### **Siemens Industry Software inaugurates Global Software R&D Center in Pune**

- **Center will focus on complete product development and delivery based on Production Lifecycle Management software**

**Siemens Industry Software India Pvt. Ltd. (SISW)**, 100% subsidiary of Siemens product lifecycle management (PLM) Software (USA), announced the inauguration of its state-of-the-art Siemens PLM Software Global R&D Center in Baner, Pune. The center will act as the Asia-Pacific infrastructure hub focused on cutting-edge software product development.

Mr. Chuck Grindstaff, CEO & President of Siemens PLM Software, said, “Siemens is committed to leverage the enormous talent pool available in India for software development in our new and emerging business areas. I am excited to see an enhanced Siemens R&D footprint in India, providing further evidence of our commitment to support the Government of India’s ‘Make in India’ initiative.”

“Siemens’ new R&D Center provides an opportunity to experience a global collaborative environment for engineering software product development. This center is unique because it has the energy of a startup backed with global opportunities of Siemens”, said Mr. Nikhil Kelkar, GM, Siemens PLM Software Global R&D Center, Pune.
