from time to time; Club Fees, Long Service Award, Company maintained two cars each with driver. Communication facility (Personal long distance calls will be borne by them), as per the Rules of the Company.

The perquisites and allowances shall be valued as per the Income Tax Rules, wherever applicable. In the absence of any such Rules, they shall be evaluated at actual cost.

- ii. Children's Education Expenses:

For Children studying in or outside India, the education expenses shall be paid by the Company directly to the school.

- iii. Holiday passage for children studying outside India / family staying abroad:

Return holiday passage is admissible once in a year by Economy Class or once in two years by first class to children from their place of study abroad to India and to the members of the family from the place of their stay abroad to India if they are not residing in India with them.

- iv. Reimbursement of expenses incurred on returning to home country after completion of tenure.

"Family" means the spouse and dependent children.

III. Performance Linked Incentive

They shall also be entitled to remuneration by way of Performance Linked Incentive based on the specific targets mutually set and approved by the Board of Directors / Remuneration Committee of Directors, from time to time.

IV. Equity based compensation programs of Siemens AG / Siemens Limited

They shall also be entitled to participate in the Equity based compensation programs of Siemens AG, Germany / Siemens Ltd., as applicable from time to time.

V. Commission

They shall also be entitled to remuneration by way of Commission as may be decided by the Board of Directors / Remuneration Committee of Directors from time to time.

- VI. The Severance fees shall be payable as per the Rules of the Company.

VII. Minimum Remuneration

Notwithstanding anything hereinabove, where, in any Financial Year during the currency of their tenure as Managing Director / Executive Director, the Company has no profits or its profits are inadequate, the Company will pay the aforesaid remuneration by way of Salary, Special Allowance / Overseas Allowance, Perquisites, Performance Linked Incentive, benefit under the Equity based compensation programs of Siemens AG / Siemens Ltd. and Severance fees, as Minimum Remuneration to them.

No Sitting Fee shall be paid to them for attending the Meetings of the Board of Directors or any Committee thereof.

The said payment requires the approval of the Members pursuant to Sections 198, 309 and 310 read with Schedule XIII to the Companies Act, 1956 and, hence, the Board commends these Resolutions for your approval.

The above shall be treated as an abstract of the terms and conditions of re-appointment of Dr. Armin Bruck and revision in remuneration of Dr. Armin Bruck and Mr. Sunil D. Mathur, pursuant to section 302(2) of the Companies Act, 1956.

None of the Directors of the Company other than Dr. Armin Bruck and Mr. Sunil D. Mathur are interested in the Resolutions.

By Order of the Board of Directors

Directors' Report

Dear Members,

The Directors have pleasure in presenting the 55th Annual Report of your Company and the Audited Accounts for the year ended on 30th September, 2012.

1. Financial Performance

₹ in Million

	2011-12	2010-11
Turnover	129,199	120,289
Profit before Tax	5,209	12,749
Less: Tax	1,777	4,295
Net Profit after Tax	3,432	8,454
Balance in the Statement of Profit and Loss brought forward	4,771	-
Balance of Profit and Loss account brought forward due to the amalgamation of Companies	705	(110)
Amount available for appropriation	8,908	8,344
Appropriations:		
General Reserve	343	1,200
Proposed Dividend	2,112	2,042
Dividend Distribution Tax	343	331
Balance in Profit and Loss Account carried forward	6,110	4,771

2. Operations

The Turnover of the Company increased by approximately 7% and stood at ₹ 129,199 million as compared to ₹ 120,289 million in the previous year. The Company's Profit from Operations for the year ended 30th September, 2012 was ₹ 6,903 million as compared to ₹ 11,829 million in the corresponding period of the previous year.

The Profit after Tax was ₹ 3,432 million, compared to ₹ 8,454 million during 2010-11.

3. Dividend

The Board of Directors recommends a dividend of ₹ 6 per Equity Share of ₹ 2 each. This dividend is subject to the approval of the Members at the forthcoming Annual General Meeting. In the previous year also, the Company paid a dividend of ₹ 6 per Equity Share of ₹ 2 each.

4. Amalgamations

a. Amalgamation of Siemens VAI Metals Technologies Pvt. Ltd. (SVAI) and Morgan Construction Company India Pvt. Ltd.

The Hon'ble High Court of Bombay vide its order dated 17th August, 2012 sanctioned the 'Scheme of Amalgamation' of SVAI and Morgan with the Company. Key details of the said amalgamation are summarised as follows:

Appointed Date	1 st October, 2011
Effective Date	1 st October, 2012
Share Exchange Ratio	1318 Equity Shares of ₹ 2 of the Company for every 100 Equity Shares of ₹ 100 each of SVAI
Equity Shares issued	11,738,108 to Siemens VAI Metals Technologies GmbH
Date of Allotment of new shares	13 th October, 2012

The aforesaid 11,738,108 Equity shares were not allotted by 30th September, 2012, therefore an amount of ₹ 23 million is shown in Share Capital Suspense Account in the Balance Sheet. The new equity shares rank pari passu with the existing equity shares of the Company and shall be entitled for full amount of dividend for the year ended 30th September, 2012, if declared by the Members at the forthcoming Annual General Meeting. The said equity shares have been listed on BSE Ltd. and National Stock Exchange of India Ltd.

b. Amalgamation of Siemens Power Engineering Pvt. Ltd. (SPEL)

At the meeting held on 31st January, 2012 the Board of Directors approved the proposal for the amalgamation of SPEL (a 100% Siemens AG Company) with the Company. The "Appointed Date" was fixed as 1st October, 2011.

The Board has recommended a share exchange ratio of 6 (Six) equity shares of the Company having Face Value of ₹ 2 (Rupees Two) each fully paid-up for every 13 (Thirteen) equity shares of SPEL having Face Value of ₹ 10 (Rupees Ten) each fully paid-up. The amalgamation was approved by the Members in the Court Convened Meeting held on 11th April, 2012. The High Court of Bombay vide its order dated 2nd November, 2012 approved the amalgamation however the order from the High Court of Punjab & Haryana is still awaited.

SPEL is engaged in providing technical services relating mainly to power plant business.

c. Amalgamation of Winergy Drive Systems India Pvt. Ltd. (Winergy)

At the meeting held on 10th August, 2012, the Board of Directors approved the proposal for the amalgamation of Winergy (a 100% Siemens AG Company) with the Company. The "Appointed Date" was fixed as 1st October, 2012. The Board has recommended a share exchange ratio of 1 (One) equity share of the Company having Face Value of ₹ 2 (Rupees Two) each fully paid-up for every 72 (Seventy Two) equity shares of Winergy having Face Value of ₹ 10 (Rupees Ten) each fully paid-up. The amalgamation is subject to all necessary statutory / regulatory approvals, including approvals of the Members and the High Courts.

Winergy is engaged in business of manufacturing / assembly of wind mill gearboxes, high speed gearboxes, drive application gearboxes, standard geared motors and in designing and engineering services.

5. Share capital

During the year under review, the paid up share capital of the company increased marginally consequent to the allotment of 125 Equity shares to a member upon settlement of a disputed case.

6. Subsidiary company:

The Company had no subsidiary during the year.

7. Foreign Exchange Earnings and Expenditure

Details of foreign exchange earnings and expenditure have been given under the Notes to the Accounts.

8. Conservation of Energy and Technology Absorption

Information in terms of Section 217(1)(e) of the Companies Act, 1956, read with Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988, is given as **Annexure I** to this Report.

9. Corporate Governance

A detailed review of the operations, performance and future outlook of the Company and its businesses is given in the Management's Discussion and Analysis, which forms part of this Report as **Annexure II**.

Your Company observes the high standards of corporate governance in all areas of its functioning with strong emphasis on transparency, integrity and accountability. As required by Clause 49 VI of the Listing Agreement, a detailed report on Corporate Governance alongwith the Auditors' Certificate thereon forms part of this Report as **Annexure III**.

General Shareholder Information forms part of this Report as **Annexure IV**.

10. Employees

Your Directors place on record their deep appreciation for the contribution made by the employees of the Company at all levels.

Information in accordance with the provisions of Section 217(2A) of the Companies Act, 1956, read with Companies (Particulars of Employees) Rules, 1975, as amended, forms part of this Report. However, as per the provisions of Section 219(1)(b)(iv) of the Companies Act, 1956, this Report and Accounts are being sent to all the Members of the Company, excluding the Statement of Particulars of Employees. Any Member interested in obtaining a copy of the said Statement may write to the Company Secretary of the Company.

11. Directors' Responsibility Statement

Pursuant to the provisions of Section 217(2AA) of the Companies Act, 1956, the Directors confirm that, to the best of their knowledge and belief:

- a. in the preparation of the annual accounts, the applicable accounting standards have been followed alongwith proper explanation relating to material departures;

-
- b. appropriate accounting policies have been selected and applied consistently and such judgments and estimates have been made that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 30th September, 2012 and of the profit of the Company for the year ended on that date;
 - c. proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
 - d. the annual accounts have been prepared on a going concern basis.

12. Directors

Mr. Johannes Apitzsch has been appointed as an Alternate Director of Dr. Roland Busch with effect from 27th April, 2012. Dr. Otmar Schmitt and Mr. Stephan Schneider ceased to be an Alternate Director of Mr. Joe Kaeser and Dr. Roland Busch respectively with effect from 27th April, 2012. The Board places on record its appreciation for the services rendered by Dr. Schmitt and Mr. Schneider during their tenure with the Company.

At the Annual General Meeting, Mr. Darius C. Shroff, Mr. Joe Kaeser and Mr. Narendra J. Jhaveri retire by rotation and being eligible, offer themselves for re-appointment. Profiles of these Directors, as required under Clause 49 of the Listing Agreement, are given in the Notice of the Annual General Meeting.

Dr. Armin Bruck has been re-appointed as the Managing Director of the Company for a period from 1st October, 2012 to 31st December, 2013. The terms and conditions of his re-appointment, including his remuneration, are subject to approval of the Members. Profile of Dr. Armin Bruck as required under Clause 49 of the Listing Agreement, is given in the Notice of the Annual General Meeting.

