Exclusive SUS offer, valid until 2021/08/31

TIA Portal V17 Grace Period Offer

SUS Download grace period offer – Valid until 2021/08/31

We want to make it as easy as possible for our **TIA Portal V16 customers** to switch to TIA Portal V17 as well as keeping their engineering software up to date.

That is why we are offering an attractive SUS grace period offer for these TIA Portal products as download for a limited time:

- The offer is valid for **about 12 weeks after delivery release of TIA Portal V17 (2021/05/28)**
- The SUS grace period offer is available to all customers who order one of the listed SUS download products after delivery release of TIA Portal V17
- The offer is **only valid for the delivery type SUS download**
- You will receive a **new SUS initial delivery** (CoC, Certificate of Contract) and within 1 – 3 business days an **additional free SUS delivery** with the V17 upgrade as download

SIEMENS

How software maintenance contracts help you to always be up-to-date and also save money

Why choose Software Update Service (SUS)?

Up-to-date software is an essential precondition for efficient work and reliable results. That's why Siemens software is continually updated and improved.

- **Always up-to-date:** Based on the latest software version, a SUS ensures automatic shipments after the availability of the software (version, service pack)
- **Three forms of delivery** to choose from:
SUS Download, SUS Package and SUS Compact
- **SUS Download** is usually the most cost effective^{*)} and fastest way in receiving automation software

	Fast Available immediately at the release date
	Transparent Full overview of all licenses and contracts
	Predictable costs Fixed annual fee at favorable conditions

^{*)} New „Package Deliveries“ are typically ~10% more expensive than Download.

SUS – types of delivery

What is the scope of delivery? Example with 3 contracts!

TIA Portal V17 Grace Period Offer

FAQs

Q: What does the grace period offer? What needs to be ordered?

A: The SUS download product related to the licensed TIA Portal base product.
Thus the email address of the recipient is required!

Q: How is the order placed?

A: Like every other product via standard channels, e.g. Siemens contact, online mall, distributor, ...

Q: What's the price for the grace period offer?

A: The grace period offer (only SUS as download) costs ~20% versus new.

Q: After the grace period, what's the price for staying current?

A: Without grace period offer an upgrade is required which costs ~40% versus new.
With an additional SUS this totals to ~60% versus new.

Q: After the order. What's going to be delivered?

A: The delivery of the SUS download product is executed in multiple steps:

1. After Siemens' legal check one email with the new first delivery with the contract called CoC (Certificate of Contract) is received .
2. Within 1-3 business days follows an email with the real SUS delivery with the download link for the upgrade. This is only possible after delivery release.
3. While the SUS contract is active successor releases lead to further SUS deliveries via email.
