CLEVR excels in integrating low-code, PLM & MOM technologies, coupled with customized business process optimization, to provide personalized, efficient, and innovative solutions tailored to your digital transformation needs.

WHAT WE DO

WE DELIVER DIGITAL TRANSFORMATION AT SCALE

DIGITALIZATION

CLEVR enables digitalization with agile, Mendix-powered solutions, addressing market needs and boosting business value. Mendix acts as a connector between Siemens' portfolio and the wider software ecosystem (SAP, IBM, Salesforce), ensuring smooth integration.

WHY CLEVR

CLEVR IS AN END-TO-END TECHNOLOGY & SOLUTIONS PROVIDER

End-to-End Value

We handle the complete service lifecycle, offering end-to-end value and promoting your business's growth efficiently.

Innovative At Its Core

We disrupt the norm, embrace new technologies, and constantly redefine standards. Our drive for innovation shapes the future.

PLM, MOM & LOW-CODE EXPERTISE

Leveraging expertise in PLM, MOM, and Low-Code, we streamline processes to drive operational efficiency and innovation.

Thought Leadership

We're not just industry participants, but leaders, consistently pioneering trends and driving innovation. Our insights shape and inspire the industry.

First Class Support

We provide unmatched support for your satisfaction, prioritizing your needs with timely and effective solutions.

High Customer Satisfaction

Our decisions are customer-focused, aiming to add value and build relationships. Our dedication to your satisfaction distinguishes us as a reliable partner.