13. Auditors

Messrs S.R. Batliboi & Associates, Chartered Accountants, retire as the Statutory Auditors of the Company at the ensuing Annual General Meeting and offer themselves for re-appointment. A certificate from them has been received to the effect that their re-appointment as Statutory Auditors of the Company, if made, would be within the limits prescribed under Section 224(1B) of the Companies Act, 1956.

14. Fixed deposits

Your Company has not accepted any fixed deposits and, as such, no amount of principal or interest was outstanding as of the Balance Sheet date.

15. Cost Auditors

The Board of Directors have appointed Messrs R. Nanabhoy & Co., Cost Accountants for conducting the audit of the cost accounting records for the product Engineering Machinery (including electronic and electrical products) or for any other products mandated by the Central Government. Last year Company had filed the Cost Audit Report on 10th March, 2012 which is within the time limit prescribed by the Cost Audit Report Rules, 2001.

16. Acknowledgements

The Board of Directors take this opportunity to thank Siemens AG - the parent company, customers, members, suppliers, bankers, business partners / associates and Central and State Governments for their consistent support and co-operation to the Company.

On behalf of the Board of Directors

For Siemens Ltd.

Deepak S. Parekh

Annexure I to the Directors' Report

Conservation of Energy, etc. u/s 217(1)(e)

Additional information in terms of Section 217(1)(e) of the Companies Act, 1956, dealing with Conservation of Energy, Research & Development and Technology Absorption & Innovation.

A. Conservation of Energy

1. Measures taken:

- Awareness and training programmes for employees.
- Installation of energy-efficient appliances.
- Auto shut off, servo drive arrangement for motors in plastic moulding machines.
- Use of variable frequency drive for compressor.
- Incorporation of VFD in the HVAC for electrical energy conservation.
- Maintaining power factor up to 0.99 for energy conservation.
- ETP and STP plants made operational for water conservation.
- Arresting leakages in pneumatic pipeline.
- New oven designed with energy saving feature.

2. Additional investments and proposals, if any, being implemented for reduction of consumption of energy:

- On/off control for plastic shop water cooling system, use of 5 star energy rating refrigerator/air conditioner, etc.
- Replacement of 250 Watts sodium vapor street lamps with 24 watt LED lamps.

3. Impact of Measures undertaken:

- Optimisation of energy consumption.
- Savings in energy and fuel cost.
- Environment protection.

B. Research and Development (R&D)

1. Specific areas in which R&D was carried out:

- Establishment of type testing and development lab including short circuit testing (55kA a @ 690V) and electrical endurance facility.
- Development CACA type Medium Voltage (MV) motors of frame size up to 500.
- Development of energy-efficient series of motors, IE3 (upto frame 355) as per new IS 12615, 2011 standards.
- Development of electrical control cabinets for 4500HP dual-cab diesel electric locomotives.
- Cost effective and New design SMART series 420kV CB, 725kV CB, 145kV.
- Development of 765kV horizontal knee type disconnecter with one earth switch and 420kV horizontal centre break disconnecter (multi contact design).
- Development of 420kA double break disconnecter.

Conservation of Energy, etc. u/s 217(1)(e)

- Use of Gear Box & motor aAssembly for disconnectors less than 245kV voltage class.
- Use of Rotating stool bases for both 420kV and 245kV of DBR & HCB Disconnectors.
- 765kV disconnector, 420kV 63kA fault current rating earthing switch design and 420kV horizontal centre break disconnector with multi-contact design current path.

2. Benefits derived as a result of the above R&D:

- Energy-efficient products.
- Overall cost reduction.
- Opportunity to tap new market.
- Improved quality.
- Enhancement of product portfolio.

3. Further Plan of action:

- Introduction of new products in markets.
- Accreditation from various national and international approving authorities to achieve relevant product approbations through house testing.
- Development of traction and electrical control cabinets for 5500HP diesel electrical locomotives.
- Completion of 145kV new design project & initiate design work on 245kV & 800kV CBs to make these designs more cost effective.

4. Expenditure on R&D:

- a. Capital Expenditure: ₹ 146 million
- b. Revenue Expenditure: ₹ 73 million
- c. Total Expenditure: ₹ 219 million

C. Technology Absorption & Innovation

1. Efforts undertaken:

- Fully automatic Injection molding machine is now equipped with servo controlled robot for handling of molded parts, facilitating multi-machine operation.
- Introduction of resin poor medium voltage winding technology along with state-of-art vacuum plant impregnation (VPI) system to manufacture medium voltage motors.
- Type test facility to test the motors according to IEC 60034-2-1 upto 1250KW 4 pole Motors.
- Localization of SST 600 steam turbine to cater the Indian market with cost effective solutions to improve market share.
- Localization for industrial and power fans up to 100MW.
- Localization of STC GC 10-50 compressors.
- Localization of 800kV CB& 420Kv, 63kA CB, 245kV, 3150 Amps, 50kA, 8DN9 2 GIS.

- New CNC machines introduced to counter balance the load of casing and also dependency on the local suppliers.
- Interaction & training with external agencies / technology partners for exposure to the latest products / designs, manufacturing technologies, processes, analytical techniques and engineering protocols.

2. Benefits derived from the above:

- Reduced dependence on imported technology.
- Environment friendly process, reduction in hazardous waste.
- Overall cost reduction.
- Increased market coverage.
- Reduction of cost in product thus improving product competitiveness

3. Imported Technology:

Technology Imported	Year of Import	Has the technology been fully absorbed	If not fully absorbed, areas where this has not taken place, reasons therefore and future plans of action.
Electromagnetic Transient Simulation	2011	Yes	Not Applicable
Technology for the products 800kV CB & 550kV CB	2009-10	Yes	Not Applicable
765kV CT technology transfer from Trench Germany	2012	Yes	Not Applicable

On behalf of the Board of Directors

For **Siemens Ltd.**

Deepak S. Parekh
Chairman

Mumbai
Friday, 23rd November, 2012

Annexure II to the Directors' Report

Management's Discussion & Analysis

General performance review

The slowdown in India's domestic economy that began in the previous year extended into financial year 2011-12. While the cumulative growth rate of index of industrial production (IIP) fell to 0.52% in financial year 2011-12 from 6.67% in financial year 2010-11, GDP growth remained stagnant at 6.5% as of September 30, 2012 compared with 7.5% as of September 30, 2011.

According to the Centre for Monitoring Indian Economy (CMIE), new investment announcements for the quarter ended September 30, 2012 were at ₹ 58,494 crores, the lowest in 33 quarters. Though the CMIE expects new investment announcements to pick up in the coming quarters, it may not reach the levels seen two to three years ago because many large industries already have huge capacity expansions in the pipeline.

Investor and business confidence was low due to the prolonged global economic crisis as well as the government's inability to gain consensus from coalition partners, which delayed legislation on various fiscal and market reforms. Delays in decision-making led to stalled infrastructure projects and issues related to environmental clearances, land acquisition, and the supply of fuel and raw materials, and the Reserve Bank of India's continued focus on reducing inflation at the cost of economic growth affected investments in new projects. As with most other industries in India, Siemens Ltd. businesses across its four Sectors were impacted due to these factors.

New orders fell to ₹ 10,235.1 crores in financial year 2011-12, down by 17% from ₹ 12,288.7 crores in financial year 2010-11. Sales were up by 8% to ₹ 12,708.1 crores, compared with ₹ 11,818.3 crores in financial year 2010-11, while profits after taxes (PAT) were down by 59% at ₹ 343.2 crores compared with ₹ 845.4 crores in financial year 2010-11.

During the fourth quarter of the financial year 2011-12, the Company reviewed the plans for the wind energy business and its localisation activities. Wind energy solutions will be developed on a case-to-case basis for the Indian market by leveraging existing global Siemens AG manufacturing capacities. Hence, an exceptional item for an impairment estimated at Rs 120 crores was booked in the fourth quarter.

Energy Sector

A combination of factors such as fuel prices and availability (for both coal and natural gas), a liquidity crunch, and delayed statutory clearances for projects citing environmental and

land acquisition regulations, affected the investment plans of customers in the power sector.

Notable orders for the Energy Sector included a contract from Tata Power Ltd. for three 67.5-MW steam turbines. The Energy Sector also signed a contract with Power Grid Corporation of India Ltd. to construct a 765-kV test laboratory for the National High Power Test Laboratory Pvt. Ltd. (NHPTL). NHPTL aims to build stand-alone testing facilities in India for electrical equipment manufacturing and power utility companies in India, the first of their kind in India. The Energy Sector also won a breakthrough order from Larsen & Toubro to supply a distributed control system (DCS) for a 3 x 660-MW power plant, marking its entry into the crucial power plant DCS segment in India.

During the financial year 2011-12, Siemens Energy Sector also delivered the world's first 1,200-kV SF6 circuit breaker to Power Grid Corporation of India Ltd. The circuit breaker, which is part of the ultra-high-voltage test station being built by Power Grid Corporation of India Ltd., will mark the start of a new era in high-voltage transmission in India. In addition, the Energy Sector also introduced several new solutions, including the SPPA-D3000 diagnostic suite for monitoring system vibration, the 765-kV SF6 insulated current transformer, and the 400-kV gas-insulated switchgear.

As part of its ongoing localisation initiatives, the Energy Sector began local deliveries of higher-range steam turbines from the Vadodara factory.

For financial year 2011-12, the order values were down by 46% to ₹ 2,696 crores, sales fell by 1% to ₹ 5,181.1 crores, while profits from operations were down by 51%, to ₹ 318.8 crores.

Outlook

The prevailing issues related to lack of fuel supply and the higher cost of fuel, delayed statutory clearances, financial constraints, and land acquisition issues are expected to delay equipment orders in the short term. Factors that could influence the recovery of the power sector are improved land acquisition processes, lower interest rates, availability of fuel linkages, and a viable mechanism for transferring the increased fuel costs through higher power tariffs. This would allow developers to proceed with stalled projects utilizing imported coal.

