STAY AHEAD STAY RELEVANT

START, SCALE & SUSTAIN
your transformation journey at
Industrial Transformation ASIA-PACIFIC -
a HANNOVER MESSE event

- A strategic platform for manufacturers, technology providers and thought leaders to exchange ideas and best practices, build new networks and catalyse opportunities for innovation
- The platform will enable companies to discover leading edge technologies, concepts and trends in areas such as Industry 4.0, advanced manufacturing, smart supply chain management and talent development
- Offering solutions for a broad range of industrial sectors, including aerospace, automotive, pharmaceutical and biotechnology, food and beverage, chemicals, FMCG, electronics, oil and gas amongst others

WHAT YOU CAN EXPECT

5
exhibition
categories

350
solution providers
from **30** countries

18,000
industry professionals
from 60 countries

over **150**
guided tours

8
national
pavilions

12
targeted
industry sectors

unique
learning
journey

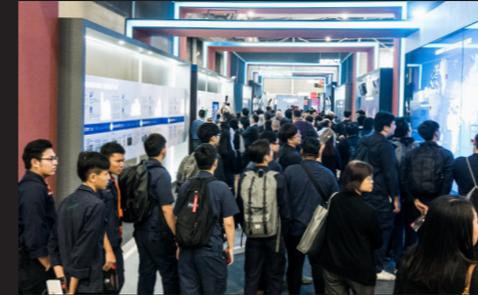

A MUST ATTEND REGIONAL EVENT FOR ALL

Key Highlights

LEARNING JOURNEY

Gateway to I4.0 showcase; specially curated to enhance learning

SANDBOX

Interactive presentations and case studies

CONFERENCE & WORKSHOPS

Targeted content for leaders and practitioners

GUIDED TOURS

Industry specific; customised for your needs

COLLABORATION LAB

Partnering for cost effective solutions

LEARNING LAB

Live showcases and demonstrations of solutions

Learn how to adopt I4.0 solutions via a step-by-step approach

Understand future trends to stay competitive

Attend curated programmes customised for SMEs

Network with industry peers to gain new insights

Find partners to co-develop and deploy customised solutions

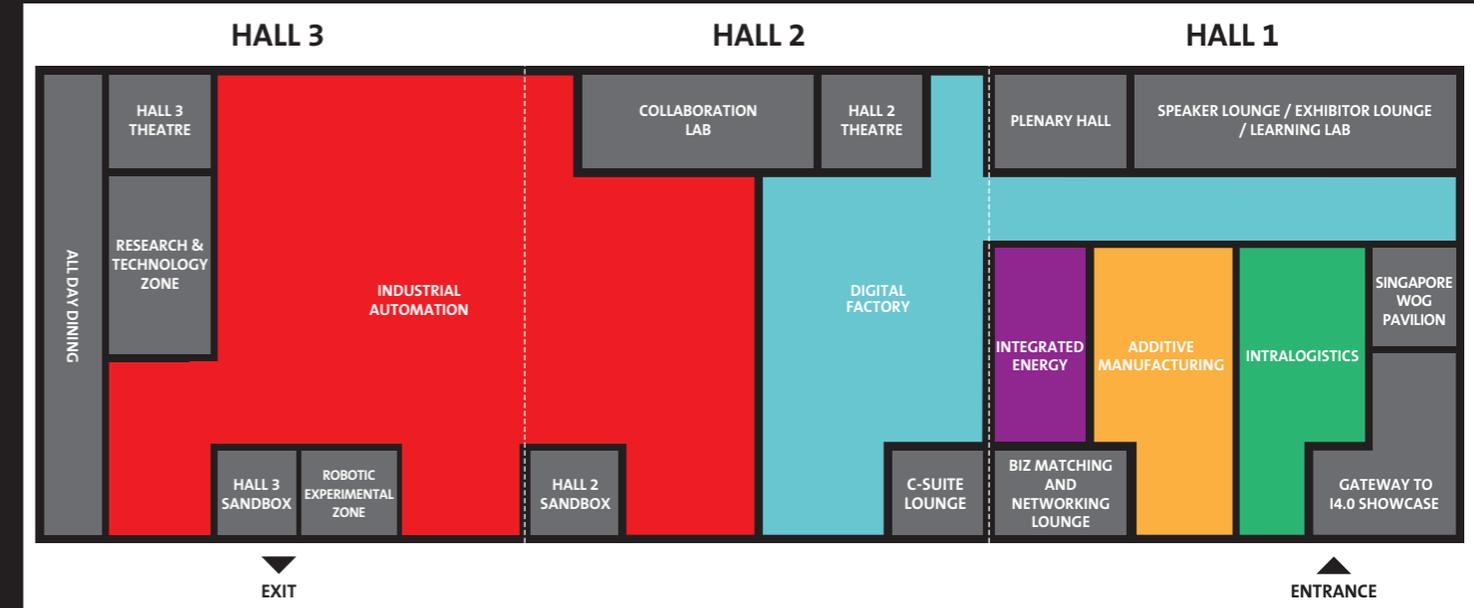

Drive change, progress and transformation for your business

Industrial Transformation ASIA-PACIFIC 2019 Exhibition			
Opening Ceremony	Global Additive Manufacturing Summit	Standards Forum & Master Classes	Future of Manufacturing (FoM) Workshops
Reception & VIP Tour of Exhibition			
Future of Manufacturing (FoM) CXO Summit	Global Additive Manufacturing Summit	Future of Manufacturing (FoM) Workshops	Technical Tours
Future of Manufacturing (FoM) Workshops			
Business Networking Receptions			

The programme is subject to change

EXHIBITION FLOOR PLAN

The floor plan is correct as at printing date

Future of Manufacturing (FoM) CXO Summit

A thought-leadership platform co-organised with A*STAR. The summit is designed to catalyse thinking, facilitate high-level networking, enable the exchange of strategic insights and encourage adoption of Industry 4.0 technologies and solutions amongst governments and manufacturers

Future of Manufacturing (FoM) Workshops

The workshops offer a deep dive into the practical application of Industry 4.0 across various industrial sectors

Global Additive Manufacturing Summit

Organised by the National Additive Manufacturing Innovation Cluster (NAMIC) and hosted by NTUitive, the summit focuses on the importance of material innovation in enabling the mass adoption of 3D printing

Standards Forum & Master Classes

Organised by Enterprise Singapore (ESG) and the Singapore Standards Council, the forum addresses the challenges faced by enterprises in adopting Industry 4.0 and offers case studies for learning
