Siemens Financial Services (SFS) provides business-to-business financial solutions. Aligning with the growth fields of electrification, automation and digitalization, we provide leasing and equipment solutions, project and structured finance solutions, and corporate finance solutions. We serve as an expert advisor for financial risks within Siemens. Our financial and industry know-how creates customer value and enhances customer competitiveness while building trust in new technologies and facilitating corporate growth.

Customer Examples

**Industry Finance**

**AK Steel, Asset-Based Lending**
Premier North American steel manufacturer sought to acquire Severstal’s operations. SFS committed USD$100 million in a Multi-Lender Asset-Based Revolver to help AK Steel facilitate the acquisition and increase shipment capabilities by over 40%.

**Carpinteria Valley Water District, Tax-Exempt Financing**
Energy-efficient solutions were Carpinteria’s priority. Financing from SFS – with performance guarantees from Siemens technology – enabled the district to increase efficiency of their facilities and positively impact the community.

**Energy Finance**

**Hickory Run, Equity Investment**
Hickory Run Energy Center is a 1,000 MW natural gas power plant in Pennsylvania with Siemens’ H-class technology and remote monitoring and diagnostics service. SFS made a 20% equity investment in the project, which provides power to over one million households.

**Signature Healthcare, Debt Financing**
SFS helped Signature make critical upgrades to its primary hospital campus by refinancing existing bonds at a lower rate through a 10-year debt package totaling USD$50 million. With these savings, the upgrades were implemented and the hospital gained more financial flexibility.

**Infrastructure Finance**

**Europe, Africa, Middle East, CIS**
14.7 (Total assets, in billions of USD$)

**North and South America**
14.2 (Total assets, in billions of USD$)

**Asia, Australia**
3.2 (Total assets, in billions of USD$)