Factors that could provide further impetus to the Sector are expansion plans of major oil and gas companies, the increasing acceptance of coal-bed methane production, and

the auction of shale gas blocks in late 2013 on a production-sharing basis.

The Siemens Energy Sector continues to focus on strengthening its locally-engineered solutions and execution capabilities.

Healthcare Sector

A high percentage of healthcare spending in India is “out-of-pocket” because the penetration of health insurance in the country is low. According to a World Health Organization report published in 2012, out-of-pocket expenditures on healthcare in India were over 86%, one of the worst in the world. Government spending on healthcare also remained very low compared with the rest of the world, at around 1% of GDP – translating to a per capita expense of around ₹ 2,000 per person in 2012. The weakening Indian rupee also had an impact on the market for healthcare equipment. A majority of the high-end technology is imported. As a result, the weaker rupee led to an escalation in project costs and capital expenditure, and a number of healthcare providers postponed investment decisions.

In this challenging environment, the Siemens Healthcare Sector continued its focus on bringing high-end healthcare technology to India. It won an order from House of Diagnostics – a medical diagnostics solution provider targeting the niche segment of corporations and large hospital chains – for the installation of India’s first magnetic resonance positron-emission tomography (MR-PET) system at Indraprastha Apollo Hospital. The Siemens Healthcare Sector won the Imaging Company of the Year award presented by Frost and Sullivan, an international consulting and training company, for the second year in succession.

For financial year 2011-12, order values were down by 6% to ₹ 1,055.1 crores, sales was up by 3% to ₹ 1,081.1 crores, while profits from operations were down by 88% to ₹ 6.1 crores.

Outlook

Long-term investment prospects in the healthcare segment look promising as recent reports show that corporations and venture capitalists are considering investing in the sector. The majority of districts in India do not have access to tertiary care, because providers are largely focused on metropolitan areas and Tier 1 cities. The private players in the healthcare segment are expanding their networks into Tier 2 and 3 districts through both greenfield as well as brownfield routes. Various corporate groups have also announced firm plans to invest and expand in healthcare. These investments should result in increased orders for healthcare technologies.

The government has also signalled a growing emphasis on healthcare, and announced an increase in healthcare expenditures in the 12th five year plan from the approximately 1% of GDP today to 2.5%.

Industry Sector

The Industry Sector was affected by lower investments during the financial year 2011-12 on projects across verticals. Rising raw material costs increased the input costs, while the continuing high interest rates led to reduction of new projects and delay in off-take of finished goods.

The Industry Sector began financial year 2011-12 with a strong focus on verticals such as automotive, chemicals, food and beverage, pharmaceuticals, water, glass, minerals, pulp and paper, and cement, and a streamlined, integrated service approach. The service portfolio has been adapted for the Indian market with an increased emphasis on meeting local customer needs.

Highlights of the financial year 2011-12 for the Industry Sector included an order for ‘online condition monitoring system’ from Dalmia Cement. The system enables the safe management of both machine data and operating data in real time to ensure transparency, reliability of the equipment and operational availability. The Sector won an order from Jupiter Life Sciences, the largest custom research and manufacturing services provider in India, to supply a distributed control system using foundation fieldbus (FF) technology. Introduced by Siemens Ltd. in 2012, the FF technology is the standard in the chemical industry. Another significant order was from Takraf India for Bucket Wheel Excavators (BWE). The BWE machines will be installed in Mines-II of Neyveli Lignite Corporation Ltd. The order includes providing integrated solutions for design, manufacture, supply, assembly and commissioning of a state-of-the-art automation and drive solution for BWE machines. A consortium led by Metals Technologies Business Unit won a major order, of which the contribution to Siemens Ltd. was Rs 633 crores. The order is for supply of a complete steelmaking plant for an integrated production complex belonging to the National Mineral Development Corporation Ltd.

For financial year 2011-12, order values increased by 36% to ₹ 3,360.1 crores, sales were up by 24% to ₹ 3,758.3 crores, while profits from operations were down by 28% to ₹ 163.3 crores.

Outlook

Moderation in demand in both consumption-driven industries such as automotive and investment-linked industries such as cement and construction is expected to continue. Together

Annexure II to the Directors' Report (Continued)

Management's Discussion & Analysis

with fewer announcements of fresh investments, there have been delays in the finalisation of projects and project closures. There is also a focus on cost reduction among key original equipment manufacturers. Margins are expected to remain under pressure due to higher input costs, higher labour costs, and high interest rates. An enhanced focus among various industry verticals on modernising their manufacturing systems and improving productivity, including energy-saving initiatives, are expected to drive growth opportunities. The Industry Sector's efforts to tap new opportunities in the product business are expected to contribute to this growth. An emerging trend of plant-maintenance outsourcing offers the opportunity to provide value-added services.

Infrastructure & Cities Sector

During financial year 2011-12, the market for infrastructure remained subdued due to the high interest rates, delays in government clearances, and slower investment decisions.

Among the highlights of the past year, the Siemens Infrastructure & Cities Sector won a contract worth ₹ 130 crores to modernise the electricity distribution system for Maharashtra State Electricity Distribution Company Ltd. Siemens Ltd. will manage the entire project in addition to the development, manufacture, implementation, and commissioning of SCADA/DMS supervisory control centers for eight cities under the Government of India's Restructured Accelerated Power Development Reforms Program (R-APDRP).

The Infrastructure & Cities Sector also won a contract worth ₹ 86 crores to build and modernise substations for the Bangladesh Power Development Board. The contract involves construction of six new 33/11-kV substations and the upgrade of 14 similar substations.

The Infrastructure & Cities Sector supported the Indian government's Department of Post to achieve a major milestone in its efforts to modernise and ramp up its mail processing centres when the automated mail processing system installed at New Delhi became operational. The system consists of a sorting machine with an integrated reading and video coding machine (IVR), which reads bar code or manually-written addresses on the letter line-by-line. Based on the address, the machine automatically sorts the letters and collects them in specified bins in a single run. The system is capable of processing up to 55,000 mail pieces per hour. Another significant order win for the Sector was to set up an integrated building management system for Bharat Diamond Bourse in Mumbai.

For financial year 2011-12, order values were down by 15% to ₹ 3,074.9 crores, sales were up by 9% to ₹ 2,687.6 crores, while profits from operations were down by 28% to ₹ 165.4 crores.

Outlook

Opportunities for growth exist in modernisation and greenfield infrastructure projects in railways, airports, logistics, ports, and cargo segments. However, project delays due to the high cost of financing and slow government decisions would impact growth. The planned privatisation of power distribution companies and the government's focus on strengthening the transmission and distribution system through programs such as the R-APDRP offer opportunities for growth. Significant growth opportunities have also emerged in Tier 2 and Tier 3 cities, particularly for the product business. However, the government has to ensure that large infrastructure projects in the country across various sectors, like power, railways, roads, shipping, civil aviation, and mining, are given top priority.

Internal control systems

The Company has an internal control framework that integrates the Sarbanes Oxley Compliance Act, the Compliance Control Framework, and the pre-existing Internal Control System into a single Risk and Internal Control process, which is responsible for coordinating the entire process.

Siemens Ltd. has outsourced the internal audit function to Corporate Finance Audit, the Global Audit Department of Siemens AG. The internal audit is conducted independently. The Internal Audit team has developed a flexible audit plan for the Company using an appropriate risk-based methodology. The Company's Audit Committee reviews the audit plan regularly.

An objective evaluation and reporting is conducted on Siemens Ltd.'s financial reporting integrity, effectiveness of risk management and internal control systems, and adherence to Siemens Ltd.'s compliance policies in a systematic and disciplined manner.

Compliance

During the financial year 2011-12, Siemens Ltd. continued its focus on compliance in all areas of its business. In addition to continuously upgrading the Compliance Control Framework (CCF), the Company also increased its focus on Sector requirements. Details on compliance activities are included in the Business Responsibility Report on page 10.

Safety and environment

Achieving excellence for environmental protection, health management, and safety (EHS) is a high priority for Siemens Ltd. While the Company's manufacturing units in India have already implemented international EHS standards like ISO 14001 and OHSAS 18001, a variety of initiatives were undertaken during financial year 2011-12 to improve EHS performance at project sites.

In addition to safety workshops for Siemens Ltd. employees as well as contractors, the Company began periodic evaluation of the EHS capabilities of the vendors during the year. The Company also initiated "Project Suraksha" to identify and enhance "critical to safety" factors at project sites. The Company also increased communications activities at project sites in an effort to build a zero-harm culture on project locations.

Detailed information on the Company's initiatives in environment, health, and safety is provided in the Business Responsibility Report on page 12.

Human resources initiatives

During financial year 2011-12, the Company primarily focused on retaining its employees and further improving their competencies. As part of the Global Engagement and Compliance Survey 2012, conducted to help create an inspiring and motivating work environment for employees, the Company received 94% favorable responses in the Employee Engagement category.

By offering a variety of employee-centric programmes, the Company was successful in decreasing attrition rates and maintaining them at a rate lower than the industry average. One of the most significant retention measures was the launch of an employee reward and recognition programme called Siemens Puraskaar, which includes non-monetary and monetary rewards. The other noteworthy initiative was the introduction of Siemens Mitra, an employee counseling and assistance programme.

With the objective of enhancing the quality of hires, the company also actively improved the recruitment process, especially the Campus recruitment process for engineers. There were 172 graduate trainee engineers hired using the new process from top-ranking colleges across the country. Siemens Ltd. also hired employees with high-potential global recruiting programmes such as the Siemens Graduate Programme and the Finance Excellence Programme.

The motivated and diverse workforce continues to remain the company's most important asset. Sustained development of this dynamic workforce through strategic learning programmes is a key factor in Siemens Ltd.'s strategy and an inherent part of "people processes" like the yearly Performance Management Process. In line with this objective, Siemens Ltd. strengthened its learning programme framework and launched the Learning Campus duly supported by the global IT platform. This IT-based initiative makes business-relevant knowledge available to all employees within the Siemens Network.

Some key highlights of the training programmes conducted over the last year are:

- a. Over 14,250 employees participated in 550 functional and cross-functional training programmes, which have been designed to meet our business requirements.
- b. Under the framework of the Core Learning Programmes, the Company conducted trainings in the areas of general management, sales and marketing, software, research and development, manufacturing, human resources, and project management.

In the arena of leadership and development, the Company continued its emphasis on developing leaders at different levels and organised a variety of initiatives to support this objective.

- a. ASCEND (acquire skills and capabilities to empower and develop people), the first-time manager programme, had 211 new team leads learning the concepts of effective leadership.
- b. LEEP (leadership enhancement through excellence in people management) – a leadership-enrichment programme that hones people-management skills through self-awareness and coaching – saw 151 middle-level managers participating in order to become better leaders.

As of September 30, 2012, the company's employee numbers stood at 11,229. This includes 812 employees who were added through the merger of Siemens VAI Metals Technologies Pvt. Ltd. and Morgan Construction Company India Pvt. Ltd. The new employees have been integrated into the Metals Technologies Business Unit of the Industry Sector.

Outlook for Siemens Ltd.

Modern and future-ready infrastructure has been recognized as a key driver of India's economic growth. Siemens Ltd. is present in all the areas that contribute to infrastructure.

Annexure II to the Directors' Report (Continued)

Management's Discussion & Analysis

The Company has solutions for the entire energy matrix (generation, transmission, and distribution), intra-city and inter-city mobility, industrial plants, green buildings, and hospitals. In addition, the Company's focus on localisation has helped to position itself as a technology provider of choice for building India's infrastructure. The Company also has the added advantage of bundling the financing solutions offered by Siemens Financial Services Pvt. Ltd. (SFSPL), a non-banking finance company and a wholly-owned subsidiary of Siemens AG. SFSPL's offerings such as loans, leasing, and other financial products are used to finance equipment purchases by customers of Siemens Ltd.

The government's recently-announced measures to allow higher foreign direct investments in sectors such as aviation, multi-brand retail, insurance, and media have sent encouraging signals. The founding of the National Investment Board is also a positive sign.

In light of the above developments, the company expects profitable and sustainable growth in the future.

Note: This report contains forward-looking statements based on beliefs of Siemens' management. The words "anticipate," "believe," "estimate," "forecast," "expect," "intend," "plan," "should," and "project" are used to identify forward-looking

statements. Such statements reflect the company's current views with respect to future events and are subject to risks and uncertainties. Many factors could cause the actual result to be materially different, including, among other things, changes in general economic and business conditions, changes in currency exchange rates and interest rates, introduction of competing products, lack of acceptance of new products or services, and changes in business strategy. Actual results may vary materially from those projected here. Siemens does not intend to assume any obligation to update these forward-looking statements.

Annexure III to the Directors' Report

Corporate Governance Report

(As per Clause 49 of the Listing Agreement entered into with the Stock Exchanges)

I. Company's Philosophy on Corporate Governance

The Company's philosophy on Corporate Governance is to observe the highest level of ethics in all its dealings, to ensure the efficient conduct of the affairs of the Company to achieve its goal of maximising value for all its stakeholders.

II. Board of Directors (Board)

• Composition

During the year under consideration, the Board comprises of 10 experts (excluding Alternate Directors) drawn from diverse fields / professions. The Board has an optimum combination of Executive and Non-executive Directors, which is in conformity with the requirement of Clause 49 of the Listing Agreement with the Stock Exchanges (Listing Agreement) in this regard. The Chairman of the Board is a Non-executive and Independent Director. All Directors, except the Managing Director and Special Director, are liable to retire by rotation.

The Company has 8 Non-executive Directors out of which 6 are Independent Directors. There are two Directors in whole-time employment of the Company, one being the Managing Director and other as an Executive Director.

The necessary disclosures regarding Committee positions have been made by all the Directors. None of the Directors on the Board is a Member of more than 10 Committees and Chairman of more than 5 Committees across all companies in which they are Directors.

There is no relationship between the Directors inter-se.

The Composition of the Board, Directorship / Committee positions in other companies as on 30th September, 2012, number of Meetings held and attended during the Financial Year (FY) are as follows:

	Name	Category ⁽¹⁾	Board Meetings during the FY 2011-12		Attendance at last AGM held on 31.01.2012	Other Directorships in India ⁽²⁾	Other Committee positions in India ⁽³⁾	
			Held ⁽⁵⁾	Attended			Member	Chairman
1	Mr. Deepak S. Parekh (Chairman)	NED (I)	5	5	Yes	10	2	2

Annexure III to the Directors' Report

Corporate Governance Report

(As per Clause 49 of the Listing Agreement entered into with the Stock Exchanges)

Notes:

- (1) Category: WTD - Whole-time Director, NED – Non-executive Director, NED (I) – Non-executive Director and Independent.
- (2) Includes Alternate Directorships and Directorships in private companies.
- (3) Includes only Audit Committee and Investors Grievance Committee of public limited companies.
- (4) In the whole-time employment of parent company, Siemens AG, Germany.
- (5) Details provided for the period for which the individuals held Directorship of the Company.
- (6) Special Director as per Article 110 of the Articles of Association of the Company and as such is not bound to retire by rotation.
- (7) Mr. Stephan Schneider ceased to be an Alternate Director for Dr. Roland Busch with effect from 27th April, 2012. From 1st October, 2011 to 27th April, 2012, he attended 1 Board Meeting as an Alternate Director for Dr. Roland Busch.
Dr. Otmar Schmitt ceased to be an Alternate Director for Mr. Joe Kaeser with effect from 27th April, 2012. From 1st October, 2011 to 27th April, 2012, he attended none of the Board Meeting as an Alternate Director for Mr. Joe Kaeser.

• Board Meetings

During the Financial Year 2011-12, 5 Meetings were held on 29th October, 2011, 22nd November, 2011, 31st January, 2012, 27th April, 2012 and 10th August, 2012.

The gap between any two Meetings did not exceed four months.

Agenda papers containing all necessary information / documents are made available to the Board in advance to enable the Board to discharge its responsibilities effectively and take informed decisions. Where it is not practicable to attach or send the relevant information as a part of Agenda Papers, the same are tabled at the meeting or / and the presentations are made by the concerned managers to the Board. Considerable time is spent by the Directors on discussions and deliberations at the Board Meetings.

The information as specified in Annexure IA to Clause 49 of the Listing Agreement is regularly made available to the Board, whenever applicable, for discussion and consideration.

III. Committees of Directors

A Mandatory Committees

i. Audit Committee of Directors (Audit Committee)

Composition

The Audit Committee comprises of experts specialising in accounting / financial management. The Chairman of the Audit Committee is a Non-executive and Independent Director. The present composition of the Audit Committee is as follows:

Name	From	No. of meetings during FY 2011-12	
		Held	Attended
Mr. Yezdi H. Malegam, Chairman	15.12.2000	5	5
Mr. Joe Kaeser / Dr. Otmar Schmitt (Alternate Director for Mr. Joe Kaeser upto 27.04.2012)	01.10.2006	5	5
Mr. Deepak S. Parekh	22.11.2004	5	5
Mr. Keki B. Dadiseth	01.02.2006	5	4

Mr. Ajai Jain, Vice President (Legal) & Company Secretary, is a Secretary to the Committee.

During the Financial Year 2011-12, 5 Meetings were held on 29th October, 2011, 22nd November, 2011, 31st January, 2012, 27th April, 2012 and 10th August, 2012.

The Executive Director and the Heads of Accounts, Finance, Taxation, Regional Compliance, Internal Audit and the Statutory Auditors are permanent invitees to the Meetings.

Terms of reference

The powers and terms of reference of the Audit Committee are as mentioned in the Clause 49 II (C), (D) & (E) of the Listing Agreement and Section 292A of the Companies Act, 1956.

The terms of reference are briefly described below:

- a. Oversight of the Company's financial reporting process and disclosure of financial information.
- b. Recommend the appointment, re-appointment and, if required, replacement or removal of Statutory Auditors, fixation of audit fees and approving payments for any other services.
- c. Review with management the annual and quarterly financial statements before submission to the Board.
- d. Review with management, performance of Statutory and Internal Auditors and adequacy of internal control systems.
- e. Review the adequacy of internal audit function.
- f. Discussions with Internal Auditors of any significant findings and follow-ups thereon.
- g. Review the findings of any internal investigations by the Internal Auditors.
- h. Discussions with Statutory Auditors before the audit commences, of the nature and scope of audit as well as have post-audit discussion to ascertain any areas of concern.
- i. Look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors.
- j. Review the functioning of the Whistle Blower mechanism.
- k. Review the following information:
 - Management discussion and analysis of financial condition and results of operations;
 - Statement of significant related party transactions;
 - Management letters / letters of internal control weaknesses issued by the Statutory Auditors;
 - Internal audit reports relating to internal control weaknesses;
 - The appointment, removal and remuneration of the Chief Internal Auditor; and
 - The financial statements, in particular, the investments made by unlisted subsidiary companies.In addition to the above, the following disclosures are made to the Audit Committee, as and when applicable:
 - Basis of related party transactions;
 - Disclosure of Accounting Treatment; and
 - Utilisation / application of proceeds from public issues, rights issues, preferential issues, etc., if any.

The Audit Committee is vested with the necessary powers, as defined in its Charter, to achieve its objectives.

The Chairman of the Audit Committee was present at the 54th Annual General Meeting held on 31st January, 2012.

ii. Investors Grievance Committee of Directors (Investors Grievance Committee)

Composition

The Investors Grievance Committee has been constituted to attend to and redress the investors' grievances.

Name	From	No. of meetings during FY 2011-12	
		Held	Attended
Mr. Darius C. Shroff, Chairman	15.12.2000	2	2
Mr. Pradip V. Nayak	01.02.2006	2	2
Dr. Armin Bruck	01.01.2008	2	Nil

B. Non-Mandatory Committees

Remuneration Committee of Directors (Remuneration Committee)

Composition

Name	From	No. of meetings during FY 2011-12	
		Held	Attended
Mr. Narendra J. Jhaveri, Chairman	15.12.2000	2	2
Mr. Darius C. Shroff	15.12.2000	2	2
Mr. Deepak S. Parekh	01.10.2004	2	2
Mr. Pradip. V. Nayak	23.07.2007	2	2

During the Financial Year 2011-12, the Committee met on 22nd November, 2011 and 31st January, 2012.

Terms of reference

- Determine the Company's policy on specific remuneration packages for Whole-time Directors / Executive Directors including pension rights and any compensation payment.
- Decide the actual Salary, Salary Grades, Overseas Allowance, Perquisites, Retirals and Increment of Whole-time Directors.
- Define and implement the Performance Linked Incentive Scheme (including ESOP of the Company and / or Siemens AG) and evaluate the performance and determine the amount of incentive of the Whole-time Directors for that purpose.
- Decide the amount of Commission payable to the Whole-time Directors.
- Periodically review and suggest revision of the total remuneration package of the Whole-time Directors keeping in view the performance of the Company, standards prevailing in the industry, statutory guidelines, etc.

Remuneration Policy

The remuneration policy of the Company is performance driven and is structured to motivate employees, recognize their merits & achievements and promote excellence in their performance.

1. For Whole-time Directors

The Board of Directors / the Remuneration Committee of Directors is authorised to decide the remuneration of the Whole-time Directors, subject to the approval of the Members and Central Government, if required. The remuneration structure comprises of Salary, Perquisites, Retirement benefits as per the law / rules, Performance Linked Incentive (PLI), Commission and entitlement to participate in the Equity based compensation programs of Siemens AG, Germany / Siemens Ltd., as applicable from time to time. Annual increments are decided by the Remuneration Committee within the salary grade approved by the Members.

In addition to the above remuneration, Expatriate Directors are paid Overseas Allowance / Special Allowance and certain other Perquisites as per the Rules of the Company.

PLI, benefit under the Equity based compensation programs of Siemens AG / Siemens Ltd. and Commission constitute the variable component of remuneration. PLI is computed on the basis of specific targets set for each Whole-time Directors every year. The targets are also linked to the Company's targets. PLI is paid to the Whole-time Directors on achievement of the said targets. Commission is determined on the basis of the Net Profits of the Company in a particular Financial Year, subject to the overall ceiling as stipulated in Sections 198 and 309 of the Companies Act, 1956.

Remuneration paid / payable to the Whole-time Directors for the Financial Year 2011-12

(Amount in ₹)

	Dr. Armin Bruck	Mr. Sunil D. Mathur
Salary	12,275,400	8,385,900

- f. Evaluation of Non-Executive Board Members: The Board members are from diverse fields of expertise and have long standing experience and expert knowledge in their respective fields which is very relevant as well as of considerable value for the Company's business.
- g. Whistle Blower Policy: The Company has a Whistleblower Policy. Please refer relevant paragraph of this report.

On behalf of the Board of Directors

For **Siemens Ltd.**

Deepak S. Parekh
Chairman

Mumbai
Friday, 23rd November, 2012

Declaration by the Managing Director under Clause 49 of the Listing Agreement regarding compliance with Business Conduct Guidelines (Code of Conduct)

In accordance with Clause 49 I D of the Listing Agreement with the Stock Exchanges, I hereby confirm that all the Directors and the Senior Management personnel of the Company have affirmed compliance with the Business Conduct Guidelines (Code of Conduct), as applicable to them, for the Financial Year ended on 30th September, 2012.

For **Siemens Ltd.**

Dr. Armin Bruck
Managing Director

Mumbai
Friday, 23rd November, 2012

Certification by the Chief Executive Officer (CEO) and Chief Financial Officer (CFO) under Clause 49 of the Listing Agreement

To the Board of Directors of Siemens Ltd.,

Dear Sirs,

- a) We have reviewed the financial statements and the cash flow of Siemens Ltd. ('the Company') for the year ended 30th September, 2012 and to the best of our knowledge and belief:
 - i) These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
 - ii) These statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- b) There are, to the best of our knowledge and belief, no transactions entered into between the Company during the year which are fraudulent, illegal or violative of the Company's code of conduct.
- c) We accept responsibility for establishing and maintaining internal controls for financial reporting. We have evaluated the effectiveness of internal control systems of the Company and have disclosed to the Auditors and the Audit Committee, deficiencies in the design or operation of internal controls, if any and steps taken or proposed to be taken for rectifying these deficiencies.
- d) We have indicated to the Auditors and the Audit Committee:
 - i) Significant changes in the internal control over financial reporting during the year;
 - ii) Significant changes in accounting policies during the year and that the same have been disclosed suitably in the notes to the financial statements;
 - iii) Instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the Company's internal control systems over financial reporting.

Yours truly

Sunil D. Mathur
Executive Director / CFO

Mumbai
Friday, 23rd November, 2012

Dr. Armin Bruck
Managing Director / CEO

Certificate of Compliance

To
The Members of Siemens Limited

We have examined the compliance of conditions of Corporate Governance by Siemens Limited ('the Company'), for the year ended on September 30, 2012, as stipulated in clause 49 of the Listing Agreement of the said Company with stock exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

17. Unclaimed Shares in Physical Form

Clause 5A of the Listing Agreement provides the manner of dealing with the shares issued in physical form pursuant to a public issue or any other issue, and which remains unclaimed with the Company. In compliance with the Provisions of the said Clause, the Company has sent three reminders under Registered Post as under to the Shareholders whose share certificates were returned undelivered and are lying unclaimed so far.

- 1st reminder had been sent on 16th July, 2012
- 2nd reminder was sent on 1st September, 2012
- 3rd reminder was sent on 10th October, 2012

In terms of Clause 5A(II) of the Listing Agreement, your company will initiate appropriate steps on unclaimed shares by transferring and dematerialising them into one folio in the name of "Siemens Limited Unclaimed Shares Suspense Account". Upon transfer and dematerialization to the suspense account, the voting rights on the said shares shall remain frozen till the rightful owner of such shares claims the shares.

In case your shares are lying unclaimed with the Company, you are requested to claim the same from Company RTA.

18. Recommendations to the Investors / Shareholders

- a. Open a demat account and dematerialize your shares since It helps in immediate transfer of shares without payment of duty.
- b. Provide a NECS mandate to the Company in case of shares in physical form and ensure that correct and updated particulars of bank account are available with DP in case of shares held in dematerialized form.
- c. Fill and submit nomination forms (to the Company / TSRDL – for physical shares; to DP – for dematerialized shares.)
- d. Obtain valid Share Transfer Deed / Documents relating to purchase / sale of shares.
- e. Transfer of shares prior to book closure / record date will be eligible for corporate benefits.
- f. Deal only through SEBI registered intermediaries.
- g. Give clear and unambiguous instructions to your broker / sub-broker / DP.
- h. Keep copies of all your investment documentation i.e. Share transfer deed, Share Certificate etc.
- i. Send share certificates, cheques, demand drafts etc. through registered post or courier.
- j. **Permanent Account Number:** Members who hold shares in physical form are advised that SEBI has made it mandatory that a self attested copy of PAN card of the transferee(s), members, surviving joint holders/legal heirs be furnished to the Company while making request for transfer, deletion of name of deceased joint holder, transposition of names, and transmission of shares, as the case may be.
- k. **Change of Address:** Regarding change of address, bank details, nomination, registration of power of attorney, change in e-mail address, etc., Shareholders holding shares in physical form should notify to the RTA if they are holding shares in physical mode, and if in demat mode, should send their instructions directly to their DP.
- l. **Loss of Shares:** In case of loss/misplacement of shares, investors should immediately lodge a complaint/FIR with the police and then to the RTA who will guide on the procedure of obtaining the duplicate share certificates.
- m. **Unclaimed Dividends:** Shareholders who have so far not encashed their dividend warrant(s) for the past years, may claim the same from the Registrar of Companies – Everest, 100, Marine Drive, Mumbai – 400 002 by submitting an application in Form II of the Companies Unpaid (Transfer to General Reserve Account of the Central Government) Rules, 1978.

The details of all the amounts so far transferred by the Company to Investors Education and Protection Fund is available on Company's website i.e. www.siemens.com and Ministry of Corporate Affairs website i.e. www.mca.gov.in

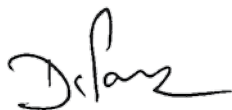

Annexure IV to the Directors' Report (Continued)

General Shareholder Information

- n. **Non-Resident Shareholders:** Non-Resident Shareholders are requested to immediately notify the following to the Company in respect of shares held in Physical form and to their DPs in respect of shares held in Dematerialised form:
- Indian address for sending all communications, if not provided so far;
 - Change in their residential status on return to India for permanent settlement;
 - Particulars of the Bank Account maintained with a bank in India, if not furnished earlier;
 - RBI Permission number with date to facilitate prompt credit of dividend in their Bank Accounts.

Feed Back: Members are requested to give us their valuable suggestions for improvement of our investor services to our Corporate Office or RTA office at Mumbai.

Auditors' Report

To the Members of Siemens Limited

1. We have audited the attached Balance Sheet of Siemens Limited ('the Company') as at September 30, 2012 and also the Statement of profit and loss and the cash flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 (as amended) ('the Order') issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to above, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - ii. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - iii. The balance sheet, statement of profit and loss and cash flow statement dealt with by this report are in agreement with the books of account;
 - iv. In our opinion, the balance sheet, statement of profit and loss and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956.
 - v. On the basis of the written representations received from the directors, as on September 30, 2012, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on September 30, 2012 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
 - vi. In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;
 - a) in the case of the balance sheet, of the state of affairs of the Company as at September 30, 2012;
 - b) in the case of the statement of profit and loss, of the profit for the year ended on that date; and
 - c) in the case of cash flow statement, of the cash flows for the year ended on that date.

Annexure referred to in paragraph 3 of our report of even date

Re: Siemens Limited ('the Company')

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of three years. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. As informed, no material discrepancies were noticed on such verification.
- (c) There was no disposal of a substantial part of fixed assets during the year.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) (a) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, the provisions of clause 4(iii)(a) to (d) of the Order are not applicable to the Company and hence not commented upon.
- (e) According to information and explanations given to us, the Company has not taken any loans, secured or unsecured, from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, the provisions of clause 4(iii)(e) to (g) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, having regard to the explanation that certain items purchased are of special nature for which suitable alternative sources do not exist for obtaining comparative quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the Company in respect of these areas.
- (v) (a) In our opinion, there are no contracts or arrangements that need to be entered in the register maintained under Section 301 of the Companies Act, 1956. Accordingly, the provisions of clause 4(v)(b) of the Order is not applicable to the Company and hence not commented upon.
- (vi) The Company has not accepted any deposits from the public.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size of the Company and nature of its business.
- (viii) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 209(1)(d) of the Companies Act, 1956, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.
- (ix) (a) Undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, cess and other material statutory dues have been regularly deposited with the appropriate authorities though there have been slight delays in few cases.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty and cess on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in millions)	Period to which the amount relates	Forum where the dispute is pending
Central Excise Act, 1944 and Service Tax	Duty, Penalty	14	1993-97, 2000-05, 2007-10 and 2009-12	Asst.Comm / Dy. Comm / Comm / Comm (Appeals)
		583	1980-81, 1987-93, 1992-99, 2000-01 to 2008-09 and 2009-10 to 2010-12	Tribunal
State & Central Sales Tax Acts	Tax, Interest & Penalty	1,130	1967-69, 1970-71, 1972-74, 1979-90, 1991-94, 1995-97, 1998-99, 1999-00, 2000-07 and 2007-10	Assistant / Additional Commissioner
		302	1974-78, 1992-93, 1995-97, 1999-02, 2002-08 and 2008-11	Dy. Comm / Comm / Joint / Spl. Comm
		503	1975-77, 1989-94, 1995-99, 1999-00, 2000-05, 2006-08 and 2010-11	Tribunal
		411	1984-85, 1996-97, 2000-01, 2003-09 and 2011-12	High Court
		6	2003-09	Supreme Court
Customs Act, 1962	Duty	120	1998-99	High Court
		197	2003-08	High Court
Income Tax Act, 1961	Income Tax	4	AY 2004-05	Tribunal

- (x) The Company has no accumulated losses at the end of the financial year and it has not incurred cash losses in the current and immediately preceding financial year.
- (xi) Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to bank. The Company did not have any outstanding dues in respect of financial institution or by way of debentures during the year.
- (xii) According to the information and explanations given to us and based on the documents and records produced before us, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- (xiii) In our opinion, the Company is not a chit fund or a nidhi / mutual benefit fund / society. Therefore, the provisions of clause 4(xiii) of the Order are not applicable to the Company.
- (xiv) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Order are not applicable to the Company.
- (xv) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from bank or financial institutions.
- (xvi) The Company did not have any term loans outstanding during the year.
- (xvii) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised

on short-term basis have been used for long-term investment.

- (xviii) The Company has not made any preferential allotment of shares to parties or companies covered in the register maintained under section 301 of the Companies Act, 1956.
- (xix) The Company did not have any outstanding debentures during the year.
- (xx) The Company has not raised any money by public issues during the year.
- (xxi) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no material fraud on or by the Company has been noticed or reported during the year.

Notes to the financial statements for the year ended 30 September 2012 (Currency: Indian rupees millions)

Basis of preparation of financial statements

The financial statements are prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain derivative instruments which are measured at fair value in accordance with generally accepted accounting principles in India ("Indian GAAP") and comply in all material respects with the accounting standards notified in the Companies (Accounting Standards) Rules 2006, (as amended) issued by the Central Government, in consultation with National Advisory Committee on Accounting Standards ('NACAS') and relevant provisions of Companies Act, 1956 ('the Act').

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

1. Significant accounting policies

1.1 Change in presentation and disclosure of financial statements

During the year ended 30 September 2012, the revised schedule VI notified under the Companies Act, 1956, has become applicable to the Company for preparation and presentation of its financial statements. The adoption of revised schedule VI does not impact recognition and measurement principles followed for preparation of financial statements. However, it has significant impact on presentation and disclosures made in the financial statements. Previous year figures have been reclassified in accordance with the requirements applicable in the current year.

1.2 Use of estimates

The preparation of financial statements in conformity with the Indian GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

1.3 Tangible fixed assets and depreciation

Fixed assets are stated at cost of acquisition or revalued amounts less accumulated depreciation. The cost of fixed assets includes taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets.

Depreciation is provided on the straight-line method ('SLM'). The depreciation rates prescribed in Schedule XIV to the Act are considered as the minimum rates. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid Schedule, depreciation is provided at a higher rate based on the management's estimate of useful life/remaining life.

Diagnostics equipments are being treated as raw traded items of inventory when they are received. However, if these instruments are issued from inventory to customers under placement agreement, these are treated as capital asset in the period of such issues and are stated at cost less accumulated depreciation.

The key fixed asset blocks and related annual depreciation rates, which in management's opinion reflect the estimated useful economic lives of the fixed assets, are:

Asset	Rate
Land	
- Freehold land	-
- Lease hold	Over the lease period
Buildings	
- Factory buildings	3.33 - 6.66%

1.3 Tangible fixed assets and depreciation (Continued)

Asset	Rate
- Other buildings	2 - 2.5%
- Leasehold improvements	Over the lease period
Plant and equipments	
- Assets specific to a project	Over the life of the project
- Special machine tools	10 - 20%
- Other plant and equipments	8.33 - 25%
Furniture, fixtures and office equipments	10 - 33.33%
Vehicles	12.5 - 25%

Where depreciable assets are revalued, depreciation is provided on the revalued amount and the additional depreciation on accretion to assets on revaluation is transferred from revaluation reserve to the statement of profit and loss.

Assets costing less than ₹ 5,000 are fully charged to the statement of profit and loss in the year of acquisition.

Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and estimated net realizable value and are disclosed separately in the financial statements.

Capital work-in-progress includes the cost of fixed assets that are not ready to use at the balance sheet date.

1.4 Intangible assets

Intangible assets comprise goodwill, software and technical know-how. These intangible assets are amortised on straight-line basis based on the following useful lives, which in management's estimate represents the period during which economic benefits will be derived from their use:

Asset	Useful life
Goodwill	36 - 60 months
Software	36 months
Technical know-how	60 - 120 months

1.5 Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset or a group of assets (cash generating unit) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or cash generating unit.

The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost, had no impairment been recognised.

Notes to the financial statements (*Continued*) for the year ended 30 September 2012 (Currency: Indian rupees millions)

1.6 *Investments*

Investments that are readily realizable and intended to be held but not more than a year are classified as current investments. All other investments are classified as long term investments.

Long-term investments are carried at cost. Provision for diminution is made to recognize a decline, other than temporary in value of long-term investments and is determined separately for each individual investment. Current investments are carried at lower of cost and fair value, computed separately in respect of each category of investment.

Investment property

An investment in land or buildings, which is not intended to be occupied substantially for use by, or in the operation of, the Company, is classified as investment property. Investment properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprise purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the investment property to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Depreciation on investment property is calculated on a straight line basis based on the useful lives estimated by the management or that prescribed under the schedule XIV to the Act, whichever is higher. The Company has used depreciation rate of 1.39% - 3.45%.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

1.7 *Revenue recognition*

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of products is recognised on transfer of all significant risk and rewards of ownership of the products on to the customers, which is generally on dispatch of goods. Sales are stated exclusive of sales tax and net of trade and quantity discount.

Revenue from services is recognised as per the terms of the contract with the customer using the proportionate completion method.

Revenue from services represents service income other than from services which are incidental to sale of products and projects.

Income from fixed price construction contracts is recognised by reference to the estimated overall profitability of the contract under the percentage of completion method. Percentage of completion is determined as a proportion of the costs incurred upto the reporting date to the total estimated contract costs. Contract revenue earned in excess of billing has been reflected as "Project Excess Cost" under "Other current assets " and "Billing in excess" of contract revenue has been reflected under "Current Liabilities" in the balance sheet. Provision for expected loss is recognized immediately when it is probable that the total estimated contract costs will exceed total contract revenue.

Commission income is recognised when proof of shipment is received from the supplier.

Dividend income is recognised when the right to receive the dividend is established.

Interest income is recognised on the time proportion basis.

Export incentives receivable are accrued for when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection of export proceeds.

1.8 Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw materials are valued at the lower of cost and net realisable value. Cost is determined on the basis of the weighted average method.

Work-in-progress and finished goods are valued at the lower of cost and net realisable value. Excise duty is included in the value of finished goods inventory. Cost is determined on a weighted average basis.

The net realisable value of work-in-progress is determined with reference to the estimated selling price less estimated cost of completion and estimated costs necessary to make the sale of related finished goods. Raw materials held for the production of finished goods are not written down below cost except in case where material prices have declined and it is estimated that the cost of the finished product will exceed its net realisable value.

1.9 Leases

Where the Company is the lessee:

Leases where the lessor effectively retains substantially all the risk and benefits of ownership of the leased items are classified as operating leases. Lease payments under an operating lease, are recognised as an expense in the statement of profit and loss on a straight line basis over the lease term.

Where the Company is the lessor:

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

1.10 Employee benefits

(a) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and short term compensated absences, etc. and the expected cost of ex-gratia is recognised in the period in which the employee renders the related service.

(b) Post-employment benefits

(i) **Defined Contribution Plans:** The Company's approved superannuation scheme and employee state insurance scheme are defined contribution plans. The Company's contribution paid/payable under the schemes is recognised as expense in the statement of profit and loss during the period in which the employee renders the related service.

(ii) **Defined Benefit Plans and other Long Term Benefits:** The Company's provident fund, gratuity, pension and medical benefit schemes are defined benefit plans. Leave wages, silver jubilee and star awards are other long term benefits. The present value of the obligation under such defined benefit plans and other long term benefits are determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Notes to the financial statements (*Continued*) for the year ended 30 September 2012 (Currency: Indian rupees millions)

1.10 Employee benefits (*Continued*)

Provision for leave wages, pension, medical benefit, silver jubilee and star awards which is expected to be utilized within the next 12 months is treated as short term employee benefits and beyond 12 months as long term employee benefits. For the purpose of presentation, the allocation between short and long term provisions has been made as determined by an actuary.

Actuarial gains and losses are recognised immediately in the statement of profit and loss.

1.11 Foreign currency transactions

The Company is exposed to currency fluctuations on foreign currency transactions. Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions.

Exchange differences arising on foreign exchange transactions settled during the year are recognized in the statement of profit and loss of the year.

Translation

Monetary assets and liabilities in foreign currency, which are outstanding as at the year-end, are translated at the year-end at the closing exchange rate and the resultant exchange differences are recognized in the statement of profit and loss. Non monetary items are stated in the balance sheet using the exchange rate at the date of the transaction.

Derivative instruments

The Company's exposure to foreign currency fluctuations relates to foreign currency assets, liabilities and forecasted cash flows. The Company limits the effects of foreign exchange rate fluctuations by following established risk management policies including the use of derivatives. The Company enters into forward exchange contracts, where the counterparty is a bank.

As per Accounting Standard ('AS') 11 – 'The Effects of Changes in Foreign Exchange Rates', the premium or the discount on forward exchange contracts not relating to firm commitments or highly probable forecast transactions and not intended for trading or speculation purpose is amortized as expense or income over the life of the contract. All other derivatives, which are not covered by AS 11, are measured using the mark-to-market principle with the resulting gains / losses thereon being recorded in the statement of profit and loss.

Hedge Accounting

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to highly probable forecast transactions. The Company designates some of the new forward contracts in a cash flow hedging relationship by applying the hedge accounting principles.

These forward contracts are stated at fair value at each reporting date. Changes in the fair value of these forward contracts that are designated and effective as hedges of future cash flows are recognised directly in Cash Flow Hedge Reserve under Reserves and Surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in the statement of profit and loss.

Amounts accumulated in Cash Flow Hedge Reserve are reclassified to profit and loss in the same periods during which the forecasted transaction materialises.

1.11 Foreign currency transactions (Continued)

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. For forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in Hedging Reserve Account is retained there until the forecasted transaction occurs.

If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss recognised in Cash Flow Hedge Reserve is immediately transferred to the statement of profit and loss for the period.

1.12 Taxation

Income-tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with the income-tax law), deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the year) computed in accordance with the relevant provisions of the Income Tax Act, 1961. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the asset can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognised only if there is a virtual certainty supported by convincing evidence of realisation of the assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonable/virtually certain (as the case may be) to be realised.

1.13 Earnings per share

Basic and diluted earnings per share is computed by dividing the net profit attributable to equity shareholders for the year, by the weighted average number of equity shares outstanding during the year.

1.14 Provision

Provisions are recognized when the Company recognises it has a present obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

Disclosures for contingent liability are made when there is a possible or present obligation for which it is not probable that there will be an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no disclosure is made.

Loss contingencies arising from claims, litigation, assessment, fines, penalties, etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

Contingent assets are neither recognized nor disclosed in the financial statements.

1.15 Cash and Cash equivalents

Cash and cash equivalents include cash, cheques in hand, cash at bank and short term deposits with banks having maturity of three months or less.

Notes to the financial statements (*Continued*) for the year ended 30 September 2012 (Currency: Indian rupees millions)

1.16 Insurance claims

Amounts by way of insurance claims are recognised as assets when it is reasonably certain that the claim is receivable and is recorded as a reduction in the expense where the corresponding loss has been debited.

1.17 Operating cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Revised Schedule VI to the Companies Act, 1956. The Company has ascertained its operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.

2. Amalgamation

Amalgamation of Siemens VAI Metals Technologies Pvt. Ltd. (SVAI) and Morgan Construction Company India Pvt. Ltd. (Morgan)

Pursuant to the scheme of amalgamation ('the scheme') of SVAI and Morgan with the Company under sections 391 to 394 of "The Companies Act" sanctioned by the Honorable High Court of Bombay on 17 August 2012, the assets and liabilities of SVAI and Morgan were transferred to and vested in the Company with effect from 1 October 2011. Accordingly, the scheme has been given effect to in these accounts.

The operations of SVAI include providing Metallurgical Plant Building Technology catering services. Morgan is engaged in the business of design & engineering, equipment supply and supervision of erection & commissioning of wire rods and bar mills.

The amalgamation has been accounted for under the "pooling of interests" method as prescribed by AS-14 'Accounting for Amalgamations'. Accordingly, the accounting treatment has been given as under-

- i. The assets, liabilities, reserves and credit balance of profit and loss of SVAI and Morgan as at 1 October 2011 have been incorporated at their book values in the financial statements of the Company.
- ii. 890,600 equity shares of ₹ 100 each fully paid up of SVAI stands cancelled. Further, 1,986,705 equity shares of ₹ 10 each fully paid up of Morgan and investment in such shares held by SVAI also stands cancelled.
- iii. Consequent to this amalgamation and after considering the extinguishment of shares held in Morgan by SVAI, 11,738,108 ordinary shares of ₹ 2 each, aggregating to ₹ 23 million, of the Company are to be issued to the shareholders of SVAI. Pending allotment of the said equity shares, such amount of ₹ 23 million has been included in the share capital suspense account as at 30 September 2012. These shares have been subsequently allotted on 13 October 2012.
- iv. The excess of the book value of the investments held by SVAI in the equity share capital of Morgan over the face value of such share capital amounts to ₹ 270 million and the excess of share capital of SVAI over the amount credited by the Company to the share capital suspense account amounts to ₹ 66 million and accordingly the net amount of ₹ 204 million has been adjusted to the General Reserve of the Company. Further, ₹156 million and ₹ 549 million respectively being the credit balance of profit and loss of SVAI and Morgan as at 1 October 2011 has been incorporated in the balance of profit and loss of the Company.

Consequently, the financial statements for the year ended 30 September 2012 include the operations of SVAI and Morgan with effect from 1 October 2011 and included in the Industry segment.

	2012	2011
3 Share capital		
Authorised

Others	18,768	12,862
	<u>25,984</u>	<u>20,965</u>

Raw materials consumed includes costs incurred for manufacturing of finished goods which have been internally used for the project business.

34 Disclosure relating to Provisions

Provision for warranty

Warranty costs are provided based on a technical estimate of the costs required to be incurred for repairs, replacement, material cost, servicing and past experience in respect of warranty costs. It is expected that this expenditure will be incurred over the contractual warranty period.

Provision for liquidated damages

Liquidated damages are provided based on contractual terms when the delivery/ commissioning dates of an individual project have exceeded or are likely to exceed the delivery / commissioning dates as per the respective contracts. This expenditure is expected to be incurred over the respective contractual terms upto closure of the contract (including warranty period).

Provision for loss orders

A provision for expected loss on construction contracts is recognised when it is probable that the contract costs will exceed total contract revenue. For all other contracts loss order provisions are made when the unavoidable costs of meeting the obligation under the contract exceed the currently estimated economic benefits.

Other matters

The Company has made provisions for known contractual risks, litigation cases and pending assessments in respect of taxes, duties and other levies, the outflow of which would depend on the cessation of the respective events.

The movements in the above provisions are summarised below:

	Warranties		Liquidated damages		Loss orders		Other matters

38 (ii) Secondary segment information

	Revenue based on location of customers		Carrying amount of segment assets by location		Additions to tangible assets and intangible assets	
	2012	2011	2012	2011	2012	2011
Within India	111,102	93,792	93,956	84,961	4,407	4,452
Outside India	18,097	26,497	12,491	16,772	-	-
Total	129,199	120,289	106,447	101,733	4,407	4,452

(iii) Other disclosures :

- Inter-segment prices are normally negotiated amongst the segments with reference to the costs, market price and business risks.
- Profits / losses on inter segment transfers are eliminated at the Company level.
- During the year, there has been a re-organisation of the Business segments. Figures for the year ended 30 September 2011 have been regrouped to make them comparable.

(iv) Segment information :

The primary and secondary reportable segments are business segments and geographical segments respectively.

Business Segments: The business of the Company is divided into four segments. These segments are the basis for management control and hence, form the basis for reporting. The business of each segment comprises of :

- **Infrastructure and Cities** :- Provides Electrical Installation Technologies, i.e. Products for Building, e.g. Miniature Circuit breakers, Distribution boards, Residual Current Circuit Breakers etc. It also provides solutions for rail automation, railway electrification, light and heavy rail, locomotives, trains, turnkey projects and integrated services. Also provides solutions for the automation of power grids to products like medium-voltage switchgear and components.
- **Industry** :- Provides complete range of automation products & systems, industrial automation systems & low-voltage switchgears, complete range of large and standard drives and motors, special purpose motors, process and motion control systems. Also undertakes turnkey projects in the industrial and infrastructure sectors over the entire life cycle including concept, engineering, procurement, supplies, installation, commissioning and after sales services.
- **Energy** :- Offers highly efficient products and solutions for power generation based on fossil fuels. It ranges from individual gas and steam turbines and generators, to turnkey power plants. Also offers customer products and solutions used for extraction, conversion and transport of oil and gas. Also provides solutions for power generation and distribution including products and solutions in the high-voltage field – such as High Voltage Direct Current (HVDC) transmission systems, substations, switchgear and transformers.
- **Healthcare** :- Provides diagnostic, therapeutic and life-saving products in computer tomography (CT), magnetic resonance imaging (MRI), ultrasonography, nuclear medicine, digital angiography, patient monitoring systems, digital radiography systems, radiology networking systems, lithotripsy and linear accelerators.

Geographical Segments: The business is organised in two geographical segments i.e. within India and outside India.

39 Disclosure pursuant to Accounting Standard - 15 'Employee Benefits' (Continued) :

- b) The fund formed by the Company manages the investments of the Gratuity Fund. Expected rate of return on investments is determined based on the assessment made by the Company at the beginning of the year on the return expected on its existing portfolio, along with the estimated incremental investments to be made during the year. Yield on portfolio is calculated based on a suitable mark-up over the benchmark Government securities of similar maturities. The Company expects to contribute ₹ 100 to gratuity fund in 2012-13.
- c) The estimates of future salary increases, considered in actuarial valuation, take in to account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- d) The Company has contributed ₹ 396 (2011: ₹ 284) towards provident fund during the year ended 30 September 2012. The Guidance on Implementing AS 15, Employee Benefits (Revised 2005) issued by Accounting Standard Board (ASB) states that benefits involving employer established provident funds, which require interest shortfalls to be recompensed are to be considered as defined benefit plans. The Actuary Society of India has issued the final guidance for measurement of provident fund liabilities on 1 April 2011. The Actuary has accordingly provided a valuation and based on the assumptions provided below there is no shortfall as at 30 September 2012 and 2011 respectively.

The details of the fund and plan asset position as at 30 September are as follows:

	As at 30 September	
	2012	2011
Present value of benefit obligation at year end	5,549	4,490
Fair value of plan assets at year end	5,654	4,577
Shortfall	-	-

Assumptions used in determining the present value obligation of the interest rate guarantee under the Deterministic Approach:

	As at 30 September	
	2012	2011
Government of India securities (GOI) bond yield	8.60%	8.50%
Remaining term of maturity (in years)	10.23	14.57
Expected guaranteed interest rate	8.60%	8.60%

(iii) General descriptions of significant defined plans

I Gratuity Plan

Gratuity is payable to all eligible employees of the Company on superannuation, death and permanent disablement, in terms of the provisions of the Payment of Gratuity Act, 1972 or as per the Company's Scheme whichever is more beneficial.

II Medical

Post-Retirement Medical Benefit is paid to eligible employees in case of survival upto the retirement age and after death, benefits are available to the employee's spouse. The Company reimburses the employees for expenses incurred over and above the claim accepted by the insurance company. The Company pays 80% of difference between liability incurred by employee and claim received from insurance company subject to ceiling based on the grade of employees.

Notes to the financial statements (*Continued*) for the year ended 30 September 2012 (Currency: Indian rupees millions)

40 Derivative Instruments (*Continued*)

The forward contracts have been converted in Indian rupees, at the spot rates, as at 30 September 2012 to facilitate reading purposes only.

The Company has a policy of hedging its foreign currency exposure on a net basis. Accordingly, unhedged balances of receivables and payables are disclosed on a net basis.

* Denotes figures less than a million

c) Commodity Contracts

The Company uses Commodity Future Contracts to hedge against fluctuation in commodity prices. The following are outstanding future contracts entered into by the Company as on 30 September 2012.

Year	Commodity	Number of Contracts	Contractual Quantity	Buy /Sell
2012	Copper	3,353	3,353,000 Kgs	Buy
	Silver	136	4,080 Kgs	Buy
2011	Copper	2,924	2,924,000 Kgs	Buy
	Nickel	34	8,500 Kgs	Buy
	Silver	180	5,400 Kgs	Buy

Note: Each contract of copper is of 1,000 kg, silver is of 30 kg and nickel is of 250 kg.

41 Earnings per share:

	2012	2011
Profit after tax (Net profit attributable to Equity shareholders)	3,432	8,454
Shares :-		
Weighted average number of Equity shares outstanding during the year		
Number of equity shares outstanding	340,295,025	338,800,550
Number of equity shares in share capital suspense account (Refer note 2)	11,738,108	-
Total number of shares	352,033,133	338,800,550
Earnings per share (Basic and diluted)	9.75	24.95

42 Micro and Small Enterprises Development Act, 2006 ('MSMED')

The Company has amounts due to suppliers under MSMED as at 30 September 2012. The disclosure pursuant to the said Act is as under:

	2012	2011
Principal amount due to suppliers under MSMED Act	1,340	589
Interest accrued and due to suppliers under Section 16 of MSMED Act, 2006 on the above amount, unpaid	41	3
Payment made to suppliers (other than interest) beyond the appointed day during the year	2,550	2,926
Interest paid to suppliers under the MSMED Act	-	-
Interest due and payable towards suppliers under MSMED Act towards payments already made	272	211
Interest accrued and remaining unpaid at the end of the accounting year	323	214

The information has been given in respect of such vendors to the extent they could be identified as 'micro and small enterprises' on the basis of information available with the Company.

43 Other Costs, net

Miscellaneous expenses as disclosed in Note 26 includes ₹ Nil (2011: ₹ 451) in respect of provisions created for sales tax matters of earlier years.

44 Exceptional item

The Company has incurred an amount of ₹ 1,330 as at 30 September 2012 on acquisition of land, construction of buildings and other expenditure for setting up a manufacturing facility for the wind energy business included in Energy segment. The Company has estimated an additional expenditure of ₹ 823 towards completing the construction work, which is in progress. In view of the current business scenario, the Board of Directors reviewed the plan for the wind energy business and decided to use these assets for alternate purposes. Based on evaluation of various options, the Company has recognized an impairment loss of ₹ 1,032 and other consequential provisions of ₹ 168, aggregating ₹ 1,200 which is reflected as an "exceptional item" in the statement of profit and loss. The recoverable amount for ascertaining the impairment loss was based on the market value of land and realisable value of buildings based on alternative use as determined by an independent valuation.

45 Prior period items

In accordance with the practice consistently followed and pursuant to significant developments in certain projects, the Company revises estimated revenue, costs and project related provisions. During the course of the year, the Company has identified certain updates relating to the prior year. The total of such updates are debited to the statement of profit and loss and impact the current year's profit before tax by ₹ 799 (2011: ₹ Nil). Details are as under:

Decrease in revenue from construction contracts	572
Increase in 'other costs' under the head project bought outs and other direct costs	227
Net decrease in profits for the year	799

46 Proposed Amalgamations

(i) The Board of Directors approved the amalgamation of Siemens Power Engineering Pvt. Ltd., Gurgaon (SPEL - a 100% subsidiary of Siemens AG) with the Company on 31 January 2012. The amalgamation scheme was filed with the Honourable High Courts of Bombay and Punjab & Haryana on 20 February 2012 and 22 March 2012 respectively. In terms of the scheme, the appointed date is 01 October 2011 and the share swap ratio will be 6 equity shares of the face value of ₹ 2 each fully paid-up of the Company for every 13 equity shares of the face value of ₹ 10 fully paid-up of SPEL. The Shareholders of the Company approved the amalgamation in their meeting held on 11 April 2012. The Honourable High Court of Bombay has approved the Scheme of amalgamation on 2 November 2012 but awaiting the Order from the Honourable High Court of Punjab & Haryana.

Pending approval of the aforesaid High Courts, no effects of the above mentioned proposed amalgamation have been recognised in these financial statements.

(ii) The Board of Directors approved the amalgamation of Winergy Drive Systems India Pvt. Ltd. (Winergy) with the Company on 10 August 2012. The amalgamation scheme was filed with the Honourable High Courts of Bombay and Madras on 28 August 2012 and 4 September 2012 respectively. In terms of the scheme, the appointed date is 1 October 2012 and the share swap ratio will be 1 equity shares of the face value of ₹ 2 each fully paid-up of the Company for every 72 equity shares of the face value of ₹ 10 fully paid-up of Winergy.

Notes to the financial statements (*Continued*) for the year ended 30 September 2012 (Currency: Indian rupees millions)

47 Prior year comparatives

Pursuant to the amalgamation of SVAI and Morgan (Refer note 2) , the figures of the current year are not strictly comparable to those of the previous year. Previous year's figures have been regrouped / reclassified wherever necessary, to conform to current year's classification.

Dear Member(s),

Sub.: Green Initiative in Corporate Governance - Electronic Mode of service of documents

The Ministry of Corporate Affairs (MCA) has, vide its Circular No. 17/2011 dated 21.04.2011 and Circular No. 18/2011 dated 29.04.2011, allowed companies to serve all notices and correspondences to shareholders including Annual Reports i.e., Audited Financial Statements, Directors' Report, Auditors' Report, etc., through electronic mode (e-mail). The initiative taken by the MCA is a welcome move for the Society at large, as this will reduce paper consumption to a great extent, ensure prompt receipt of communication and avoid loss of document in postal transit. Keeping in view of the theme underlying the Circulars issued by MCA, we propose to henceforth send documents like notices, intimation under Section 302 of the Companies Act, 1956, Annual Reports, Financial Results, etc., to our shareholders through electronic mode.

We are sure that you will whole-heartedly support this initiative for a greener environment and co-operate with the Company to make it a success. We therefore request you to fill up the Information Slip below for registering your e-mail ID and send it to our Registrar & Share Transfer Agent (RTA), TSR Darashaw Ltd. You can also send us an e-mail from your e-mail ID to Corporate-Secretariat.in@siemens.com / csg-green@tsrdarashaw.com for receiving the aforesaid documents in electronic form and mentioning therein your Folio No. / DP ID / Client ID as the case may be. On receipt of the Information Slip or an e-mail from you for registering your e-mail ID, we shall send such documents in electronic form to the said e-mail ID in future.

Please note that the Information Slip should be signed by the first / sole-holder as per the specimen signature recorded with the RTA. If you do not register your e-mail ID, a physical copy of the Annual Report and other communication / documents will be sent to you free of cost, as per the current practice. These documents will also be available on the Company's website www.siemens.co.in for your ready reference under the Investors' Relations Section.

Let's be part of this 'Green Initiative'

Thanking You,
Yours faithfully,

For **Siemens Ltd.**
